chic design with modern living in mind.

A thoroughly contemporary media unit, our A-Frame TV Console's trestle design easily complements a variety of settings from urban lofts to rustic living rooms. Enduring bluestone is cut from the mountains of Northern China and sculpted by hand before being inset into the top of this chic piece. The A-frame cabinet is expertly crafted from naturally beautiful pine from Finland, that our craftsmen have sanded and hand-painted before careful distressing to create a weathered appearance. This finish is then waxed and lacquered for added protection. The base features three sliding doors concealing spacious storage and cord management holes to accommodate all electronics.

product details

- ▶ Console base is handcrafted from Finnish pine.
- ▶ Wooden surfaces are bleached for an even tone, then sanded, hand-painted, lacquered and distressed.
- ▶ Finished wood is sealed with wax for added protection.
- ▶ Cabinets feature sliding doors and cord management holes, which conveniently accommodate electronics and media equipment.
- ▶ Bluestone tops are hand-cut and finished with a clear wax topcoat.
- ▶ Natural bluestone is selected for its beauty, strength, and durability.
- ▶ Due to their hand-applied finishing, color and texture may vary from piece to piece, in both bluestone and wood surfaces, making each piece unique.
- ▶ Natural wood will display movement from season to season due to changes in temperature and humidity.
- ▶ Some small splits, knots, joint lines, and other natural properties may occur, adding character to each piece without affecting performance.

redefining décor classics

Clean, simple, and versatile, our Argent cabinet collection is thoughtfully designed to be the foundation of your décor. Featuring, simple hand-sculpted moulding and paned glass doors, these cabinets are judiciously detailed to easily complement a wide range of aesthetics. Cabinet frames are built from solid ash wood, using mortise-and-tenon joinery to ensure lasting strength and stability. And, multilayered finishes are hand-applied to ash-veneer surfaces, creating a rustic, distressed appearance that accentuates the ash wood's natural features, adding depth of detail and texture to your space.

product details

-  Cabinets are craftsman-built from solid ash wood and surfaced with ash veneers for a consistent surface.
-  Frames are built using mortise-and-tenon joinery to ensure superior strength and stability.
-  Multilayered finishes are applied by hand. Wood surfaces are sanded, stained, sealed, and glazed to create a rustic appearance.
 - ▶ Media Cabinets feature four adjustable/removable shelves (two on each side).
 - ▶ Tall Cabinets feature four adjustable/removable shelves.
 - ▶ Cabinets feature cord management holes to accommodate media equipment and other electronics.
 - ▶ Due to the nature of materials used and hand-applied finishes, color, pattern, and texture may vary, making each piece unique.
 - ▶ Wood furnishings may also display small splits, knots, joint lines, or other natural features. These markings are normal and will not affect the performance of your piece.
 - ▶ Due to changes in temperature or humidity, wood furnishings may display slight movement from season to season.
 - ▶ Regular maintenance of wood furnishings is required. For additional information, please visit arhaus.com

40ARTVEASEL

a play on an artist's easel,

our Articulated TV Easel features a whimsical, contemporary design that combines function with literal artistry. This unique media stand is constructed from solid iron and steel accentuated by an antiqued finish and protected by a powder coating. Its angle can be customized to fit your display preferences via a gear crank and accompanying safety lock. The "brush tray" provides convenient storage space for remote controls or other small accessories, and the bottom shelf provides convenient storage for electronics and media. Casters enable this piece to move smoothly as needed and lock to keep it in place.

product details

- ▶ Hand-forged from solid steel and iron, powder coated for added protection and finished with an antiqued patina.
- ▶ Tilt angle adjusts with a gear crank secured by a safety lock.
- ▶ Rolls on lockable castors for easy movement.
- ▶ Features a tray and bottom shelf for added storage.
- ▶ Bottom support tray is 24.5" w x 3.5" d.
- ▶ Top bracket adjusts up to 36" h.
- ▶ Can support up to 220 lbs.
- ▶ Please measure the overall measurements of your television, including the screen's frame, before installation.

Installation Instructions:

For added safety and stability, it is recommended that the wall mounting hardware be installed. For safe mounting, it is essential to use wall anchors appropriate to your wall type (i.e. Plaster, drywall, concrete, etc.). Mount to wood studs whenever possible.

- Attach **1 pc of wall fitting** to furniture as shown, using **small screw**.
- Determine the final position for the furniture. Mark position on the wall approximately 2" below the bracket mounted to the back of the unit.
- **Drill** a hole in the wall stud. If the wall stud is not available, drill a hole in the wall that is slightly smaller in diameter than the anchor. Gently tap the **plastic anchor** until the flange of the anchor is flush with the wall.
- Attach the **wall fitting** to the wall by inserting **large screw** through the wall fitting and into the **plastic anchor** in the wall.
- Place the unit so the wall fitting on the back edge is aligned with the wall fitting on the wall.
- Lace one end of the **wall strap** through both fittings, and into the other end of the strap.
- Pull the strap tightly until secure.

