**ASSEMBLY INSTRUCTIONS**

The bed is composed of several components: The headboard, foot board, side rails, bed slats, support slats, bottom rails and patching wood. Determine the intended location and ensure there is enough space to work with and fully read these instructions before physically doing the entire assembly.

STEP#1: Place the headboard (A) upright in the position you wish the bed to be in when fully assembled. The headboard bed fast hardware should be facing inside, toward the glass. Secure the threaded rod (1) to the fixed nut in the headboard (A) by simply turning it manually. Raise the side rail (B) up and place the rod (1) to align with the bore holes on the end of the side rails (B). Put the side rails (B) up against the headboard (A) so the threaded rods (1) go through the bore holes. Insert curved washer (2), lock washer (3) and place hex nuts (4) on threaded rod (1) then tighten the hex nuts (4) with wrench (5) provided, as illustrated in FIGURE 01.

STEP#2: Repeat the above procedure with the other side rail (B) to attach it to the headboard (A), and then repeat to connect side rails (B) to the footboard (C).

STEP#3: On inside face of both headboard (A) and footboard (C) are pre-installed wooden brackets for the support slat (E). Set the support slat (E) on the metal brackets, as illustrated in FIGURE 02.

STEP#4: On inside surface of both side rails (B) are cavities designed to hold the individual bed slats (D). Set individual bed slats (D) on both cavities of the side rails (B) as illustrated in FIGURE 03.

STEP#5: Assemble the bottom rails (F) as illustrated on FIGURE 4, using Allen bolt (6) provided.

STEP #6: After assemble the bottom rails insert patching wood (G) as illustrated on FIGURE 5.

FURNISHING A BETTER WORLD

AMELIA

bedroom collection

made in VIETNAM

Inspired by beautifully painted Swedish antiques,

our Amelia Bedroom Collection is defined by its meticulous detailing and artisan craftsmanship. Its timeless, transitional design is built to complement a myriad of styles and tastes, featuring classic hand-carved accents and finishes to accentuate your décor. Constructed from solid mahogany, selected for its beauty, durability and color,

the Amelia's elegant frames are painted with a multilayer, multi-tonal finish that is distressed by hand. Antiqued mirror tops are inset into the case pieces, finished with an aged patina to complement the wood's vintage feel.

ARTISAN FINISHED

Many of our pieces may vary slightly in color, pattern and texture due to the nature of multi-layered finishes that are hand-applied by our craftsmen. Hand-applied finishes may include some small splits, knots, joint lines and other natural properties that will add interest without affecting performance. Materials may also display movement from season to season because of changes in temperature and humidity. We believe these variances from piece to piece only add to an individual's unique, artisan-crafted character.

HANDCRAFTED QUALITY

Arhaus furniture is made with great care and attention to detail. Our collections are distinctive and designed to bring pleasure to you in your home for years to come. Each piece is handcrafted, made using traditional skills and techniques, and hand-painted, distressed and finished to ensure each item becomes an heirloom in your home.

RENEWABLE RESOURCES

Arhaus is unique in its commitment to preserving natural resources. Our Corporate Rainforest Policy states that we will not sell merchandise made of timber from the world's endangered rainforests. In all cases, the wood we use was harvested from renewable resources.

All dimensions can vary slightly due to the hand-built nature of our furniture.

- ▶ Due to their handcrafted nature, finish details may vary.

- ▶ Case-piece tops are inset with mirror surface with a hand-applied antiqued finish.

recommended care

- ▶ For daily maintenance, clean wood using a mild soap and water solution. Towel-dry immediately.
- ▶ Dust wood with a soft, dry cloth and buff periodically using a non-wax furniture polish such as Guardsman® Wood Polish.
- ▶ Spills should be removed immediately with a damp cloth.
- ▶ Do not use care products that contain ammonia or silicone as this will cut through the lacquer finish over time and damage your piece.
- ▶ Use coasters, trivets and felt pads under objects to preserve the finish of this piece.
- ▶ Never place hot dishes on surfaces; we recommend the use of felt-backed tablemats.
- ▶ Prolonged use of hot electrical equipment on top of furniture may also cause scorching.
- ▶ Always avoid exposure to direct sunlight or heat (e.g. by placing it in front of a radiator) as this can cause cracking and potential fading; a minimum 30 cm clearance from heat sources is advised.
- ▶ Do not drag piece(s) across the floor as this will cause damage or weaken joints.
- ▶ Dropping furniture onto corners or feet will cause damage.
- ▶ Toys, buckles and heels will scratch furnishings—try to prevent these objects from coming into contact with your piece(s).

