

Flynn Student Loft Bed

***Assembly Instruction is located in box Q**

***Hardware is located in boxes Q, 80B, D, & N@ the end of a red ribbon**

LOCATE ALL HARDWARE BEFORE DISCARDING ANY BOXES.

Action 1:

Open Boxes M, N, and Q
Follow Steps 1-4

Action 2:

Open Boxes C, D, and Q
Follow steps 5-14 or 6A -8A & 9-14

for optional twin caster bed – see box 2184-330 white

for optional full caster bed – see box 2311-330 gray

FLYNN STUDENT LOFT BED

SAFETY WARNINGS

SAFETY FIRST!

All Bunkbeds were designed and manufactured with **your child's safety as our top priority.**

Their unparalleled strength is a bi-product of the safety design. Our bunks meet all compliance with ASTM F 1427-13 "Standard Consumer Safety Specification for Bunk Beds" and Code of Federal Regulations (CFR) 1213 "Safety Standards for Entrapment Hazards in Bunk Beds" and (CFR)1513 "Requirements for Bunks Bed".

Safety is a cooperative effort between us as the manufacturer, and you as a guardian. **Please read and consider the warnings listed on this page** when choosing a mattress and discussing rules of use with your child.

1. Follow the information on the warnings appearing on the upper Bunk end structure and on the carton. Do not remove warning label from bed.
2. Always use the recommended size mattress or mattress support, or both, to help prevent entrapment or falls.
3. Surface of mattress must be at least 5 inches (127mm) below the upper edge of guardrails.
4. Do not allow children under 6 years of age to use the upper Bunk.
5. Prohibit more than one person on the upper Bunk.
6. Periodically, check and ensure that the guardrail, ladder, and other components are in their proper position, free from damage, and that all connectors are tight.
7. Do not allow horseplay on or under the bed and prohibit jumping on the bed.
8. Always use the ladder for entering and leaving the upper Bunk.
9. Do not use substitute parts. Contact the manufacturer or dealer for replacement parts.
10. Use of a nightlight may provide added safety precaution for a child using the upper Bunk.
11. Always use guardrails on both long sides of the upper Bunk. If bunk bed will be placed next to the wall, the guardrail that runs the full length of the bed should be placed against the wall to prevent entrapment between the bed and wall.
12. The use of water or sleep flotation mattresses is prohibited.
13. **Keep these instructions for future reference.**

STRANGULATION HAZARD

Never attach or hang items to any part of the bunk bed that are not designed for use with the bed; including, but not limited to, hooks, belts and jump ropes.

SIZE OF MATTRESS AND FOUNDATION

Use only mattress which is 74 - 75 inches long and 37½ - 38 ½ inches wide on upper Bunk. Ensure thickness of mattress does not exceed 8 inches and the mattress is at least 5 inches below upper edge of guardrails.

FLYNN STUDENT LOFT BED

INTRODUCTION

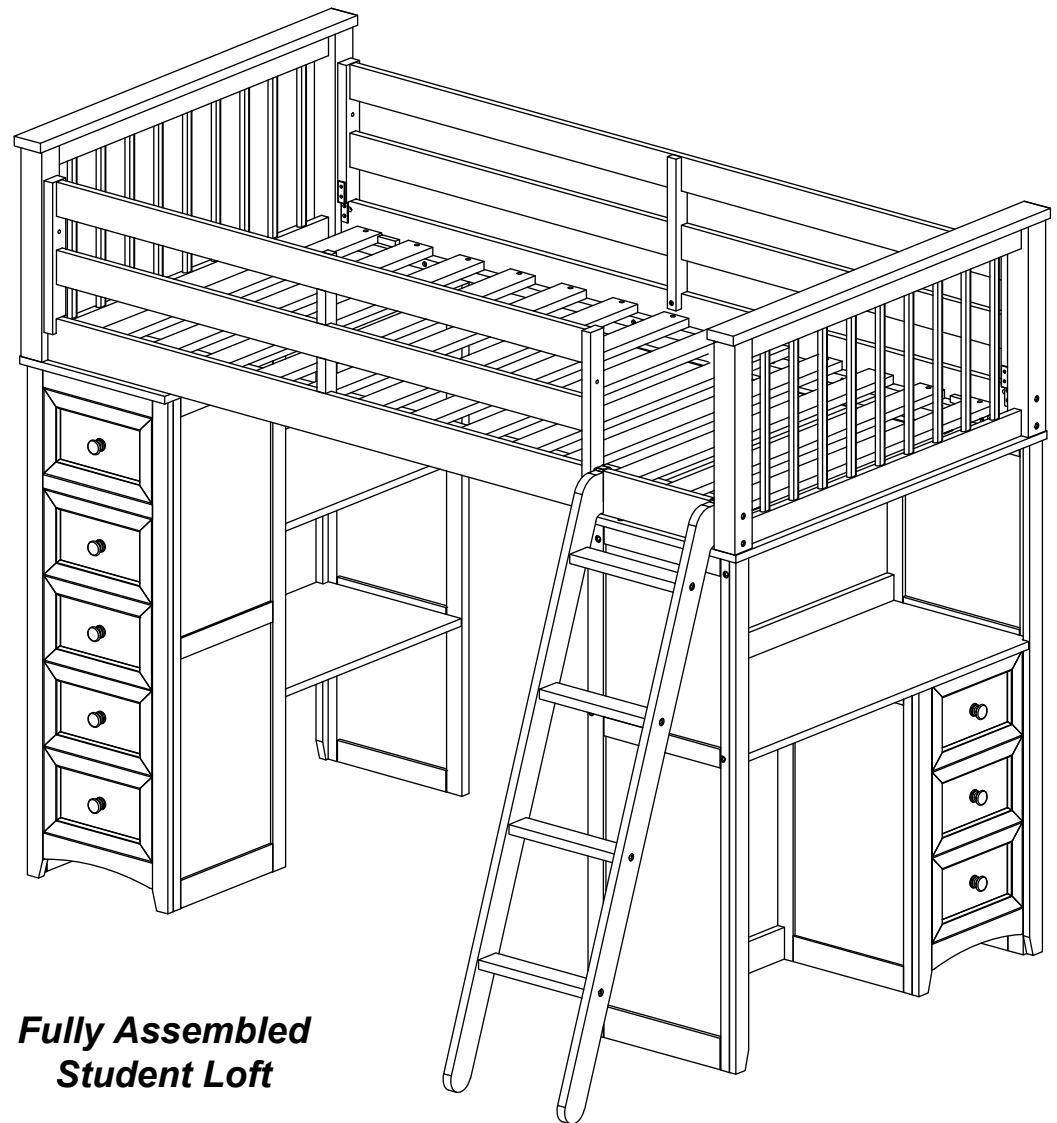

Enclosed please find simple step-by-step instructions to help you quickly assemble your product. Before you begin, we recommend that you follow the steps below:

1. Please read the instructions thoroughly
2. Identify all parts and hardware
3. Gather the tool(s) necessary
4. Two adults required for assembly

To protect your parts during assembly please place them on a soft surface. To clean surface use only water on a damp cloth. Do not use window cleaners or cleaning abrasives as it will scratch the surface and could damage the protective coating.

CUSTOMER SUPPORT

If you are missing parts or need assistance with your product, please contact the retailer from whom you purchased the product. When you call or email, please include the Product's Item Number and PO Number which is located on the Production Tracking Sticker. This sticker can be found on the bottom, inside or back of your product.

**Fully Assembled
Student Loft**

Outside-facing Desk

Inside-facing Desk

OPTIONAL:

*Note: Loft can only accommodate a twin lower bed

Question you must ask prior to assembly

Before beginning assembly, decide exactly where the bed is to be placed and on which ends you would like the the Desk/Ladder and Bookcase. Both the Bookcase and Desk can be placed at either end and reversed. See below.

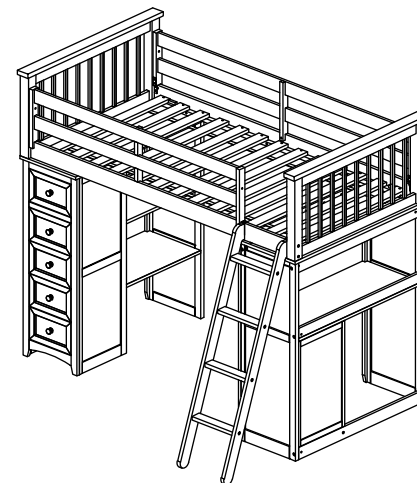

You also need to decide if the desk is going to be under or outside the loft.

For left-hand Desk/Ladder follow directions as indicated, but please note inset drawings.