Any damage incurred to the furniture or the wall as a result of improper installation of this restraint will be the responsibility of the owner.

childhood memories of summers

spent on a farm in central Ohio became our inspiration for the sliding barn doors of our Baumann Collection. Artisans hand-plane solid oak grown and harvested in America. Each section is hand-finished with an antique rust patina. Even the hardware has been replicated—the castings for the wheels and tracks are inscribed with the words “Ashland County,” reminiscent of original barn doors. Slide the rustic doors to reveal or conceal additional storage.

product details

- ▶ All pieces are handcrafted of solid oak wood.
- ▶ Wood is grown and harvested in the United States in adherence to global environmental policies.
- ▶ Each solid oak plank is hand-planed, hand-sanded and then layered with several coatings of glaze.
- ▶ Artisans apply a matte lacquer topcoat to each piece for extra protection.
- ▶ Solid, cast iron wheels and hardware are hand-finished in a natural rust patina.
- ▶ Hardware is lacquered to prevent oxidation and staining.
- ▶ Each piece may vary slightly in shading and grain pattern.
- ▶ Each plank purposefully varies in size to replicate original barn doors.
- ▶ Some small splits may occur, adding character to each piece.
- ▶ Natural knots and joint lines add interest without affecting performance.
- ▶ Natural wood will display movement due to changes in temperature and humidity.
- ▶ Frames are constructed using a reinforced mortise-and-tenon assembly.
- ▶ 112" Media Wall Unit and Media Consoles feature adjustable and removable shelving.
- ▶ 142" Media Wall Unit features removable shelving only. Shelving is non-adjustable.
- ▶ Cord management holes accommodate all electronics.
- ▶ 112" Media Wall Unit features a 50" w x 15" d x 35"-42" h TV cavity with removable shelf.
- ▶ 142" Media Wall Unit features a 65" w x 15" d x 35"-42" h TV cavity with removable shelf.
- ▶ Due to weight and size, 142" Media Wall Unit can be delivered to first floor only. No steps.
- ▶ Due to the height of 112" and 142" Media Wall Units, please verify the clearance measurements of ceilings, doorways, stairways, elevators, and hallways.

contemporary style classically crafted

Our Cahlo credenza complements chic, rustic surfaces with warm colors and hand-touched detailing. Each copper surface is carefully crafted by Mexican metal artisans from panels of recycled copper. Panels are hand-pounded onto solid hardwood cabinet doors and held over an open flame to produce unique coloring. Cabinet tops and frames are built from solid poplar wood supported by a forged iron base. When complete, artisans stamp each copper piece with a Monarch butterfly to signify its transformation and to honor the village responsible for its creation.

in perfect harmony

Designed for both function and style, our Chorus Theory collection is handcrafted to strike just the right notes in any space. Stunning storage and display pieces combine French casement details with neoclassical architectural elements. Craftsman-built from solid douglas fir, poplar, or reclaimed pine, each surface is softly hand-painted in versatile, neutral tones to complement your existing décor. Sophisticated finishes are accented with iron hardware and coated with lacquer for added protection and subtle sheen.

product details

- ▶ Media Console bases are handcrafted from solid douglas fir—chosen for its strength and neutral tone.
- ▶ Frames and cases featuring our Rustic White, Rustic Blue, or Grantham Grey finishes are handcrafted from solid poplar, chosen for its strength and neutral tone.
- ▶ Frames and cases featuring our Rustic Black, Barnwood Natural, or Barnwood Brown finishes are constructed from solid reclaimed pine and pine veneers.
- ▶ Other surfaces are constructed from solid reclaimed pine salvaged from old doors, homes, boats, and barns found in rural farming regions.
- ▶ In addition to its stunning natural features, our reclaimed wood is treasured in many of our collections as a contribution to preserving healthy and sustainable eco-systems.
- ▶ Artisan-applied finishes begin by bleaching our reclaimed pine to even its tone, and end with a coat of lacquer for added protection and subtle sheen.
- ▶ Barnwood Natural, Barnwood Brown finishes are achieved through light staining and waxing for a warm glow.
- ▶ Rustic Black and Rustic White finishes are achieved through layers of paint and glaze to create a timeworn appearance.
- ▶ Grantham Grey and Rustic Blue pieces are hand-painted for a smooth finish.

COLTON
wall collection
made in INDIA

Artisans give a nod to the Industrial Movement

with a piece that looks as if we pulled it from the factory floor during the Revolution. Ample storage—shelving and drawers—made of

hand-forged iron do all the heavy lifting with style. We also love that this bookcase has an eco-friendly story—the iron is recycled.

NATURAL WOOD

Each piece will have slightly different shading and grain patterns, and due to the nature of a multi-layered finish that is hand-applied by our craftsmen, there will be variation from piece to piece. Some small splits may occur, but will only add to the character. Knots and joint lines are a natural property and add interest without affecting performance. All natural wood will display movement from season to season because of changes in temperature and humidity.

HANDCRAFTED QUALITY

Arhaus furniture is made with great care and attention to detail. Our collections are distinctive and designed to bring pleasure to you in your home for years to come. Each piece is handcrafted, made using traditional skills and techniques, and hand-painted, distressed and finished to ensure each item becomes an heirloom in your home.

RENEWABLE RESOURCES

Arhaus is unique in its commitment to preserving natural resources. Our Corporate Rainforest Policy states that we will not sell merchandise made of timber from the world's endangered rainforests. In all cases, the wood we use was harvested from renewable resources.

All dimensions can vary slightly due to the hand-built nature of our furniture.

product details

- ▶ Handcrafted of solid forged iron.
- ▶ The Colton library features mango wood shelves and drawers.
- ▶ The mango wood is distressed and treated with a warm stain and dark wax for an antique patina.
- ▶ The Colton metal library is exclusively made of iron.
- ▶ The iron finish is antique black with the added wax topcoat.
- ▶ Shelving is fixed.
- ▶ Mango wood drawers feature tongue and grove construction with cut-out handles.
- ▶ Metal drawers operate on full extension metal glides with cut-out handles.
- ▶ Both large and small library designs feature a removable ladder.
- ▶ Console offers four drawers for storage and one fixed shelf.
- ▶ Due to weight and size, this product can be delivered to first floor only.