Barnett
 bedroom collection
 Made in Vietnam

Inspired by 19th Century Belgium. Carved by 21st Century Craftsmen.

Taking inspiration from an antique table unearthed during our travels, our Barnett collection pays homage to the 19th century, industrial-era architecture found in Mechelen, Belgium. Judiciously decorated with hand-sculpted, arboreal-motif carvings, these bedroom pieces feature artfully distressed

surfaces and drawer fronts flanked by angled corner posts set onto substantial bases. Classic elements nod to a Northern Renaissance sensibility. Excellent, artisanal craftsmanship and modern lines transform the look into a transitional design befitting contemporary lifestyles.

Regal Furnishings to Adorn Your Boudoir

Characterized by their supreme craftsmanship and the incorporation of hand-painted and meticulously sculpted detailing, Louis-XV-style furnishings are highly ornamental and elegantly designed to blend with classic Western, Old World and East Asian décor. Our Genevieve bedroom collection perfectly embodies this aesthetic, featuring softly curved, feminine silhouettes and exquisite, hand-carved detailing. The luxe, upholstered bed, accompanying case

pieces and mirror are all durably constructed by artisan hands using sustainable, plantation-grown parawood and tulip wood veneers. The dressers and nightstand are beautifully inlaid with natural, lightly colored marble and completed with aged pewter drawer pulls, keyholes and handles on faux-tray dresser tops. The hand-painted finish is layered with multiple shades before being lightly distressed to create a naturally weathered appearance.

artisan finished

Many of our pieces may vary slightly in color, pattern and texture due to the nature of multi-layered finishes that are hand-applied by our craftsmen. Hand-applied finishes may include some small splits, knots, joint lines and other natural properties that will add interest without affecting performance. Materials may also display movement from season to season because of changes in temperature and humidity. We believe these variances from piece to piece only add to an individual's unique, artisan-crafted character.

handcrafted quality

Arhaus furniture is made with great care and attention to detail. Our collections are distinctive and designed to bring pleasure to you in your home for years to come. Each piece is handcrafted, made using traditional skills and techniques, and hand-painted, distressed and finished to ensure each item becomes an heirloom in your home.

renewable resources

Arhaus is unique in its commitment to preserving natural resources. Our Corporate Rainforest Policy states that we will not sell merchandise made of timber from the world's endangered rainforests. In all cases, the wood we use was harvested from renewable resources.

All dimensions can vary slightly due to the hand-built nature of our furniture.

organic chic

Warmed by the rich colors of smoked eucalyptus, the sleek styling of our Hendrik Bedroom Collection provides an organic, contemporary atmosphere to your space. Crafted by Indonesian artisans using traditional furniture-building techniques, each stunning piece is lightly finished by hand. The grain and texture of eucalyptus drawer fronts are

contrasted by surrounding Dark Mahogany surfaces—accentuating the eucalyptus' brush-stroked appearance. A layer of clear lacquer is applied to each piece, adding a subtle sheen and smooth feel, while protecting the wood finishes against everyday wear.

FURNISHING A BETTER WORLD

MADALINE

bedroom collection

made in ASIA

Full of vintage charm,

our Madaline daybed is a perfect fit for guest room, an office, or for that certain little Princess.

NATURAL WOOD

Each piece will have slightly different shading and grain patterns and, due to the nature of a multi-layered finish that is hand-applied by our craftsmen, there will be variation from piece to piece. Some small splits may occur but will only add to the character. Knots and joint lines are a natural property and add interest without affecting performance. All natural wood will display movement from season to season because of changes in temperature and humidity.

HANDCRAFTED QUALITY

Arhaus furniture is made with great care and attention to detail. Our collections are distinctive and designed to bring pleasure to you in your home for years to come. Each piece is handcrafted, made using traditional skills and techniques, and hand-painted, distressed and finished to ensure each item becomes an heirloom in your home.

RENEWABLE RESOURCES

Arhaus is unique in its commitment to preserving natural resources. Our Corporate Rainforest Policy states that we will not sell merchandise made of timber from the world's endangered rainforests. In all cases, the wood we use was harvested from renewable resources.