For right-hand Desk/Ladder follow directions as indicated, but please note inset drawings.

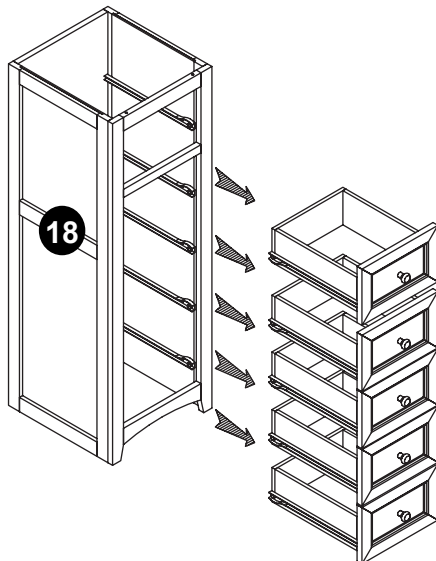

Open Boxes M, N, and Q for Steps 1-4

C		Ø1/4-20x60mm Bolts X 8
E		Ø1/4-20x35mm Bolts X 9
H		Barrel Nuts X 8
R		Ø8x40mm Wood Dowels X 8
V		Allen Wrench X 1
W		Straight Allen Wrench X 1

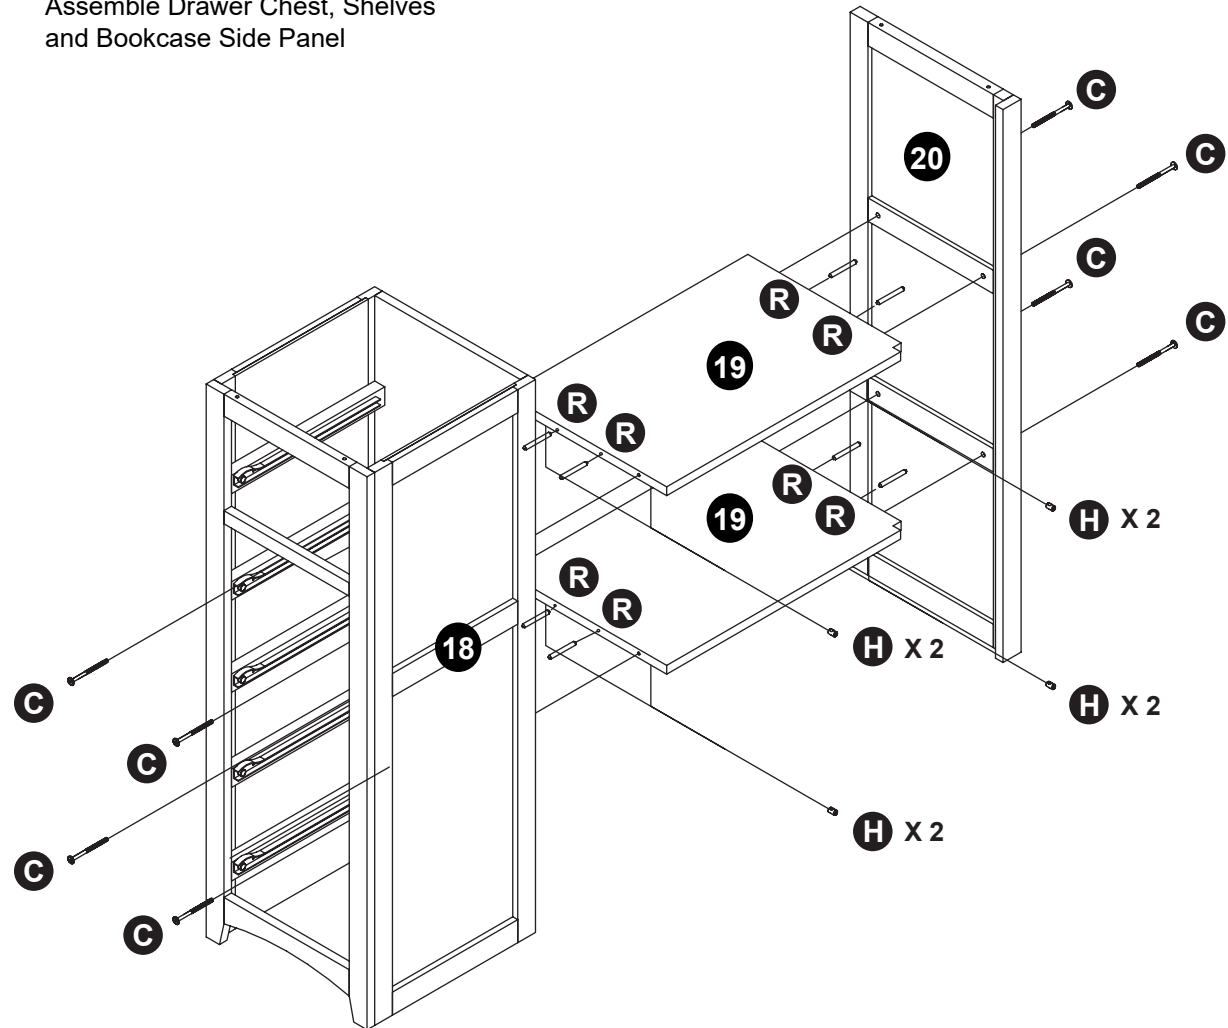

STEP 1

Remove drawers from chest. Switch the knobs from inside to outside on all drawers.

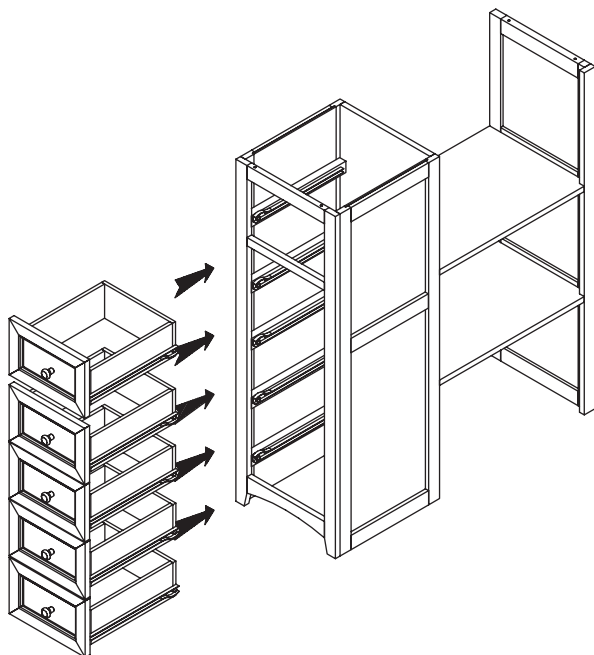

STEP 2

Assemble Drawer Chest, Shelves and Bookcase Side Panel

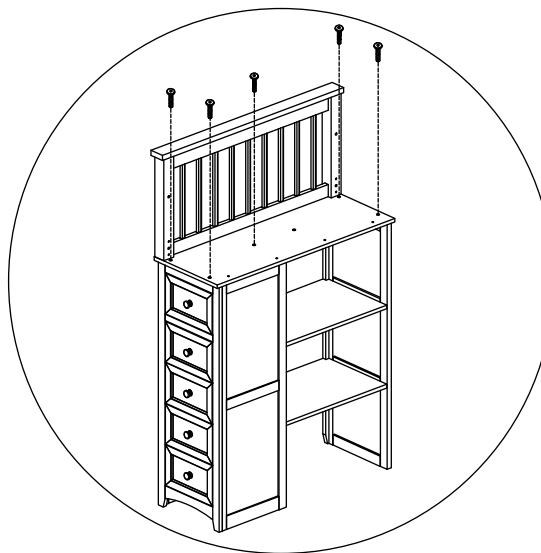

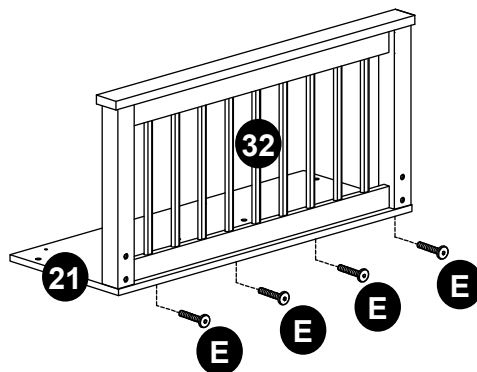

STEP 3

With two adults, lift the Bookcase into desired position then replace the Drawers.

