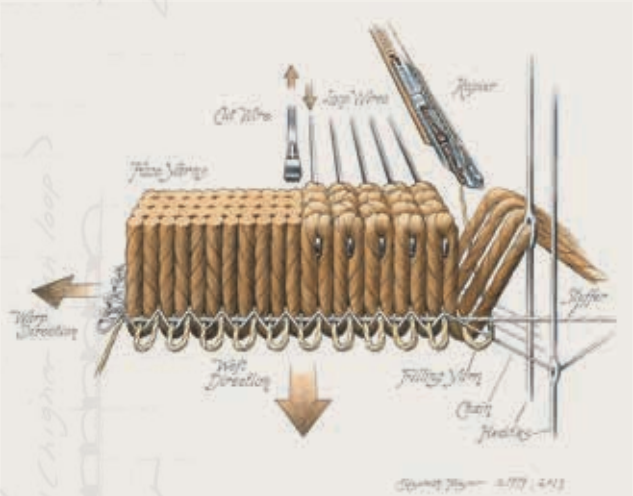
Woven Broadloom Installation, color 989

SIMPLY TAILORED

Simply Tailored by Mohawk Group and renowned designer Lauren Rottet integrates timeless woven craftsmanship with industrial production techniques to create cutting-edge style. The broadloom woven collection is inspired by well-tailored, one-of-a-kind business attire. It offers a stylish mix of classic and modern patterns.

Lauren Rottet is one of the most celebrated interior architects today with an extraordinary record of awards, publications, lectures, juries and honors.



LUXURY WOVENS

The structural and environmental strengths of woven deliver life-cycles three times greater than typical products. The art of weaving also allows for a face construction that is denser, resulting in a carpet that retains its original appearance over time. When it comes to the time-honored craft of weaving, nothing compares to Karastan for its beauty, quality and endurance.

SIMPLY TAILOR YOUR SPACE

Customize your Karastan Woven to match your style. With a low 250-yard minimum, you can design your style, base color and accent.

Mohawk Group

Reroot Collection

For design rooted in natural refinement, Mohawk Group introduces the Reroot Collection. Reroot is a curated selection of commercial hardwood flooring rich with unique character. Each style of hardwood lends the look and feel of relaxed luxury while offering reliable performance for light commercial traffic.

Reroot engineered hardwoods are offered in three distinctive, timeless styles to enhance any commercial interior.

Reclaimed Revival

Antique oak character in an impressive 7.5″ x 72″ engineered format featuring our Uniclic® Multi-Fit Locking System for quick installation and immediate move-in. The wire brushed texture adds character and sophistication.

City Feel

A redefined oak offering a modern 7″ wide plank. Colors are complemented with a low luster, while a wire brushed texture accentuates the wood's linear grain pattern.

Collector's Edition

The rustic elegance of a soft-scraped surface offered in traditional colors and a versatile 5″ width. Textural movement across the engineered oak and maple planks disguises wear and imparts a beautiful handcrafted look.

- Engineered commercial hardwood featuring durable Enhanced Urethane Finish with Aluminum Oxide
- Glue, nail and floating installation approved for all grade levels
- Sophisticated colors and luxurious textural details provide visual interest and disguise wear
- Complete range of moldings and transitions available to coordinate with all styles
- Designed to accentuate a variety of Mohawk Group carpet and rug collections

WOVEN

Brand	**Karastan**
Style Name / Number	**Well-Dressed / KC226**
Construction	Woven
Surface Appearance	Level Patterned Loop
Pitch	216 (315 ends per meter)
Woven Weight	28 oz/yd^2 (949 g/m^2)
Dye Method	Solution Dyed
Fiber Type	duracolor® Premium Nylon
Stain Release Technology	Permanent, Built into the Fiber
Soil Release Technology	Sentry Soil Protection
Indoor Air Quality	Green Label Plus Certified # 3802
NSF 140	Gold
Width	12' width (3.66m)
Pattern Repeat	6" (W) x 7.25" (L)
Flammability	ASTM E 648 Class 1 (Glue Down)
Smoke Density	ASTM E 662 Less than 450
Static Propensity	AATCC-134 Under 3.5 KV

Warranties: Lifetime Limited Wear Warranty, Lifetime Limited Duracolor Stain Warranty, Lifetime Static

Mohawk Group

Mohawk Industries, Inc. warrants its adhesives for the life of the original installation only when a Mohawk Industries style (product) is installed. Mohawk's floor preparation procedures must be followed to ensure that the substrate has been prepared properly. Failure to use Mohawk Industries adhesives or to follow Mohawk's floor preparation procedures will void all lifetime adhesive warranties. Please contact your local Sales Representative for installation guidelines.

These patterns contain inherent characteristics which may result in pattern run off and/or pattern appearance variations at the seams or tile edges (darker or lighter pattern lines). These characteristics are inherent in the patterns and are not manufacturing defects. Consideration to these characteristics should be given when selecting an installation method.

Chair pads are recommended under office chairs with roller casters to preserve appearance retention, act as a deterrent toward delamination and to prevent premature or accelerated wear. Walk-off tiles from the Tuff Stuff II Collection are recommended at entryways to reduce soiling.

Duracolor by Mohawk Stain Resistant System passes GSA requirements for permanent stain resistance. Under GSA requirements stain resistant carpets must score no less than 8.0 (10.0 is best) on the AATCC Red 40 Stain Scale. Carpet samples must first be exposed to 100 revolutions of the Taber abrader (1,000-gram weight per H-18 wheel) and then the abraded area must be stain tested using AATCC tested using AATCC test method 175.

Mohawk Group is providing this architect folder for the purpose of promoting our commercial business. This folder and its samples shall remain the property of Mohawk Group. Color may vary from dye lot to dye lot. Substitution of material may be made due to improved technology, supply limitations or other factors. The performance of this product is not affected by such variations.

KARASTAN PALETTES

The key to effortless design is at your fingertips with Karastan Palettes: three innovative color groupings that allow you to link every Karastan flooring selection into a wealth of complementary products. A neutral tone directs each palette, for versatile flooring combinations that will enrich and ground any design. Explore grey hues in the Timeless Today palette, beige in Tradition Reinvented or taupe in Sophistication Now. Refinement made effortless. Possibilities, endless.

Timeless Today

A collection of polished greys,
from silvery mist to black smoke.

Tradition Reinvented

A collage of beiges cool and rich—white oak to charred mahogany.

Sophistication Now

Taupes composed from raw silk to aged driftwood.