- ▶ Based on the size and weight of this item, along with type of flooring, installation of an anti-tip kit may be required. This is not part of our delivery service; professional installation is recommended.

recommended care

- ▶ Wipe up all spills immediately.
- ▶ We recommend using a damp cloth on iron. You may use a mild soap if necessary. Towel dry.
- ▶ Do not use care products that contain ammonia or silicone as they will cut through the finish (over time) and damage your piece.
- ▶ **Mango wood:** protect surfaces from hot and/or wet objects with coasters and table pads. You may also use Fiddes® Wax to maintain the finish. Avoid placing the piece near a direct heat source as this may cause warping of the wood.

authentic artisan craftsmanship

Over two years in the making, in collaboration with artisans in the remote city of Udaipur, India, our Divya cabinets are inspired by traditional designs and authentic artistry passed down from generation to generation. These modern, handcrafted case pieces feature mosaic floral motifs—hand-drawn by our designer—reminiscent of the naturally elegant jasmine found growing amongst the palaces and lakes of Udaipur. Each cabinet door takes ten days to complete, as artisans select and shape each bone by hand. As our artisans are non-violent and strict vegetarians, our bone is humanely sourced from naturally deceased water buffalo that roam the streets and countryside of India.

product details

- ▶ Cabinets are handcrafted by artisans in Udaipur, India. Frames are built using solid oak wood, oak veneers, and engineered hardwood that is painted and finished by hand.
- ▶ Bone inlaid into cabinet doors is selected, shaped, polished, and smoothed by hand, before being placed carefully, one at a time onto each door.
- ▶ Due their hand-crafted nature, each cabinet door features a unique combination of inlay shapes. While their overall design remains consistent, no two cabinets will appear exactly the same.
- ▶ Bone used in this collection is ethically and sustainably sourced from naturally deceased water buffalo, which roam the streets and countryside of India.
- ▶ As our artisans are non-violent and strict vegetarians, each piece is constructed without conflict.
- ▶ Resin is poured over cabinet doors, securing inlays to the cabinet's surface and providing contrast to accentuate the elegant floral motif.
- ▶ Resin surfaces are sanded and finished by hand, creating a concrete-like texture with high and low tones that contrast the warm bone and painted wood.
- ▶ Wooden surfaces are hand-painted to complement the cabinet's doors. A coat of clear lacquer provides added protection and a subtle sheen.
- ▶ Cord management holes accommodate electronics and bar appliances.
- ▶ This collection is artisan-crafted from natural materials with hand-applied finishes. Individual pieces may vary in color, pattern, shape, and texture, making each truly unique.
- ▶ Keep your furniture looking its best. Visit arhaus.com or speak to any Arhaus Design Consultant for care recommendations.

ADJUST PUSH LATCH AND HINGES

INSTRUCTIONS FOR ADJUSTING THE DOORS

The doors will already be adjusted by the manufacturer with the furniture on level ground. If your floor is uneven the doors may need further adjustment and this can be done with the hinges as shown below:

1. TO ADJUST THE DOORS FROM SIDE TO SIDE

Slacken screw A and adjust the door position from side to side using screw B.

When the door is correctly adjusted re-tighten screw A.

2. TO ADJUST THE DOORS FROM FRONT TO BACK

Slacken screw A and adjust door from front to back.

When the door is correctly adjusted re-tighten screw A.

3. TO ADJUST THE DOORS UP OR DOWN

Slacken both screws C and adjust the door up or down

When the door is correctly adjusted re-tighten both screws C.

Mid-Century Retro-Chic

Invoking the finery of Howard Hughes and the jet-setting, international sophistication and high-fashion of the mid-20th century—as if pulled from the pages of an Ian Fleming novel—our Ellison Console perfectly exemplifies the height of modern styling. Accented by antiqued brass, inset handles and constructed with a

sharp, angular silhouette, this retro-chic media console is framed in mahogany and mindi wood. A dark, burnished brown finish and subtle detailing brings out the warmth of the wood's texture and complements this classic aesthetic.

ARTISAN FINISHED

Many of our pieces may vary slightly in color, pattern and texture due to the nature of multi-layered finishes that are hand-applied by our craftsmen. Hand-applied finishes may include some small splits, knots, joint lines and other natural properties that will add interest without affecting performance. Materials may also display movement from season to season because of changes in temperature and humidity. We believe these variances from piece to piece only add to an individual's unique, artisan-crafted character.

HANDCRAFTED QUALITY

Arhaus furniture is made with great care and attention to detail. Our collections are distinctive and designed to bring pleasure to you in your home for years to come. Each piece is handcrafted, made using traditional skills and techniques, and hand-painted, distressed and finished to ensure each item becomes an heirloom in your home.

celebrating the organically beautiful

Sustainably grown in Indonesia, the Suar wood displayed on our Fleetwood Cabinet showcases warm tones of rich brown and bold organic patterns. The front of this stunning piece is formed by two solid slabs—one for cabinet doors and the other for drawer fronts. These naturally beautiful surfaces are sanded by hand for a smooth feel and artfully finished with lacquer to accentuate the wood's natural light and dark coloring and varying grain. A complementary solid steel base creates a contemporary style that both contrasts and accentuates the wood elements.

product details

- ▶ Handcrafted by Indonesian artisans from slabs of solid suar wood and suar veneers complemented by a solid steel base.
- ▶ Two solid slabs are used to cabinet's front surfaces—one slab is used for the cabinet doors and another slab is used for the drawer fronts.
- ▶ Natural wood surfaces are hand-sanded and lacquered to accentuate the organic highs and lows in their color and grain pattern.
- ▶ The contemporary, solid steel base features a chic black finish.
- ▶ Drawers feature undermounted, soft close glides.
- ▶ Cabinets feature adjustable/removable shelving and cord management holes to accommodate electronics.
- ▶ Each piece may vary slightly in color, grain and texture. Some small splits, knots or joint lines may occur, adding unique character without affecting performance.
- ▶ All natural wood will display movement from season to season due to changes in temperature and humidity.

details straight from 1952

Sometimes the most beautiful details come in the most unexpected places. That's certainly true of our Giada Collection. Hand-finished like the other pieces in our Bell'Arte Collection, Giada showcases something truly special—a back panel that's been hand-painted with a rubber roller from 1952. Found left behind in an old warehouse, we incorporated this vintage piece into each cabinet for a special heirloom-like quality that'll certainly spark conversation. Like other pieces in the Bell'Arte Collection, Giada features a labor-intensive finishing process that ensures no two pieces are alike.