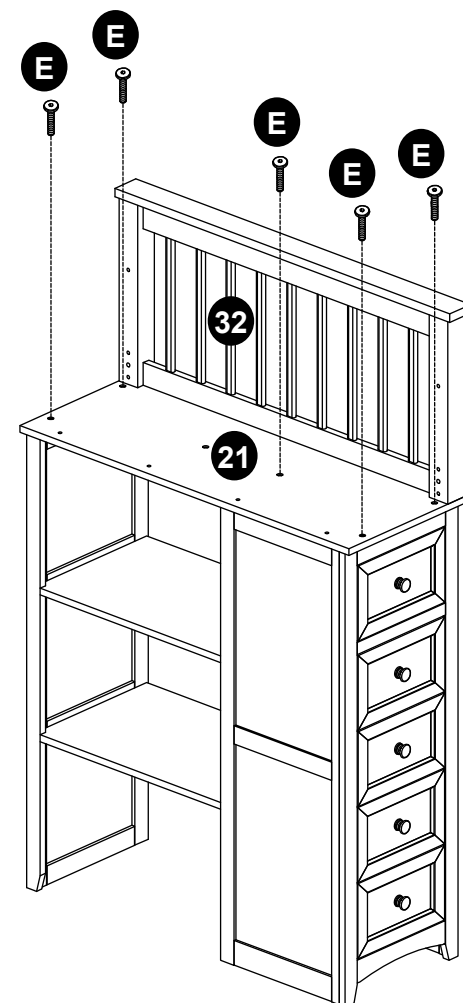

STEP 4

Attach Head/Footboard to Bookcase Top Panel then attach Top Panel to Bookcase.

Left Side Chest Set Up

Right Side Chest Set Up

Open Boxes C, D, and Q for Steps 5-11

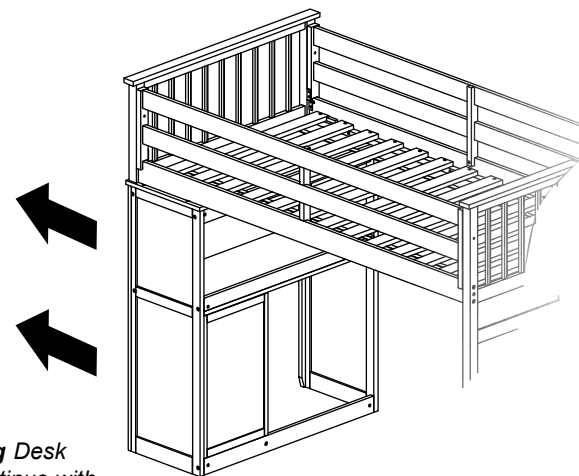

C		Ø1/4-20x60mm Bolts X 8
E		Ø1/4-20x35mm Bolts X 8
L		45mm Screws X 4
G		Ø1/4-14x20mm Bolts X 2
H		Barrel Nuts X 8
R		Ø8x40mm Wood Dowels X 12
U		T-Nuts X 2
V		Allen Wrench X 1
W		Straight Allen Wrench X 1

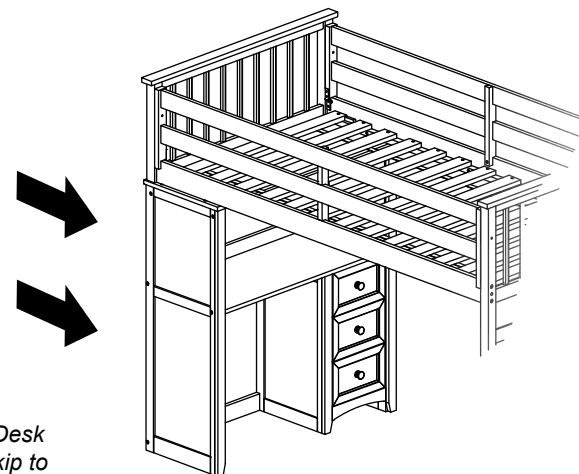

NOTE:
Choose for desk to
be inside facing or
outside facing.

NOTE: Before continuing assembly, decide whether you would like the Desk to be **outside-facing** of **inside-facing** and follow instructions below .

For **outside-facing** Desk
assembly, please continue with
Step 5 on Page 10

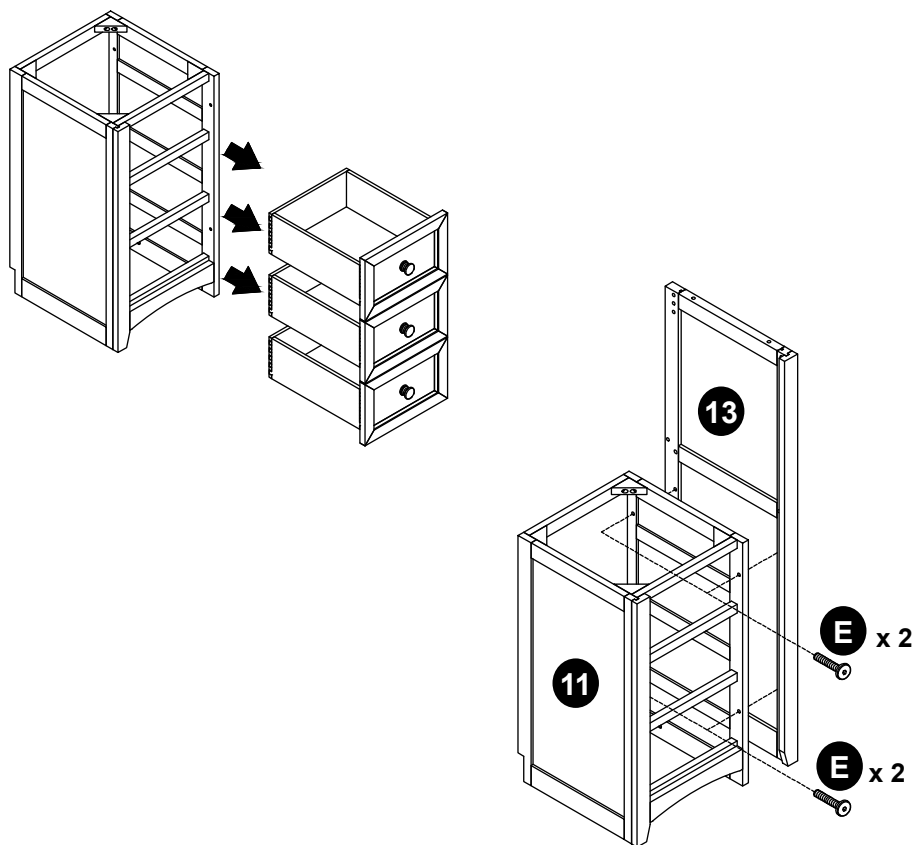

For **inside-facing** Desk
assembly, please skip to
Step 6A on Page 12

Steps 6-8: Outside-facing Desk assembly

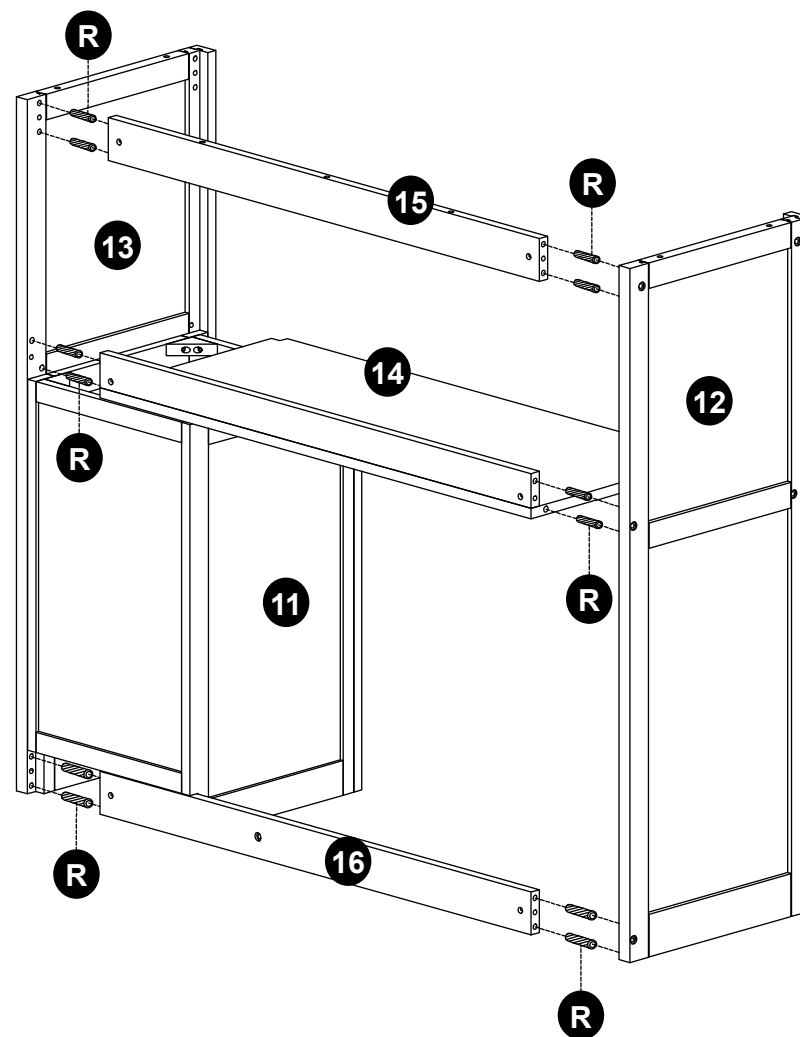

STEP 5

Remove Drawers from Desk Cabinet before proceeding, then attach Right Desk Hutch Side Panel