All dimensions can vary slightly due to the hand-built nature of our furniture.

organically inspired

Our Nika Bedroom Collection pairs structured lines with organic textures—carefully arranged to honor the stunning Nopo timber used to craft each surface. Preserving the wood's natural beauty and detail with artisan-applied finishes and lacquer, these magnificent pieces celebrate the live edges of each hand-laid plank. Thickly cut veneers are bookmatched together—arranged consecutively, allowing their edges to form gaps, which are filled by epoxy resin. This comfortably allows the planks to remain straight, adding to each piece's overall contemporary style.

product details

- Craftsman-built case pieces are constructed using solid hardwood and ash veneers with nopo-veneer drawer fronts.
- Bases are made from steel with an antiqued brass finish to complement each piece's warm wood tones.
- Nopo wood is sustainably grown and harvested near the Gulf of Mexico.
- Nopo is traditionally used in the dance of "Voladores de Papantla", during which "flying men" jump and swing from 50-foot Nopo poles.
- Nopo surfaces are bookmatched—formed using consecutively cut wood veneers. Surfaces are finished with epoxy resin to fill gaps.
- Wood surfaces are gently hand-stained to accentuate their natural characteristics; and lacquered with acrylic for added protection and subtle sheen.
- Drawers feature under-mounted soft-close glides for easy opening and closing.
- This collection is artisan-crafted from natural materials with hand-applied finishes. Individual pieces may vary in color, pattern, shape, and texture, making each truly unique.
- Natural wood may display small splits, knots, joint lines, or other organic features that will not affect the quality or performance of your piece.

Inspired by designs made popular during the Victorian Era,

artisans use pressed metal to handcraft our distinctive Plume Collection. Tin or brass sheets are pressed with intricately patterned blocks to create the delicate detailing featured on the wood surfaces

of this elegant bedroom collection. Each piece is completed with an antiqued metallic finish, which is caught in the pressed pattern to make it stand out, adding a touch of glamour to any room.

ARTISAN FINISHED

Many of our pieces may vary slightly in color, pattern and texture due to the nature of multi-layered finishes that are hand-applied by our craftsmen. Hand-applied finishes may include some small splits, knots, joint lines and other natural properties that will add interest without affecting performance. Materials may also display movement from season to season because of changes in temperature and humidity. We believe these variances from piece to piece only add to an individual's unique, artisan-crafted character.

HANDCRAFTED QUALITY

Arhaus furniture is made with great care and attention to detail. Our collections are distinctive and designed to bring pleasure to you in your home for years to come. Each piece is handcrafted, made using traditional skills and techniques, and hand-painted, distressed and finished to ensure each item becomes an heirloom in your home.

RENEWABLE RESOURCES

Arhaus is unique in its commitment to preserving natural resources. Our Corporate Rainforest Policy states that we will not sell merchandise made of timber from the world's endangered rainforests. In all cases, the wood we use was harvested from renewable resources.

All dimensions can vary slightly due to the hand-built nature of our furniture.

product details

- ▶ Handcrafted by artisans, metal sheets are pressed with patterned blocks to create the intricate pattern.
- ▶ Graphite: Tin sheets feature a metallic graphite finish with a bronze undertone.
- ▶ Brass: A patina applied to the brass sheets catches in the pattern to make it stand out.
- ▶ White: A metallic graphite finish with a bronze undertone is applied to tin sheets, then layered with white paint, which is hand-applied and wiped away, creating distressed appearance that accentuates the metal's pressed pattern.
- ▶ Due to the hand-applied nature of the finish, the patina could vary slightly from piece to piece.
- ▶ A soft coat of lacquer is added to preserve the unique finish.
- ▶ Pieces are constructed using engineered hardwood, which allows for the tin or brass to gracefully adhere to the tops, sides and drawer fronts while avoiding swelling and cracking.
- ▶ The tops feature beveled edges that are complemented by a carved apron on the bottoms of each piece.
- ▶ Drawer pulls are round cast-iron knobs.
- ▶ Wall mirror can be hung vertically or horizontally.