product details

- ▶ As with the rest of our Arhaus-exclusive Bell'Arte Collection, these pieces are handcrafted in a region of Italy renowned for its furniture-making.
- ▶ Craftsman-built from tulip wood—a wood prized in the making of fine furniture.
- ▶ Hand-applied Fiore finishes are layered with stain, paint, and glaze to achieve a timeworn appearance with elegant detailing.
- ▶ Italian artisans meticulously carve and paint all details by hand, making each truly one-of-a-kind.
- ▶ After the finishing process, which takes three days to complete, the artisans sign and date their work.
- ▶ Cord management holes accommodate electronics and media equipment.
- ▶ Due to the nature of materials used and hand-applied finishes, color, pattern, and texture may vary, making each piece unique.
- ▶ Wood furnishings may also display small splits, knots, joint lines, or other natural features. These markings are normal and will not affect the performance of your piece.
- ▶ Due to changes in temperature or humidity, wood furnishings may display slight movement from season to season.
- ▶ Regular maintenance of wood surfaces and antique finishes are required. For additional information, please visit arhaus.com

reminiscent of old hollywood,

and influenced by the bold geometry of 1920s Art Deco architecture, the Isla Collection adds a touch of drama to any space. Its glamorous designs are crafted using a combination

of solid tulipwood and engineered hardwood. Distressed hardware and antiqued mirrored surfaces finished with silver leaf add a vintage touch to these otherwise timeless pieces.

artisan finished

Many of our pieces may vary slightly in color, pattern and texture due to the nature of multi-layered finishes that are hand-applied by our craftsmen. Hand-applied finishes may include some small splits, knots, joint lines and other natural properties that will add interest without affecting performance. Materials may also display movement from season to season because of changes in temperature and humidity. We believe these variances from piece to piece only add to an individual's unique, artisan-crafted character.

handcrafted quality

Arhaus furniture is made with great care and attention to detail. Our collections are distinctive and designed to bring pleasure to you in your home for years to come. Each piece is handcrafted, made using traditional skills and techniques, and hand-painted, distressed and finished to ensure each item becomes an heirloom in your home.

renewable resources

Arhaus is unique in its commitment to preserving natural resources. Our Corporate Rainforest Policy states that we will not sell merchandise made of timber from the world's endangered rainforests. In all cases, the wood we use was harvested from renewable resources.

Caution: Overtightening hardware can cause cracking. Dimensions may vary slightly. Please ensure furnishings fit through interior structures and into desired space before purchase.

well-traveled cabinetry

Salvaged from structures in rural China, each plank of reclaimed pine in our Kensington Media Cabinet is characterized by distinctive knots, joint lines, and other natural features, which impart unique character and an elegantly rustic aesthetic. Beautiful variances in wood grain and color are complemented by a hand-sculpted bluestone top, cut by artisans and protected with a clear finish. Both materials have made a winding journey to your home, and within each marking, there exists a whisper of rare history.

product details

- ▶ Handcrafted from solid, reclaimed pine salvaged from old structures in rural farming regions.
- ▶ Reclaimed wood is selected as a way to contribute to a healthy and renewable ecosystem.
- ▶ Due to size variance in the wood, number of planks in each piece may vary.
- ▶ Console tops are hand-sculpted from a solid slab of bluestone and given rounded, bullnose edges.
- ▶ Extensive, artisan-crafted finishes are applied by hand.
- ▶ Reclaimed wood is bleached, hand-painted, lacquered, and waxed for a warm, rich finish.
- ▶ Bluestone tops are finished with a clear protective wax.
- ▶ Glass cabinet doors allow for easy access to media components.
- ▶ Drawers and cabinet doors feature antique brass pulls.
- ▶ Each cabinet section features an adjustable/removable shelf.
- ▶ Cord management holes accommodate electronics and media components.
- ▶ Due to the nature of materials used and hand-applied finishes, color, pattern, and texture may vary, making each piece unique.

an authentic work of art

Completely hand-carved over four days by a single artisan—each piece of our Mandara collection is sculpted from solid mahogany. Indonesian craftsmen create stunning designs in small, limited quantities using traditional, time-honored techniques. Featuring incredible detailing and intricately scrolling floral motifs, every wooden surface of these masterpiece cabinets is artisan-finished and lacquered for added protection and subtle sheen. Simple finishes emphasize every carved pattern, allowing natural shadows to define each sculpted line and curve.

product details

- ▶ Handcrafted by Indonesian artisans from solid mahogany and mahogany veneers.
- ▶ Scrolling floral motifs are meticulously hand-carved over four days by a single artisan, using traditional tools and techniques.
- ▶ Each wooden surface is carefully finished by craftsmen and coated in lacquer for added protection and to accentuate its hand-sculpted detailing.
- ▶ Cabinets are supported by strong and durable steel legs.
- ▶ This collection is artisan-crafted from natural materials with hand-applied finishes. Individual pieces may vary in color, pattern, shape, and texture, making each truly unique.
- ▶ Natural wood may display small splits, knots, joint lines, or other organic features that will not affect the quality or performance of your piece.
- ▶ Cabinet doors are backed with glass panels.
- ▶ Cabinets features adjustable/removable shelving and cord management holes to accommodate electronics.
- ▶ Cabinet doors operate with spring-touch locking mechanisms.
- ▶ Keep your furniture looking its best. Visit arhaus.com or speak to any Arhaus Design Consultant for care recommendations.