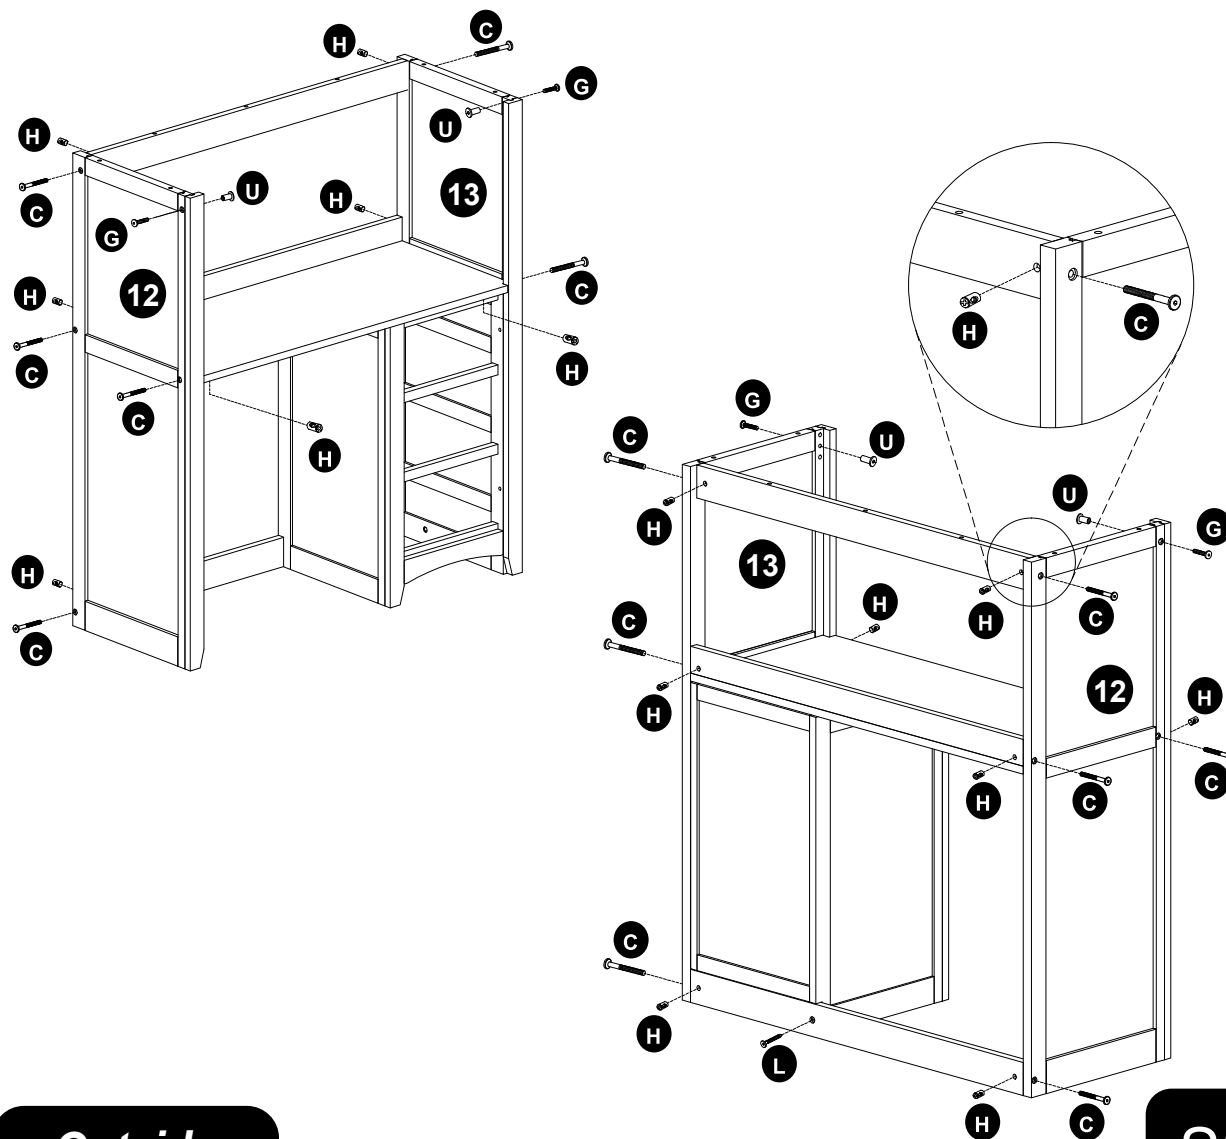

STEP 6

Fit Desk Hutch Back Supports, Desk Top, and Left Desk Hutch Side Panel together using wood dowels(12).

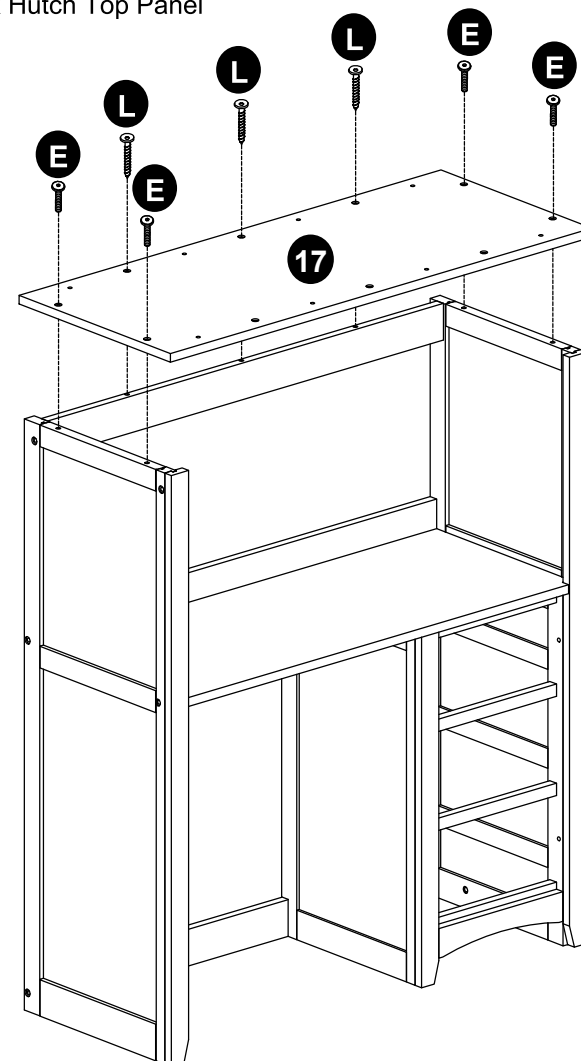

STEP 7

Secure Desk Hutch Side Panel and Back Supports as shown.