recommended care

- ▶ Hand-wash with mild soap and water. Use a soft sponge. Do not use abrasives as they may scratch the surface of this collection. Dry immediately with a soft cloth.
- ▶ Spills should be removed immediately with a damp cloth.
- ▶ Use coasters, trivets and felt pads under objects to preserve the finish of this piece.
- ▶ Never place hot dishes on this tabletop; we recommend the use of felt-backed tablemats.
- ▶ Prolonged use of hot electrical equipment on top of furniture may also cause scorching.
- ▶ Always avoid exposure to direct sunlight or heat (e.g. by placing it in front of a radiator) as this can cause cracking and potential fading; a minimum 30 cm clearance from heat sources is advised.
- ▶ Do not drag piece(s) across the floor as this will cause damage or weaken joints.
- ▶ Dropping furniture onto corners or feet will cause damage.
- ▶ Toys, buckles and heels will scratch furnishings—try to prevent these objects from coming into contact with your piece(s).

WARRANTY

20-YEAR PREMIUM LIMITED WARRANTY FOR ADJUSTABLE BEDS

CUSTOMATIC ADJUSTABLE BEDZ®, (CUSTOMATIC ADJUSTABLE BEDZ®) warrants this adjustable bed to the consumer who is the original purchaser (the “purchaser,” subject to the terms and conditions set forth herein). This warranty begins on the “warranty commencement date,” or the purchase date for new and unused adjustable beds. For adjustable beds that have been used either as floor or display models, the “warranty commencement date” is the date the bed was manufactured. Therefore, a floor or display model bed is covered by a portion of the limited 20-year warranty. The purchaser must show original proof of purchase for warranty to be valid. If proof of purchase is not presented, CUSTOMATIC ADJUSTABLE BEDZ® holds full right to determine whether the adjustable bed is covered by the warranty. In so doing, CUSTOMATIC ADJUSTABLE BEDZ® has the right to use the manufacturing date as the warranty commencement date.

The 20-Year Limited Warranty is extended solely to the original purchaser. This warranty is not transferrable.

FULL 3-YEAR WARRANTY (PARTS)

This adjustable bed is warranted against defects in the workmanship or materials for a period of three years from the warranty commencement date. Upon notice during the first three years after the warranty commencement date, CUSTOMATIC ADJUSTABLE BEDZ® will replace any defective adjustable bed part based on the criteria listed below.

YEAR 1: FULL COVERAGE OF PARTS & LABOR

This adjustable bed is warranted against workmanship and craftsmanship defects or defective materials for up to one (1) year from the warranty commencement date. When notified by purchaser within the first year, CUSTOMATIC ADJUSTABLE BEDZ® will supply replacements (at no cost to the purchaser) for any defective or malfunctioning adjustable bed part. CUSTOMATIC ADJUSTABLE BEDZ® must authorize that the part is defective or malfunctioning before replacement parts are supplied to purchaser or any labor costs are absorbed. Once CUSTOMATIC ADJUSTABLE BEDZ® approves the part is defective or malfunctioning, they will absorb the costs for pre-authorized labor and any transportation costs associated with the repair/replacement of any parts. For this one (1) year warranty to be valid, any and all defective or malfunctioning parts must be returned by the original purchaser (or by an authorized CUSTOMATIC ADJUSTABLE BEDZ® in-home technician or agent) to CUSTOMATIC ADJUSTABLE BEDZ's® Customer Care Center within 15 days of purchaser receiving replacement parts.

YEARS 2 AND 3: FULL COVERAGE OF PARTS ONLY.

After the first year from the warranty commencement date, and up to three (3) years from the warranty commencement date, CUSTOMATIC ADJUSTABLE BEDZ® will provide replacement parts for any defective or malfunctioning adjustable bed part upon receiving written notice from the original purchaser. This two (2) year warranty is only valid once any and all defective or malfunctioning parts are returned by the original purchaser to CUSTOMATIC ADJUSTABLE BEDZ's® Customer Care Center within 15 days of purchaser receiving replacement parts. The original purchaser is responsible for all service, transportation, labor and shipping & handling costs related to the delivery and/or replacement of the defective or malfunctioning part(s).

YEARS 4 THROUGH 20: PRORATED COVERAGE OF NON ELECTRICAL PARTS ONLY.