INSTRUCTIONS FOR ADJUSTING THE DOORS

unexpected aesthetics

Handcrafted by flooring artisans, our stunning Nyles cabinet marries Mexican woodworking tradition with the aesthetics of century-old parquetry. Each cabinet is hand-built from solid oak complemented by oak veneers and a steel frame. Wooden surfaces are finished by hand with a light stain to even out the oak's color and accentuate its natural textures and graining. Bi-fold doors and removable shelves provide storage versatility that fits any space.

product details

- ▶ Cabinets are craftsman-built by Mexican artisans from solid oak and oak veneers complemented by tubular steel framing.
- ▶ Wood surfaces are hand-finished to enhance the oak's natural features. A light, evenly applied stain evens color.
- ▶ Finished surfaces are coated with a clear lacquer for added protection and a subtle sheen.
- ▶ Bi-fold doors wrap around cabinets, providing easy, wide-open access.
- ▶ Cabinets feature removable shelves to accommodate all storage and display needs.
- ▶ Cord management holes accommodate electronics, keeping cords neat and out of sight.
- ▶ Levelers under cabinet bases provide stability and allow for easy adjustments.
- ▶ This collection is artisan-crafted from natural materials with hand-applied finishes. Individual pieces may vary in color, pattern, shape, and texture, making each truly unique.
- ▶ Natural wood may display small splits, knots, joint lines, or other organic features that will not affect the quality or performance of your piece.
- ▶ Furniture made from natural wood may move slightly due to temperature and humidity. This is normal and should be expected from season to season.

handcrafted displays of solid wood and iron, where art and entertainment await.

Solid, American oak or Indonesian mango wood is combined with an iron, Parsons-style base to create the warm, contemporary style of our Palmer Wall Collection. Each of these graceful pieces becomes a media showcase or a home library, where your precious treasures can be viewed or borrowed anytime—and are never overdue.

product details

- ▶ Pieces finished in Natural Oak are handcrafted of solid oak wood grown and harvested in the United States.
- ▶ Pieces finished in Bali Brown are handcrafted of solid Indonesian mango wood.
- ▶ Pieces finished in Bronzed Oak are handcrafted of American-grown solid oak and oak veneers finished in a walnut stain.
- ▶ Metal frames of Bronzed Oak pieces are hand-painted in brass.
- ▶ All wood used to craft these pieces is sustainably grown and harvested.
- ▶ Each wood plank is hand-finished with a weathered appearance, displaying unique texture and accentuating the wood's natural features.
- ▶ Artisans apply a matte lacquer to each piece for extra protection and a subtle sheen.
- ▶ Parsons-style iron bases are powder-coated to prevent rusting and provide a protective finish.
- ▶ TV Console features adjustable/removable shelving on each side and cord management holes to accommodate electronics.
- ▶ Due to the hand-applied, multi-layered finishing, each piece will vary slightly in shading and grain pattern, creating a unique appearance.
- ▶ Some small splits, knots, joint lines and other natural features may occur, but will not affect a piece's performance.
- ▶ All natural wood will display movement from season to season due to temperature and humidity.
- ▶ Finishes are durable enough to withstand daily use; but, as with all fine, wood finishes, should be protected from heat and moisture.
- ▶ Handcrafted wood surfaces are easily maintained with soap and water. Non-wax Guardsman® Wood Polish can be used as needed.

1. Attach one of the mounting brackets near the top back edge of the furniture piece by inserting the shorter screws.
2. Determine the final position of the furniture piece. Mark location on the wall pproximately 2" below the bracket mounted to the back of the furniture.
3. Drill a starter hole into the wall stud. If wall stud is not available, drill a hole into the wall and insert plastic anchor. Gently tap the anchor until the flange of the anchor is flush with the wall.
4. Attach the second bracket by inserting the longer screw through the bracket and into the wall.
5. Place the furniture so the bracket on the back edge is in line with the bracket on the wall.
6. Lace one end of the nylon restraint strap down through each bracket. Bring both ends together and slide the beaded end until it snap locks into the keyhole slot.
7. To double lock, return the beaded end back through the keyholes as shown.
8. Check to make sure the strap is securely laced and locked to the brackets.

artisan-detailed copper-faced cabinetry

Featuring artisan-finished metal fronts with hand-tooled detailing, our Reynold Cabinets are reminiscent of circular stonework found on the streets of Florence. Each stunning surface in this craftsman-built collection is made from solid hand-stained mahogany. Cabinet interiors provide ample storage for electronics, barware, and more, providing convenient functionality in any space—in addition to rustic, contemporary style.

product details

- ▶ Case frames are artfully constructed with dark mahogany.
- ▶ Mahogany surfaces are sanded and stained by hand.
- ▶ Copper-finished cabinet doors feature hand-stamped copper surfaces complemented by a dark, oxidized patina.
- ▶ Zinc-finished cabinet doors feature hand-stamped aluminum surfaces complemented by a wire-brushed grey patina.
- ▶ All surfaces are lacquered for added protection and a subtle sheen.
- ▶ Cabinet features adjustable/removable shelving and cord management holes to accommodate electronics.
- ▶ Cabinet doors operate with spring-touch locking mechanisms and feature interior storage compartments for smaller items.
- ▶ Keep your furniture looking its best. Visit arhaus.com or speak to any Arhaus Design Consultant for care recommendations.