STEP 8

Attach Desk Hutch Top Panel

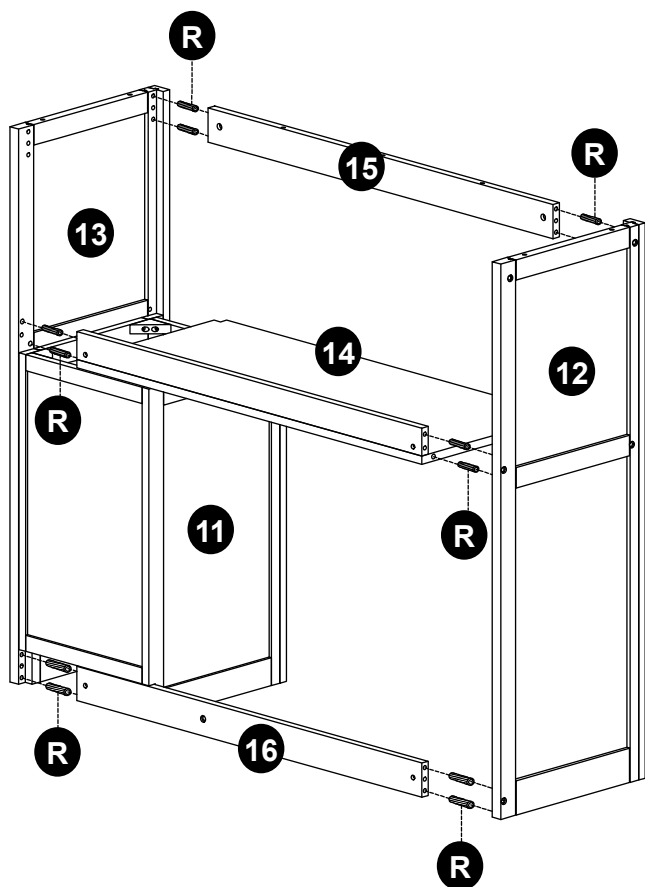

Outside Facing Desk

Skip to Step 9 on Page 13

Steps 6A-8A: Inside-facing Desk assembly

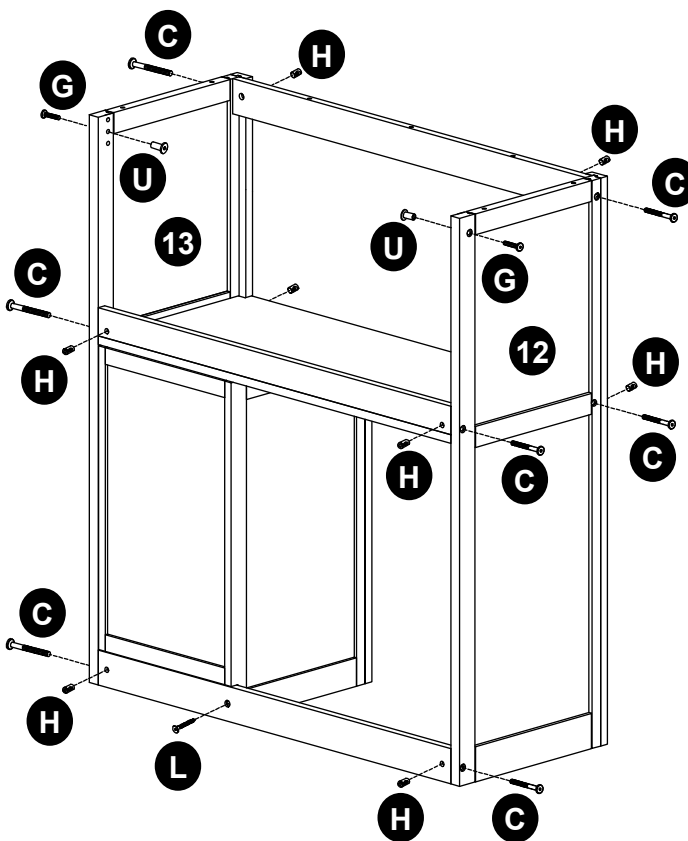

STEP 6A

Fit Desk Hutch Back Supports, Desk Top, and Left Desk Hutch Side Panel together using wood dowels(12).

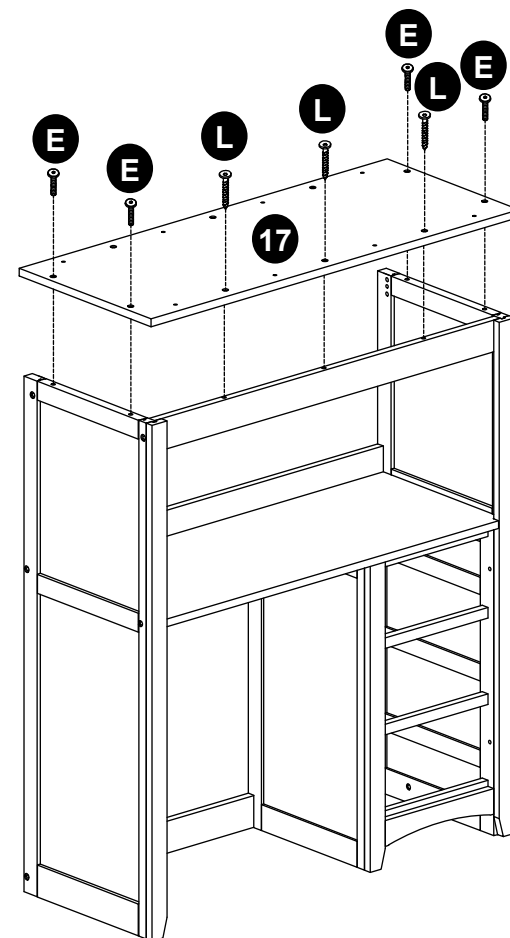

STEP 7A

Secure Desk Hutch Side Panels and Back Supports as shown.

STEP 8A

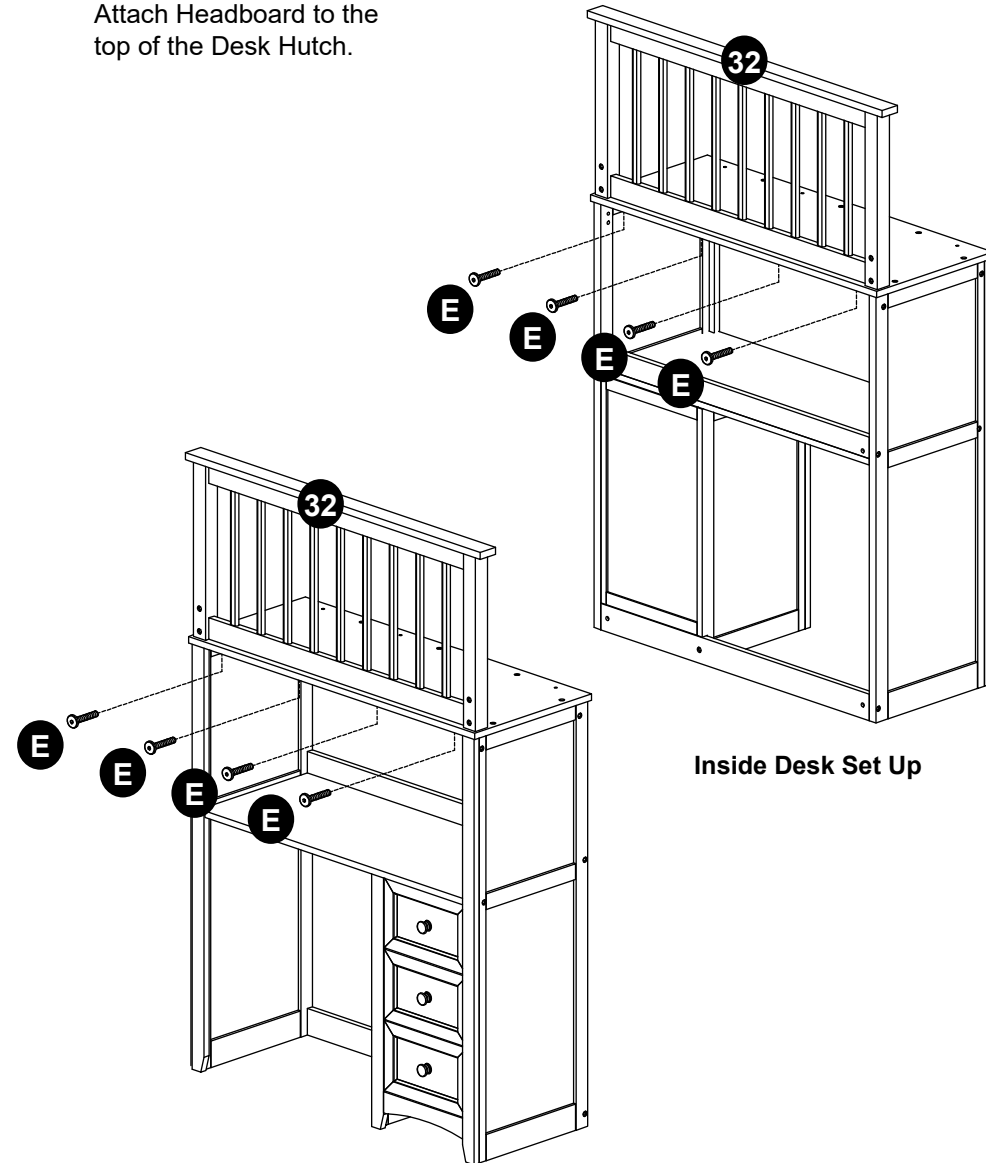

Attach Desk Hutch Top Panel.

