

American Signature, Inc. 120 Night In-Home Sleep Guarantee

Program Guidelines

- Customer must purchase a Bedgear mattress protector to qualify for the 120 night sleep guarantee.
- The super premium mattress or premium mattress set (mattress and box spring) based on a queen retail price of \$999 or more must be paid in full. Sets that qualify are listed at the end of this policy.
- If you are not happy, for any reason, within the first 120 days following delivery (and after the first 30 nights sleeping on the mattress), the store will issue you an in-store credit for the full retail price paid for the mattress only. This mattress must be returned to the store prior to the in-store credit being issued.
- Your mattress set must be inspected by store personnel in order to qualify your mattress for issuance of in-store credit. Call your local store to make an appointment for your mattress set to be inspected.