*All Bell'Arte pieces are made to order.

a true masterpiece

Centuries-old woodworking techniques are used to craft every exquisite detail of our exclusive Bell'Arte collection. Handcrafted to order in a region of Italy renowned for its furniture-making, our dedicated artisans treat each unique piece like a work of art. Cabinetry is built from solid tulip wood and masterfully finished by hand, combining layers of stain, paint, and lacquer—a process which takes over three days to complete per piece. Our Sofia cabinets are inspired by authentic Italian antiques, featuring hand-painted motifs of birds for a touch of charm and warmth.

product details

- ▶ As with the rest of our Arhaus-exclusive Bell'Arte Collection, these pieces are handcrafted in a region of Italy renowned for its furniture-making.
- ▶ Craftsman-built from tulip wood—a wood prized in the making of fine furniture.
- ▶ Antique Uccello finishes are hand-painted. Layered stain, paint, and lacquered surfaces are artfully distressed, resulting in a timeworn appearance with elegant detailing.
- ▶ Sofia cabinets are decorated with meticulously hand-painted bird motifs for a touch of charm.
- ▶ Italian artisans meticulously carve all details by hand, making each piece truly one-of-a-kind.
- ▶ After the finishing process, which takes three days to complete, the artisans sign "Hand-painted in Italy" in Italian and date their work.
- ▶ Cabinets feature convenient cord management holes to accommodate lighting and electronics.
- ▶ **If you wish, the artisans can specially customize your Bell'Arte piece by hand-painting your name (up to three words) on the underside for no additional cost.**

contemporary rustic cabinetry

Functional design at its best, our Sullivan Collection is artisan-crafted to frame your space in a grounded, contemporary aesthetic. Built by hand using sustainably sourced, reclaimed, European oak wood complemented by oversized iron hardware, each hand-stained surface features a smooth, contemporary finish that accentuates the natural character of the salvaged wood. These cabinets perfectly balance practicality, craftsmanship, and chic styling with sliding cabinet doors that can be easily moved to reveal or conceal media components, décor, or storage.

product details

- ▶ Sullivan cabinets are handcrafted by artisans from reclaimed European oak, sustainably grown solid oak, and oak veneers.
- ▶ Reclaimed European oak wood is used in cabinet doors and drawers, showcasing its unique, naturally weathered features.
- ▶ In addition to its stunning, natural appeal, our reclaimed wood is treasured in many of our collections as a contribution to preserving healthy and sustainable eco-systems.
- ▶ Wood surfaces are hand-sanded, layered with several coats of glaze, and finished with a matte lacquer topcoat for added protection.
- ▶ Sliding cabinet doors move easily to reveal or conceal shelving, providing options for both storage and display.
- ▶ Cabinet doors are complemented by solid iron handles.
- ▶ Sullivan Credenzas feature adjustable/removable shelving to accommodate any storage or display needs.
- ▶ Cord management holes accommodate electronics and media equipment.
- ▶ Drawers sit atop under-mounted glides.
- ▶ Wall Unit's TV cavity size is 61" w x 10" d x 36" h.
- ▶ All Sullivan pieces include anti-tip kits for added stability.
- ▶ Keep your furniture looking its best. Visit arhaus.com or speak to any Arhaus Design Consultant for care recommendations.

Installation Instructions:

For added safety and stability, it is recommended that the wall mounting hardware be installed. For safe mounting, it is essential to use wall anchors appropriate to your wall type (i.e. Plaster, drywall, concrete, etc.). Mount to wood studs whenever possible.

- Attach **1 pc of wall fitting** to furniture as shown, using **small screw**.
- Determine the final position for the furniture. Mark position on the wall approximately 2" below the bracket mounted to the back of the unit.
- Drill a hole in the wall stud. If the wall stud is not available, drill a hole in the wall that is slightly smaller in diameter than the anchor. Gently tap the **plastic anchor** until the flange of the anchor is flush with the wall.
- Attach the **wall fitting** to the wall by inserting **large screw** through the wall fitting and into the **plastic anchor** in the wall.
- Place the unit so the wall fitting on the back edge is aligned with the wall fitting on the wall.
- Lace one end of the **wall strap** through both fittings, and into the other end of the strap.
- Pull the strap tightly until secure.

Any damage incurred to the furniture or the wall as a result of improper installation of this restraint will be the responsibility of the owner.

Media Console
66" w x 17" d x 36" h
40TOULCON

classic French farmhouse.

Each heirloom-quality cabinet in our Toulon collection is handmade from eco-friendly acacia wood—grown specifically for the purpose of making stunningly beautiful furniture. Hand-stained in a rich Toasted Auburn patina, which allows the wood's natural grain to shine through, the planked tops of these media consoles provide warm contrast against the rich, hand-finished Blackened Auburn bases.

product details

- ▶ Cabinet tops are hand-finished in a warm, Toasted Auburn stain.
- ▶ Cabinet bases are finished in Blackened Auburn, a charcoal paint that is hand-distressed to bring out the colors of walnut finish beneath.
- ▶ Each piece is finished with a layer of durable lacquer to guard against daily use.
- ▶ This collection is handmade from acacia wood, a plantation-grown, tropical hardwood.
- ▶ The number of planks in each top may vary from piece to piece.
- ▶ Constructed using workbench methods including dovetail joinery and mortise-and-tenon assembly for superior durability and structural reliability.
- ▶ Brass hardware is finished with an antiqued patina.
- ▶ Media Consoles feature one fixed shelf and cord management holes to accommodate electronics and media equipment.

ASSEMBLING INSTRUCTION TREMONT MODULAR 20" DR BASE

- ▶ The wood in this collection lives and breathes with the seasons, often displaying slight movement due to changes in temperature and humidity. To retain the organic luster of the wood, care for your furniture with annual applications of Fiddes® Wax.
- ▶ Wood products have a lacquer coat and a wax finish applied to the surface. Before application, ensure that the surface is clean and dry. Apply Fiddes® Wax to the surface in small sections following the grain. This wax is quick drying and can be buffed after it dries for a desired sheen.

1. Attach one of the mounting brackets near the top back edge of the furniture piece by inserting the shorter screws.
2. Determine the final position of the furniture piece. Mark location on the wall pproximately 2" below the bracket mounted to the back of the furniture.
3. Drill a starter hole into the wall stud. If wall stud is not available, drill a hole into the wall and insert plastic anchor. Gently tap the anchor until the flange of the anchor is flush with the wall.
4. Attach the second bracket by inserting the longer screw through the bracket and into the wall.
5. Place the furniture so the bracket on the back edge is in line with the bracket on the wall.
6. Lace one end of the nylon restraint strap down through each bracket. Bring both ends together and slide the beaded end until it snap locks into the keyhole slot.
7. To double lock, return the beaded end back through the keyholes as shown.
8. Check to make sure the strap is securely laced and locked to the brackets.