Steps 9-14: Upper Bed assembly

STEP 9

Attach Headboard to the top of the Desk Hutch.

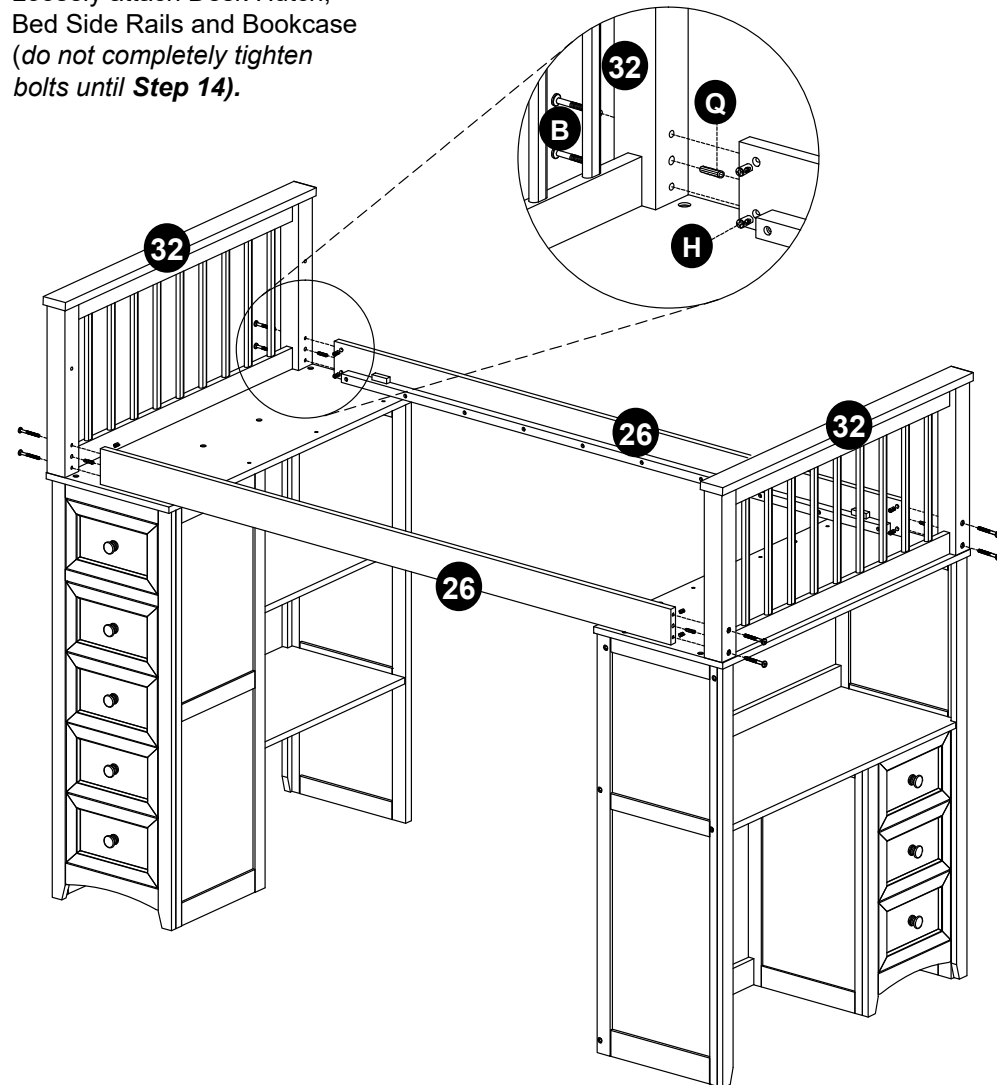

Inside Desk Set Up

Outside Desk Set Up

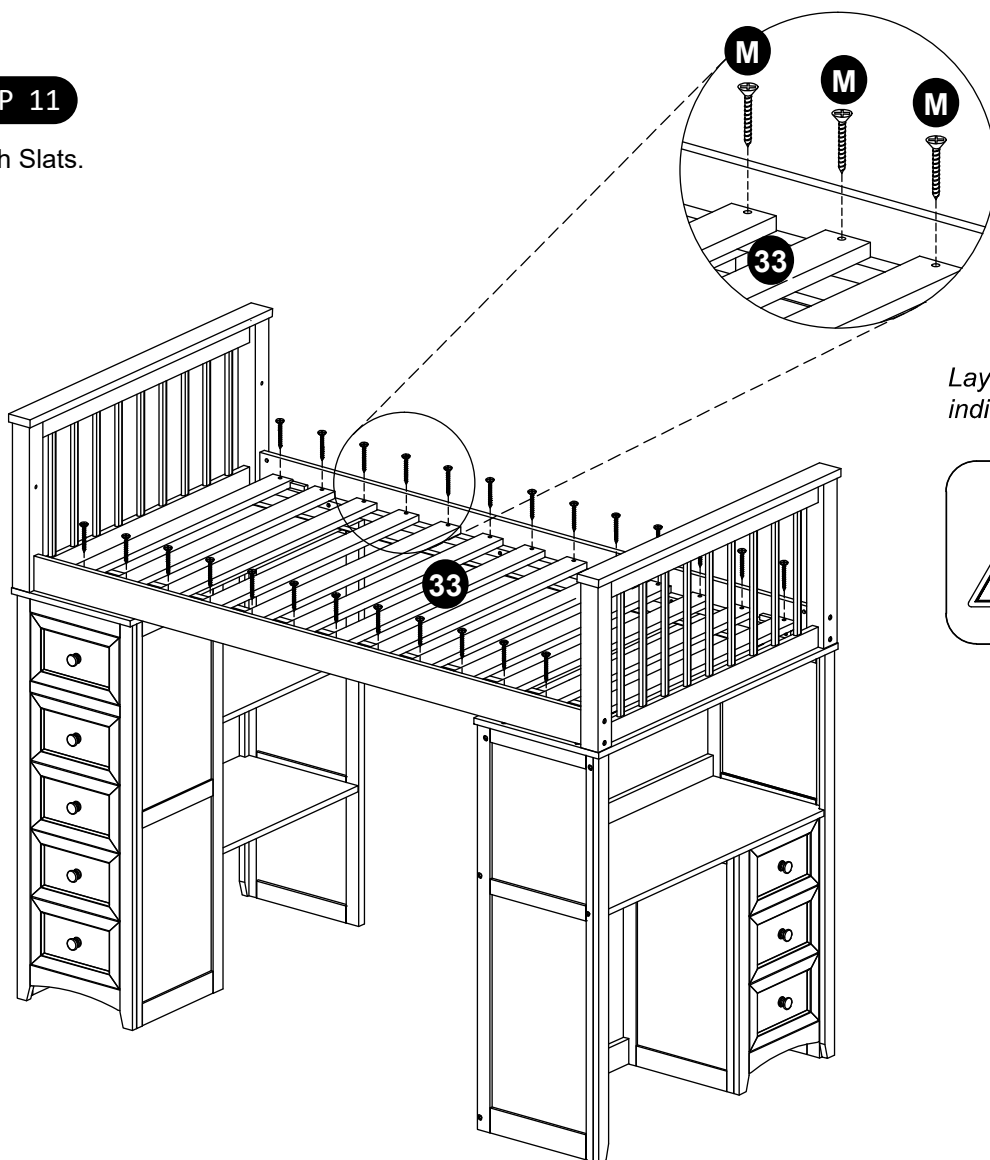

STEP 10

Loosely attach Desk Hutch, Bed Side Rails and Bookcase (do not completely tighten bolts until **Step 14**).

STEP 11

Attach Slats.

