## a-frame tv console

**A-Frame TV Console**

70" w x 18" d x 28.5" h

Barnwood Black 40AF70TVBLKT2

Grantham Grey 40AF70TVGGKT

## chic design with modern living in mind.

A thoroughly contemporary media unit, our A-Frame TV Console's trestle design easily complements a variety of settings from urban lofts to rustic living rooms. Enduring bluestone is cut from the mountains of Northern China and sculpted by hand before being inset into the top of this chic piece. The A-frame cabinet is expertly crafted from naturally beautiful pine from Finland, that our craftsmen have sanded and hand-painted before careful distressing to create a weathered appearance. This finish is then waxed and lacquered for added protection. The base features three sliding doors concealing spacious storage and cord management holes to accommodate all electronics.

## product details

- ▶ Console base is handcrafted from Finnish pine.
- ▶ Wooden surfaces are bleached for an even tone, then sanded, hand-painted, lacquered and distressed.
- ▶ Finished wood is sealed with wax for added protection.
- ▶ Cabinets feature sliding doors and cord management holes, which conveniently accommodate electronics and media equipment.
- ▶ Bluestone tops are hand-cut and finished with a clear wax topcoat.
- ▶ Natural bluestone is selected for its beauty, strength, and durability.
- ▶ Due to their hand-applied finishing, color and texture may vary from piece to piece, in both bluestone and wood surfaces, making each piece unique.
- ▶ Natural wood will display movement from season to season due to changes in temperature and humidity.
- ▶ Some small splits, knots, joint lines, and other natural properties may occur, adding character to each piece without affecting performance.

## redefining décor classics

Clean, simple, and versatile, our Argent cabinet collection is thoughtfully designed to be the foundation of your décor. Featuring, simple hand-sculpted moulding and paned glass doors, these cabinets are judiciously detailed to easily complement a wide range of aesthetics. Cabinet frames are built from solid ash wood, using mortise-and-tenon joinery to ensure lasting strength and stability. And, multilayered finishes are hand-applied to ash-veneer surfaces, creating a rustic, distressed appearance that accentuates the ash wood's natural features, adding depth of detail and texture to your space.

## product details

Cabinets are craftsman-built from solid ash wood and surfaced with ash veneers for a consistent surface.

Frames are built using mortise-and-tenon joinery to ensure superior strength and stability.

Multilayered finishes are applied by hand. Wood surfaces are sanded, stained, sealed, and glazed to create a rustic appearance.

- ▶ Media Cabinets feature four adjustable/removable shelves (two on each side).
- ▶ Tall Cabinets feature four adjustable/removable shelves.
- ▶ Cabinets feature cord management holes to accommodate media equipment and other electronics.
- ▶ Due to the nature of materials used and hand-applied finishes, color, pattern, and texture may vary, making each piece unique.
- ▶ Wood furnishings may also display small splits, knots, joint lines, or other natural features. These markings are normal and will not affect the performance of your piece.
- ▶ Due to changes in temperature or humidity, wood furnishings may display slight movement from season to season.
- ▶ Regular maintenance of wood furnishings is required. For additional information, please visit [arhaus.com](http://arhaus.com)

## defining neoclassical details and handcrafted finishes

With its vintage silhouettes and artisan-applied finishes, our Athens Modular Wall Collection will infuse your space with neoclassical ambiance and the sophisticated charm of an old English library. Over twenty pieces, including cabinets, bookcases, a bar, and an authentic, sliding library ladder, provide incomparable style with hand-carved trim and solid wood panels. Each of these room-defining displays and storage pieces is perfectly constructed to create the illusion of custom-made, built-in millwork complemented by contemporary functionality to accommodate your every need.

**product details**

- ▶ Finishes are applied by skilled artisans who paint, stain, and distress each surface by hand.
- ▶ Finishes are coated in a soft lacquer for added protection.
- ▶ Tuxedo Black cabinets are handcrafted using solid mahogany and veneers.
- ▶ Nimbus and Stratus cabinets are handcrafted using solid yellow poplar and veneers.
- ▶ Cabinetry is accented with moulding, beadboards, recessed panels, and brass hardware.
- ▶ Solid brass hardware features an antiqued finish.
- ▶ Keep your furniture looking its best. Visit [arhaus.com](http://arhaus.com) or speak to any Arhaus Design Consultant for care recommendations.

## standard components

### Bookcase Top

37.31" w x 17" d x 63" h

Tuxedo Black 40ATHBKTPBL2  
 Nimbus 40ATHBKTPNM2  
 Stratus 40ATHBKTPST2

### bookcase top

- ▶ Features a 33" w x 13.5" d x 55" h cavity.
- ▶ Features three adjustable/removable shelves.
- ▶ Can be combined to form double, triple, etc. configurations.
- ▶ Each will add 37.31" width to configuration.
- ▶ End Panels or Angled Bookcases needed unless next to another standard component.

### Display Cabinet Top

37.31" w x 17" d x 63" h

Tuxedo Black 40ATHDCTPBL2  
 Nimbus 40ATHDCTPNM2  
 Stratus 40ATHDCTPST2

### display cabinet top

- ▶ Features a 33" w x 13" d x 55" h cavity.
- ▶ Glass doors feature decorative moulding.
- ▶ Features three adjustable/removable shelves.
- ▶ Can be combined to form double, triple, etc. configurations.
- ▶ Each will add 37.31" width to configuration.
- ▶ End Panels or Angled Bookcases needed unless next to another standard component.