After the third year of the warranty commencement date, and up to twenty (20) years from the warranty commencement date, CUSTOMATIC ADJUSTABLE BEDZ® will issue replacements (upon terms and conditions described below) for any mechanical bed part found to be defective or malfunctioning upon receiving written notice from the original purchaser. This does not apply to electronics, electrical components, massage motors and lift motors. Purchaser will be required to pay 1/17th of the (then) current replacement cost of the part multiplied by the number of years past the third year from the warranty commencement date. CUSTOMATIC ADJUSTABLE BEDZ® will take responsibility for the remaining cost of the replacement part. This seventeen (17) year warranty is only valid once any and all defective or malfunctioning parts are returned by the original purchaser to CUSTOMATIC ADJUSTABLE BEDZ's® Customer Care Center within 15 days of purchaser receiving replacement parts. Purchaser holds responsibility for all labor and transportation costs related to the replacement of the defective part up to twenty (20) years after the commencement date. After the twentieth year, purchaser will be responsible for the entire cost of repair and replacement of all defective parts and materials, including service and transportation costs associated with the repair or part replacement.

ADDITIONAL TERMS AND CONDITIONS

This warranty is considered void: 1) if any damage to the adjustable bed is caused by the purchaser; 2) if any unauthorized repair or replacement of parts has taken place; 3) if the adjustable bed has been handled incorrectly in transit or otherwise, subjected to physical or electrical abuse or misuse, or otherwise operated in a way that does not adhere to the guidelines for proper operation and maintenance outlined in the Owner's Manual, this warranty, and any other applicable text published or approved by CUSTOMATIC ADJUSTABLE BEDZ®; 4) in relation to any damage to mattresses, fabric, cables, electrical cords or items supplied by dealers. Contact the dealer or relevant party for warranty information on these items; 5) if any unnecessary service calls have taken place, including fees for in-home service calls solely for the consumer's educational purposes or for finding an unsatisfactory power connection; 6) if the recommended weight restrictions (Twin/TXL/Split QN/Split CA King: 575 Pounds, Full/FXL: 600 Pounds, Queen: 650 Pounds) and guidelines for proper distribution of weight outlined in the Owner's Manual are not followed. Repairs to or replacement of the adjustable bed or its components under the terms of this limited warranty will apply to the original warranty period and will not serve to extend such period. The decision for the repair or replacement of defective parts under this warranty is at the option and sole discretion of CUSTOMATIC ADJUSTABLE BEDZ®.

REPAIR OR REPLACEMENT OF ADJUSTABLE BED PARTS WILL BE THE SOLE REMEDY OF THE PURCHASER. CUSTOMATIC ADJUSTABLE BEDZ®, AND THEIR PARENTS, SUBSIDIARIES, DIVISIONS, AFFILIATES OR AGENTS HOLD ABSOLUTELY NO OR ANY SPECIAL, INDIRECT, INCIDENTAL, OR CONSEQUENTIAL DAMAGES OR FOR ANY OTHER DAMAGE, CLAIM, OR LOSS NOT EXPRESSLY COVERED BY THE TERMS OF THIS WARRANTY.

No reimbursement will be made to the purchaser for inconvenience, removal, installation, setup time, lack of use, shipping, or any other costs or expenses not covered by this warranty. CUSTOMATIC ADJUSTABLE BEDZ® does not hold responsibility for in-home service on adjustable beds. You must contact your dealer or party that sold the adjustable bed for any terms and conditions relating to their in-home service, should any exist.

CUSTOMATIC ADJUSTABLE BEDZ®, AND THEIR PARENTS, SUBSIDIARIES, DIVISIONS, AFFILIATES OR AGENTS MAKE NO OTHER WARRANTY WHATSOEVER, EXPRESS OR IMPLIED. ALL IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE ARE DISCLAIMED BY NAME AND EXCLUDED FROM THIS AGREEMENT.

The above limitation or exclusion may not apply to every purchaser as some states disallow exclusions or limitations of incidental or consequential damages. This warranty allows the purchaser specific legal rights. The purchaser may also have other rights, which can vary from state to state. This warranty is valid in the contiguous United States, and includes Alaska, Puerto Rico and Canada.

FURNISHING A BETTER WORLD

Memories of summers spent on a farm

in central Ohio inspired the Russell Collection. Artisans hand-plane solid oak grown and harvested in America. Each plank varies in size to reflect actual barn doors. Even the hardware on the wardrobe

and bed is an exact replica—castings for the wheels and tracks are inscribed with “Ashland County,” the location of our favorite childhood farm.