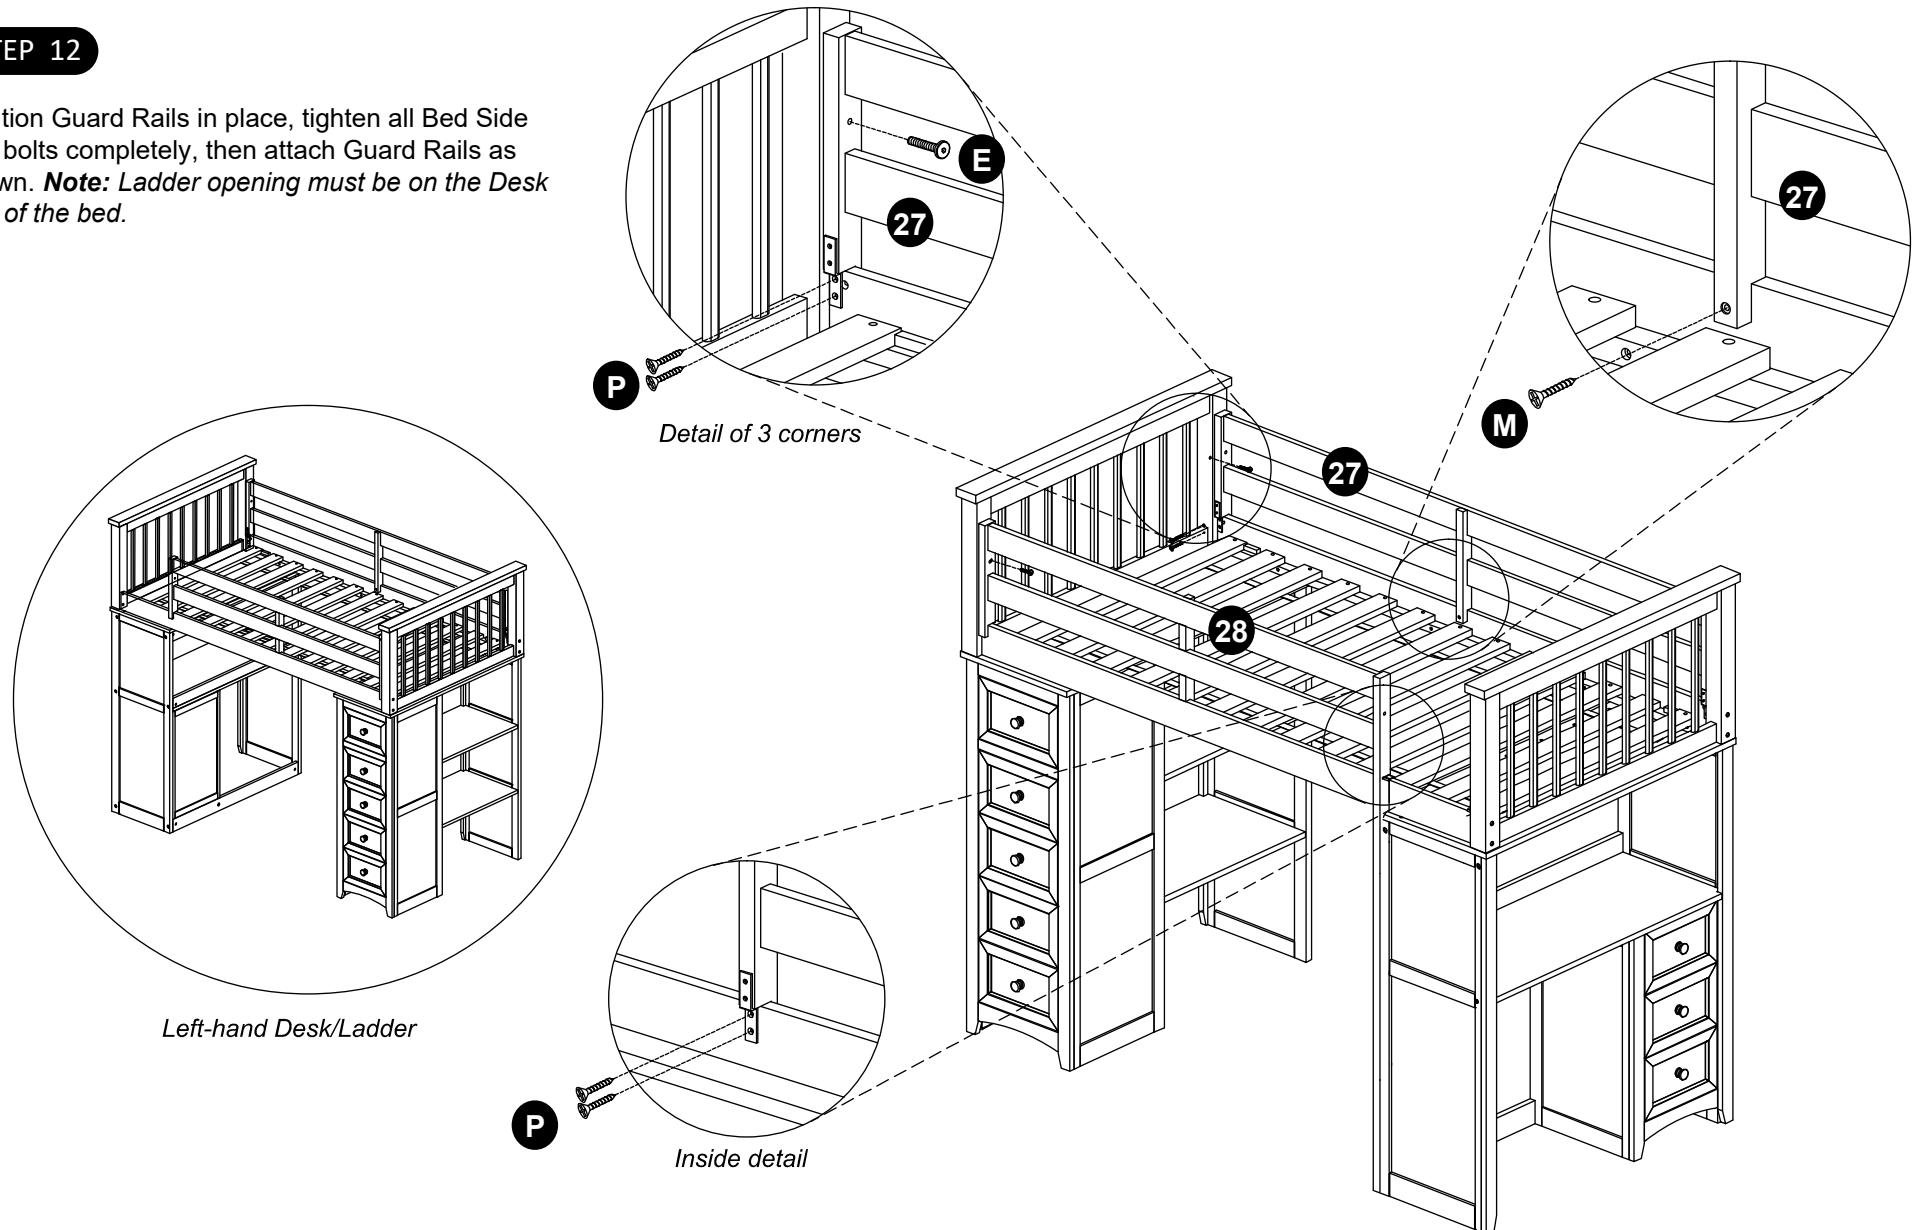

Lay slat roll between side rails and screw in slats to slat support as indicated. Make sure rails are pulled into slats prior to screwing in place.