ARHAUS®

FURNISHING A BETTER WORLD

Just Your Type

Inspired by the long, thin drawers used by typesetters to store metal type blocks, we have designed our Typesetter's Collection to mimic their unique motif. Our artisans have added metal-panel tops with an antiqued copper finish for an aged, worn look that calls to mind antique books, and galvanized steel pulls to this collection's spacious drawers and compartments. Each piece's frame is constructed using

solid Acacia wood along with Acacia veneers, which are accentuated by carved detailing and a rich, distressed stain that brings out the wood's natural texture. All of these carefully curated elements come together to create an energetic, eclectic aesthetic that will perfectly adorn your home-office space.

ARTISAN FINISHED

Many of our pieces may vary slightly in color, pattern and texture due to the nature of multi-layered finishes that are hand-applied by our craftsmen. Hand-applied finishes may include some small splits, knots, joint lines and other natural properties that will add interest without affecting performance. Materials may also display movement from season to season because of changes in temperature and humidity. We believe these variances from piece to piece only add to an individual's unique, artisan-crafted character.

HANDCRAFTED QUALITY

Arhaus furniture is made with great care and attention to detail. Our collections are distinctive and designed to bring pleasure to you in your home for years to come. Each piece is handcrafted, made using traditional skills and techniques, and hand-painted, distressed and finished to ensure each item becomes an heirloom in your home.

RENEWABLE RESOURCES

Arhaus is unique in its commitment to preserving natural resources. Our Corporate Rainforest Policy states that we will not sell merchandise made of timber from the world's endangered rainforests. In all cases, the wood we use was harvested from renewable resources.

All dimensions can vary slightly due to the hand-built nature of our furniture.

product details

- ▶ Our Typesetter's Collection is stocked in a rich Antique Brown finish.
- ▶ Fifteen layers of deep, rich paint are applied by hand to finish each piece. Then, artisans distress certain areas by hand for a timeworn appearance.
- ▶ A coat of lacquer then wax is hand-applied for additional protection, softness and sheen.
- ▶ Frames are constructed by hand from solid Acacia wood and Acacia veneers, featuring hand-carved detailing
- ▶ Hardware and drawer pulls are forged from galvanized steel with an antiqued copper finish.
- ▶ Executive Desk includes a pull-out tray on either side above organization trays and storage drawers. The bottom compartments contain file drawers, which adjust to fit both legal- and standard-size files. The desk's front features shelving on either side—both sides contain one adjustable/removable shelf.
- ▶ Cabinet features glass-panel doors, and two adjustable/removable shelves on the top and one on the bottom.
- ▶ Lateral File includes a pull-out tray, four storage drawers and two double-size files, which adjust to fit both legal- and standard-size files.
- ▶ Tall File includes a top drawer with pull-out shelf with another storage drawer beneath along with a bottom file drawer, which includes hanging hardware that can accommodate both legal- and standard-size
- ▶ The Book Display features a decorative anti-tip chain that keeps it from falling forward.

recommended care

- ▶ Dust wood with a soft, dry cloth and buff periodically using a non-wax furniture polish such as Guardsman® Wood Polish.
- ▶ Hand-wash metal with mild soap and water. Use a soft sponge. Do not use abrasives as they may scratch the surface of this collection. Dry immediately with a soft cloth.
- ▶ Use clear BRIWAX® to maintain the finish. Apply once every several months with a soft cloth. Apply in small sections, thoroughly working the wax into the grain. Once dry, buff to desired luster.
- ▶ Spills should be removed immediately with a damp cloth.
- ▶ Do not use care products that contain ammonia or silicone as this will cut through the lacquer finish over time and damage your piece.
- ▶ Use coasters, trivets and felt pads under objects to preserve the finish of this piece.
- ▶ Never place hot dishes on surfaces; we recommend the use of felt-backed tablemats.
- ▶ Prolonged use of hot electrical equipment on top of furniture may also cause scorching.
- ▶ Always avoid exposure to direct sunlight or heat (e.g. by placing it in front of a radiator) as this can cause cracking and potential fading; a minimum 30 cm clearance from heat sources is advised.
- ▶ Do not drag piece(s) across the floor as this will cause damage or weaken joints.
- ▶ Dropping furniture onto corners or feet will cause damage.
- ▶ Toys, buckles and heels will scratch furnishings—try to prevent these objects from coming into contact with your piece(s).

Italian craftsmanship and exquisite detail

create the soul of our Arhaus-exclusive Bell'Arte collection. Our Vittoria Wall Collection is no exception. Italian artisans treat each piece like a work of art. These truly one-of-a-kind cabinets are constructed from solid tulip wood and feature hand-carved detailing in their cabinet doors, drawer fronts and moulding. Each piece is painted and distressed by hand over three days. Multiple layers of paint and stain are artfully applied then gently removed to form a timeworn appearance. A final coat of lacquer protects and creates a subtle sheen. These classic cabinets feature ample storage with fully adjustable shelving and secret compartments on either side.

product details

- ▶ Handcrafted from solid tulip wood.
- ▶ Hand-painted with a distressed, ivory and grey Libro finish.
- ▶ Constructed using a mortise-and-tenon assembly for strength and durability.
- ▶ Cabinet doors, drawers and moulding feature hand-carved detailing.
- ▶ Dovetail drawers are set on wood glides with brass knobs.
- ▶ All shelving is adjustable and removable.
- ▶ Cord management holes accommodate media equipment and other electronics.
- ▶ Antique brass locks reveal secret compartments in the cabinet's sides.
- ▶ Wall Unit features a 51" w x 14" d x 50" h cavity.
- ▶ Finishes are durable enough to withstand daily use; but, as with all fine, wood finishes, should be protected from heat and moisture.
- ▶ Handcrafted wood surfaces are easily maintained with soap and water. Non-wax Guardsman® Wood Polish can be used as needed.