NATURAL WOOD

Each piece will have slightly different shading and grain patterns and due to the nature of a multi-layered finish that is hand-applied by our craftsmen, there will be variation from piece to piece. Some small splits may occur, but will only add to the character. Knots and joint lines are a natural property and add interest but without affecting performance. All natural wood will display movement from season to season because of changes in temperature and humidity.

HANDCRAFTED QUALITY

Arhaus furniture is made with great care and attention to detail. Our collections are distinctive, designed to bring pleasure to you in your home for years to come. Each piece is handcrafted, made using traditional skills and techniques, and hand-painted, distressed and finished to ensure each item becomes an heirloom in your home.

RENEWABLE RESOURCES

Arhaus is unique in our commitment to preserving natural resources. Our Corporate Rainforest Policy states that we will not sell merchandise made of timber from the world's endangered rainforests. In all cases, the wood was harvested from renewable resources.

All dimensions can vary slightly due to the hand-built nature of our furniture.

- ▶ All pieces are handcrafted of solid oak wood that is grown and harvested in the United States in strict adherence to global environmental policies.
- ▶ Benchmade using mortise-and-tenon assembly, each plank purposefully varies in size to replicate original barn doors.

recommended care

- ▶ Spills should be removed immediately with a damp cloth.
- ▶ Dust with a soft, dry cloth. Use Guardsman® Wood Polish periodically.
- ▶ Do not use care products that contain ammonia or silicone as this will cut through the lacquer finish over time and damage your piece.
- ▶ Protect surfaces from hot and/or wet objects with coasters and table pads to preserve the finish and natural characteristics of the wood.
- ▶ Never place hot dishes on this tabletop; we recommend the use of felt-backed tablemats.
- ▶ Prolonged use of hot electrical equipment on top of furniture may also cause scorching.
- ▶ Always avoid exposure to direct sunlight or heat (e.g. by placing it in front of a radiator) as this can cause cracking and potential fading of the wood; a minimum 30 cm clearance from heat sources is advised.
- ▶ Do not drag piece(s) across the floor as this will cause damage or weaken joints.
- ▶ Dropping furniture onto corners or feet will cause damage.
- ▶ Leaning backwards on two legs of a chair may weaken joints.
- ▶ Toys, buckles and heels will scratch furnishings—try to prevent these objects from coming into contact with your piece(s).

where warm breezes dance between island dwellings.

With a history of both English and French settlements inhabiting its tropical shores, the Caribbean island of St. Lucia has evolved over centuries into a sparkling fusion of French Creole culture and classic British style. Our St. Lucia Bed derives inspiration from both. Evocative of the swirling shapes forming a traditional British family crest, the swooping lines of this bed infuse solid wrought iron with a sense of lightness and fluidity. And, with its distinctive vintage finishes, this extraordinary bed evokes the spirit of a rare and delicate gem from another era.

product details

- ▶ Constructed of solid wrought iron, meticulously shaped and forged by hand.
- ▶ Delicate, iron ball finials float atop each bedpost.
- ▶ Ornate medallions punctuate the center of the head and footboards.

- ▶ An elegantly aged patina is hand-painted over the powder coating and artfully rubbed off.

- ▶ Frames are reinforced with solid iron bars, which are forged to the bed rails.
- ▶ Bed bases provide reliable, lasting support for your mattress set.

18th century chic

Inspired by a late 18th century Louis XVI-style sideboard found in the flea markets of Annecy, France, our Tinsley Bedroom Collection is artfully crafted with careful attention to detail and traditional styling. Simple, straight lines, fluted legs, and panels are sculpted from solid American oak and veneers. Multilayered finishes give a soft and relaxed look that's contrasted by artful distressing and complimented by the natural beauty of oak wood coloring and grain. Solid wood drawers are reinforced and accented with beautiful, solid brass pulls and feature soft-close glides for quiet access to convenient storage.

product details

- ▶ Craftsman-built frames are constructed from solid American oak with elm veneers.
- ▶ Soft, multilayered finishes are styled and artfully distressed by hand to achieve a relaxed yet rustic patina.
- ▶ Solid brass hardware is handcrafted with a naturally aged finish to complement the tones and textures found in the oak wood surfaces.
- ▶ Drawers are constructed using English dovetail joinery for incredible durability.
- ▶ Drawers under-mounted on soft-close metal glides and feature reinforced bottom panels.