**WARNING**

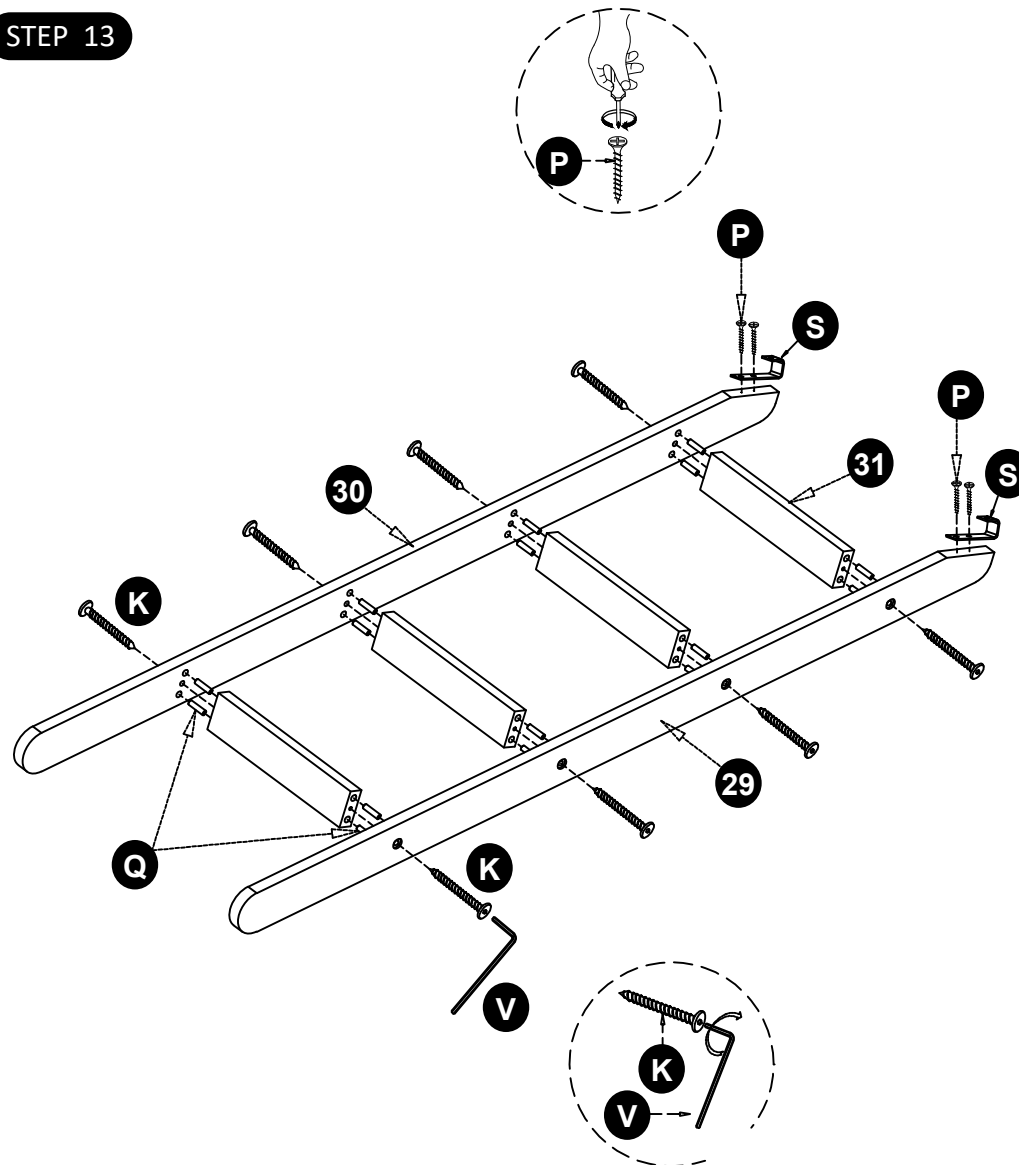

To help prevent serious or fatal injuries SCREW BOTH SIDES OF EACH SLAT TO THE SLAT SUPPORT. Failure to do so could result in the collapse of the entire slat roll, **and will void your warranty.**

STEP 12

Position Guard Rails in place, tighten all Bed Side Rail bolts completely, then attach Guard Rails as shown. **Note:** Ladder opening must be on the Desk end of the bed.

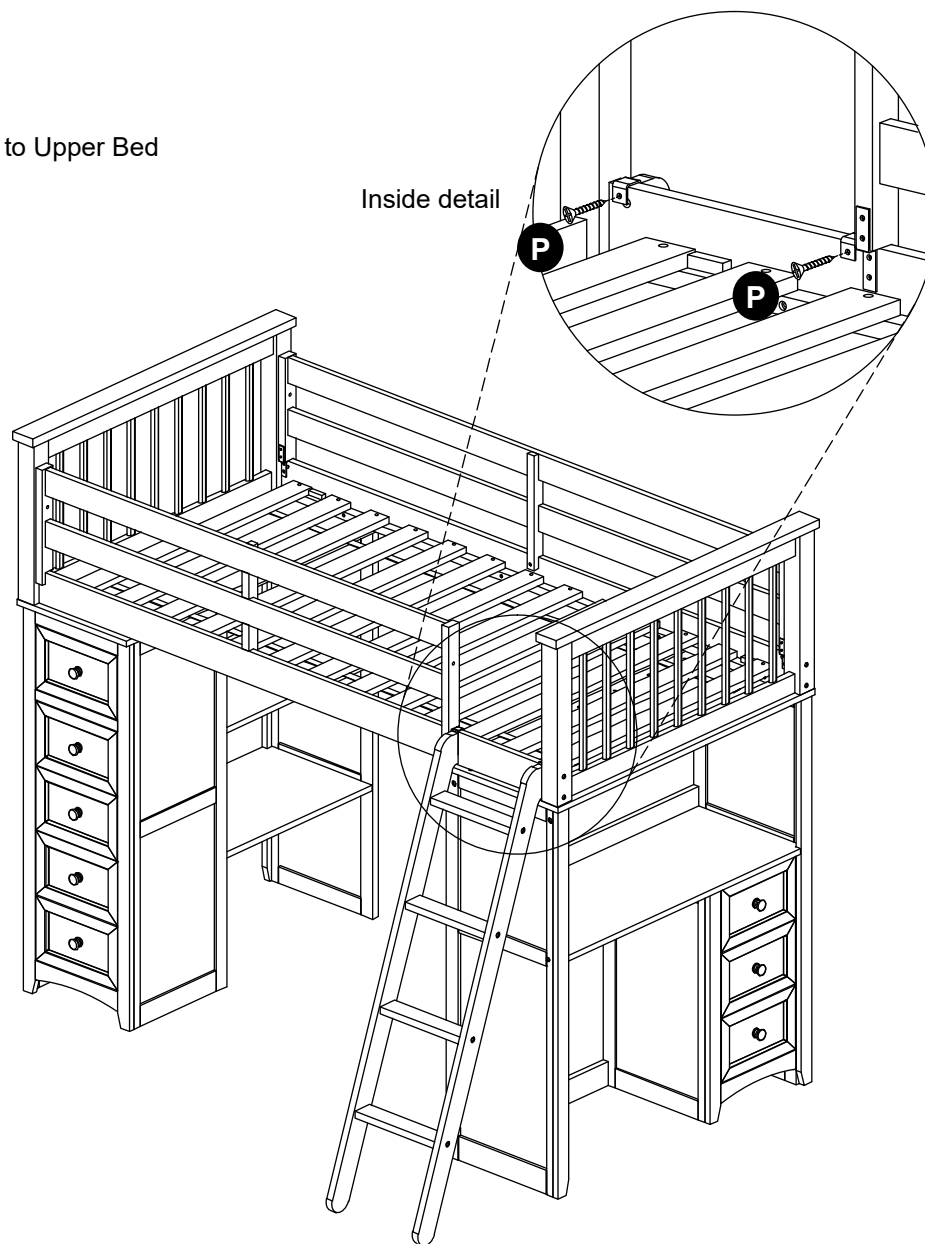

STEP 13

STEP 14

Attach Ladder Hooks to Ladder, then attach Ladder to Upper Bed

Note: Please ensure that the bolts for Ladder rungs are tight before using.

WARNING

Important Safety Notice

Dresser/chest can tip (fall over) when not used as intended. This could potentially result in serious injury or death. Keep your children and others safe by following these simple rules:

1. Do not allow climbing on any dresser/chest.
2. Do not leave drawers open when not in use.
3. Do not allow standing in drawers.
4. Do not allow standing on top of dresser/chest.
6. Do not place heavy objects in drawers.
7. Do not place heavy objects on top of the Dresser/chest which can be pulled down on top of your child.
8. To avoid head injury, do not allow your child to play underneath open drawers.
9. Hutches mirror, etc. Must be securely fastened to the dresser according to the instructions enclosed with those items.
10. Always monitor your child's activity when in the nursery.

CARE INSTRUCTIONS

- A lacquer finish is used on this furniture to protect the wood. **It is not waterproof, clean spills immediately.** Dust using a slightly damp cloth, making sure no standing water is left on the furniture. **DO NOT** use any household cleaners, citrus-based polishes, wood soaps, or oils; they can break down the natural lacquer finish.

- **Do not place furniture in direct sunlight.** Natural solid wood furniture will naturally color as it ages, however, direct sunlight dramatically speeds up the process.

- In natural wood furniture, the variations in texture and grain **will affect the finish**, making it impossible to guarantee an exact match between two pieces of wood even though identical finishing processes are used. These differences in character **are not defects**, but variations that make each piece of furniture unique and beautiful.

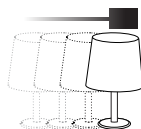

- **Solid wood naturally expands and contracts.** In high humidity you may find that drawers can stick slightly. This will correct itself, and is not reason for concern.

- **Do not place furniture over heating or cooling vents.** Dramatic changes in temperature can cause the wood to split.

•

If you place objects such as lamps or plants on your case pieces **make sure to move them from time to time.** There may be a slight discoloration where the object was. However by exposing it to the light the color will catch up the rest of the case.

- Plastic or foam footed items such as phones or clocks can damage this finish, **use trivets under such items.**