an of-the-moment mix of metal and wood,

our Watson Bookcases are functional and unforgettably styled. Clean, modern lines dramatically break at bold angles, creating unique display and storage space for décor and necessities alike. Beautiful oak-surfaced shelving is finished by hand with a multi-layered distressed patina. Steel frames provide a sophisticated element of contrast in both texture and color, ideally framing the shelves' contents. Convenient drawers also provide versatile storage options for any setting.

product details

- ▶ Bookcase frames are craftsman-built from solid steel.
- ▶ Shelving is made with oak veneers for uniform surfaces, while drawer faces are made from solid oak.
- ▶ Wood surfaces are carefully distressed by hand before being waxed and coated with a matte lacquer for added protection.

Cool, Rustic Style for Casual Living

Juxtaposing clean lines and rustic detailing with the natural shape and texture variations of its live-edge top, our Whitman TV Console accentuates your living space with casual yet visually interesting design. Made from imported, solid oak and planked veneers from Europe, the top of this media cabinet is accentuated by a light

Oxford Natural finish that highlights the wood's color and grain pattern. The console's yellow poplar base is covered in naturally smoked European oak veneers and complemented by brass-finished hardware. The cabinet features three shelving sections behind sliding doors for convenient storage.

Many of our pieces may vary slightly in color, pattern and texture due to the nature of multi-layered finishes that are hand-applied by our craftsmen. Hand-applied finishes may include some small splits, knots, joint lines and other natural properties that will add interest without affecting performance. Materials may also display movement from season to season because of changes in temperature and humidity. We believe these variances from piece to piece only add to an individual's unique, artisan-crafted character.

HANDCRAFTED QUALITY

Arhaus furniture is made with great care and attention to detail. Our collections are distinctive and designed to bring pleasure to you in your home for years to come. Each piece is handcrafted, made using traditional skills and techniques, and hand-painted, distressed and finished to ensure each item becomes an heirloom in your home.

RENEWABLE RESOURCES

Arhaus is unique in its commitment to preserving natural resources. Our Corporate Rainforest Policy states that we will not sell merchandise made of timber from the world's endangered rainforests. In all cases, the wood we use was harvested from renewable resources.

All dimensions can vary slightly due to the hand-built nature of our furniture.

product details

- ▶ Tops are hand-stained in an Oxford Natural finish to accentuate the wood's natural characteristics, while cases are finished in naturally smoked oak veneers.
- ▶ Lacquered for added protection and a subtle sheen.
- ▶ Console tops are built from solid European oak and oak veneers. Cases are constructed from yellow poplar and naturally smoked oak veneers.
- ▶ Case and sliding doors feature brass-finished hardware.
- ▶ Cord management holes throughout accommodate media equipment and other electronics.
- ▶ Case features three adjustable/removable shelves, one per section.
- ▶ Spills should be removed immediately with a damp cloth.
- ▶ Do not use care products that contain ammonia or silicone as this will cut through the lacquer finish over time and damage your piece.
- ▶ Use coasters, trivets and felt pads under objects to preserve the finish of this piece.
- ▶ Never place hot dishes on surfaces; we recommend the use of felt-backed tablemats.
- ▶ Prolonged use of hot electrical equipment on top of furniture may also cause scorching.
- ▶ Always avoid exposure to direct sunlight or heat (e.g. by placing it in front of a radiator) as this can cause cracking and potential fading; a minimum 30 cm clearance from heat sources is advised.

recommended care

- ▶ For daily maintenance, clean wood using a mild soap and water solution. Towel-dry immediately.
- ▶ Dust wood with a soft, dry cloth and buff periodically using a non-wax furniture polish such as Guardsman® Wood Polish.
- ▶ Do not drag piece(s) across the floor as this will cause damage or weaken joints.
- ▶ Dropping furniture onto corners or feet will cause damage.
- ▶ Toys, buckles and heels will scratch furnishings—try to prevent these objects from coming into contact with your piece(s)

contemporary décor foundations

Designed for both storage and display, our rustic, contemporary Xander bookcase features a minimal silhouette to highlight your décor. Craftsman-built shelves and frames are constructed from solid oak wood and oak veneers to ensure smooth and consistent surfaces. Finishes are applied by hand—stained and brightened by a light glaze that catches in the oak wood's grain, accentuating its texture and natural markings. Frames are finished in a dark black stain, complementing the medium brown shelves and creating a neutral yet visually impactful background for displayed items. Finishes are wire brushed to give them a slightly distressed appearance and lacquered for added protection and a subtle sheen.

product details

-  Bookcase shelves and x-frames are craftsman-built from solid oak wood and surfaced with oak veneers for a consistent surface.
-  Frames are built using mortise-and-tenon joinery to ensure superior strength and stability.
-  Light Burnt Oak finishes are applied by hand to each shelf while frames feature a black finish. Stains are brightened by a light glaze, which catches in the cathedral grain of the oak wood.
 - ▶ Finishes are wire-brushed for a lightly distressed look and lacquered for added protection and a subtle sheen.
 - ▶ Due to the nature of materials used and hand-applied finishes, color, pattern, and texture may vary, making each piece unique.
 - ▶ Wood furnishings may also display small splits, knots, joint lines, or other natural features. These markings are normal and will not affect the performance of your piece.
 - ▶ Due to changes in temperature or humidity, wood furnishings may display slight movement from season to season.
 - ▶ Regular maintenance of wood furnishings is required. For additional information, please visit arhaus.com
