

Textorial

Carded Plied

Textorial

Textorial is a distinctive carpet tile collection that imparts luxury to commercial spaces. Crafted from solution dyed nylon, Textorial boasts an authentic wool-like look and feel, combining the natural beauty of wool with the high-performance benefits of Mohawk Group's innovative nylon yarns.

Inspired by the transformation of raw wool into fiber, Textorial features two styles—Carded and Plied—that honor the various stages of wool fiber production, evoking a deep sense of tactility and sensory appeal. With its plush textures and ounce weights, Textorial creates cozy spaces that invite emotional connections and creature comforts. Made with Mohawk Group's Duracolor® fiber and EcoFlex® ONE backing, Textorial offers outstanding performance and durability.

Carded Colorways

The inspiration for Carded starts with “carding”, where wool fibers are untangled and aligned in one direction, preparing it to be spun into a wool yarn for textiles. The subtle cross-hatching in the Carded style references this process, showing layers of warmth as it forms a gentle, open structure across the floor. This wool-looking texture has been recreated in Mohawk Group’s Duracolor® solution dyed fiber for high performance.

Plied Colorways

The inspiration for Plied starts with “plying”, where two or more single strands of fiber get twisted together to create a stronger yarn. The Plied style builds a comforting sense of linear movement, softened by nubby, organic dimension. This wool-looking texture has been recreated in Mohawk Group’s Duracolor® solution dyed fiber for high performance.

EcoFlex® ONE

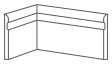
ALL-IN-ONE FLOORING SOLUTION

Every element in the EcoFlex® ONE construction has purpose, and combined they form the industry's leading modular carpet solution. The hydrophobic PET cushion, backing layers, and Duracolor® Tricor fiber are engineered with your end-goals in mind: to optimize your investment, be sustainably made, and provide a better occupant experience.

KEY FEATURES

- Better Acoustics
- Enhanced Comfort
- Worry-Free Installation
- Simplified Maintenance
- NSF 140 Platinum
- Carbon Neutral +5%
- Limited Lifetime Warranty

EcoFlex® ONE is a unified solution to the wide range of needs in your spaces. This advanced backing system improves every aspect of comfort and acoustics while eliminating moisture testing—all with a lighter environmental footprint that is carbon neutral plus an additional 5% handprint. Tested and proven, EcoFlex® ONE is the holistic solution for human-centric environments.



Elemental Edges
Wall Base

Elemental Edges is a portfolio of architectural and cove wall base for your finishing needs. Featuring a range of colors that coordinate with our full product line, Elemental Edges also offers 14 Quickship colors in cove wall base.

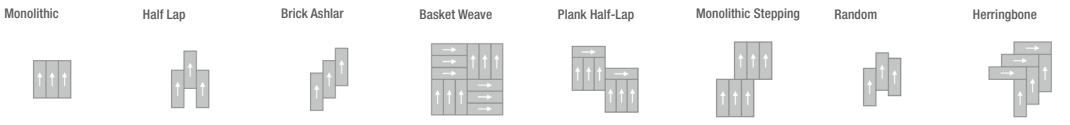
SERVICE

Warranties	Lifetime Limited Carpet Tile Warranty Lifetime Limited Duracolor® Stain Warranty Lifetime Static

Installation Instructions:



Mohawk Group warrants its adhesives for the life of the original installation only when a Mohawk Group style (product) is installed. Mohawk's floor preparation procedures must be followed to ensure that the substrate has been prepared properly. The use of Mohawk branded adhesives is required to ensure optimum results and are the only approved adhesives warranted by Mohawk. Please contact your local Sales Representative for installation guidelines.

These patterns contain inherent characteristics which may result in pattern run off and/or pattern appearance variations at the seams or tile edges (darker or lighter pattern lines). These characteristics are inherent in the patterns and are not manufacturing defects. Consideration to these characteristics should be given when selecting an installation method.

Chair pads are recommended under office chairs with roller casters to preserve appearance retention, act as a deterrent toward delamination and to prevent premature or accelerated wear. Walk-off tiles from the Tuff Stuff II Collection are recommended at entryways to reduce soiling.

Mohawk Group is providing this architect folder for the purpose of promoting our commercial business. This folder and its samples shall remain the property of Mohawk Group. Color may vary from dye lot to dye lot. Substitution of material may be made due to improved technology, supply limitations or other factors. The performance of this product is not affected by such variations.