### Media Cabinet Top

74.62" w x 17" d x 63" h

Tuxedo Black 40ATHVTPBL2  
 Nimbus 40ATHVTPNM2  
 Stratus 40ATHVTPST2

### media cabinet top

- ▶ Features a 70" w x 13.5" d x 48" h cavity; component cavity is 33" w x 5" h.
- ▶ Cord management holes accommodate media components.
- ▶ Will add 74.69" width to configuration.
- ▶ End Panels or Angled Bookcases needed unless next to another standard component.
- ▶ *On the Build Your Own Configuration worksheet, use 2 spaces.*

### Narrow Bookcase Top

20.31" w x 17" d x 63" h

Tuxedo Black 40ATHNWTPBL2  
 Nimbus 40ATHNWTPNM2  
 Stratus 40ATHNWTPST2

### narrow bookcase top

- ▶ Features three adjustable/removable shelves.
- ▶ Can be combined to form double, triple, etc. configurations.
- ▶ Each will add 20.31" width to configuration.
- ▶ End Panels or Angled Bookcases needed unless next to another standard component.

### Narrow Bookcase Base

20.31" w x 16.75" d x 31.5" h

Tuxedo Black 40ATHNWBSBL2  
 Nimbus 40ATHNWBSNM2  
 Stratus 40ATHNWBSST2

### narrow bookcase base

- ▶ Features an adjustable/removable shelf and cord management holes.
- ▶ Can be combined to form double, triple, etc. configurations.
- ▶ Each will add 20.31" width to configuration.
- ▶ End Panels or Angled Bookcases needed unless next to another standard component.

### Single Cabinet Base

37.31" w x 16.75" d x 31.5" h

Tuxedo Black 40ATHSBSBL2  
 Nimbus 40ATHSBSNM2  
 Stratus 40ATHSBSST2

### single cabinet base

- ▶ Features an adjustable/removable shelf and cord management holes.
- ▶ Pull-out tray provides an extra work surface.
- ▶ Can be combined to form double, triple, etc. configurations.
- ▶ Each will add 37.31" width to configuration.
- ▶ End Panels or Angled Bookcases needed unless next to another standard component.

### Double Cabinet Base

74.62" w x 16.75" d x 31.5" h

Tuxedo Black 40ATHDBBSBL2  
 Nimbus 40ATHDBBSNM2  
 Stratus 40ATHDBBSST2

### double cabinet base

- ▶ Features two adjustable/removable shelves and cord management holes.
- ▶ Pull-out trays provide extra work surfaces.
- ▶ Will add 74.69" width to configuration.
- ▶ Use in place of two single bases.
- ▶ *On the Build Your Own Configuration worksheet, use 2 spaces.*

### File Base

37.31" w x 16.75" d x 31.5" h

Tuxedo Black 40ATHFILBL2  
 Nimbus 40ATHFILNM2  
 Stratus 40ATHFILST2

### file base

- ▶ Features an adjustable/removable shelf and cord management holes.
- ▶ Pull-out tray provides an extra work surface.
- ▶ File drawer can be adjusted to fit both standard and legal sizes.
- ▶ Can be combined to form double, triple, etc. configurations.
- ▶ Each will add 37.31" width to configuration.
- ▶ End Panels or Angled Bookcases needed unless next to another standard component.

## defining neoclassical details and handcrafted finishes

With its vintage silhouettes and artisan-applied finishes, our Athens collection will infuse your space with the ambiance and sophisticated charm of an old English library. Classically styled accents, hand-carved trim, and solid, wood panels are carefully designed to accentuate traditionally assembled shelves and cabinetry. Each of these room-defining displays and storage pieces is perfectly constructed to create the illusion of custom-made, built-in millwork complemented by contemporary functionality to accommodate your every need.

## product details

- ▶ Finishes are applied by skilled artisans who paint, stain and, distress each surface by hand.
- ▶ Finishes are coated in a soft lacquer for added protection.
- ▶ Tuxedo Black cabinets are handcrafted using solid mahogany and veneers.
- ▶ French White, Nimbus, and Stratus cabinets are handcrafted using solid, yellow poplar and veneers.
- ▶ Cigar Brown cabinets are handcrafted using solid mindi wood and veneers.
- ▶ Cabinetry is accented with moulding, beadboards, recessed panels and antique brass hardware.
- ▶ Library features a six-rung step ladder that slides along a solid brass bar.
- ▶ Library ladder is designed in compliance with American ladder standards.
- ▶ Each ladder rung is reinforced to support up to 200 lbs.
- ▶ Library-top sections each feature three adjustable/removable shelves.
- ▶ Library top features a 33" w x 13.5" d x 55" h cavity.
- ▶ Library-base cabinets feature two pull-out shelves and an adjustable/removable shelf.
- ▶ Display cabinet top features three adjustable/removable shelves.
- ▶ Display cabinet top features a 33" w x 13" d x 55" h cavity.
- ▶ Display cabinet base features one pull-out shelf and one adjustable/removable shelf.

For added safety and stability, it is recommended that the wall mounting hardware be installed. For safe mounting, it is essential to use wall anchors appropriate to your wall type (i.e. Plaster, drywall, concrete, etc.). Mount to wood studs whenever possible.

- Attach **1 pc of wall fitting** to furniture as shown, using **small screw**.
- Determine the final position for the furniture. Mark position on the wall approximately 2" below the bracket mounted to the back of the unit.
- **Drill** a hole in the wall stud. If the wall stud is not available, drill a hole in the wall that is slightly smaller in diameter than the anchor. Gently tap the **plastic anchor** until the flange of the anchor is flush with the wall.
- Attach the **wall fitting** to the wall by inserting **large screw** through the wall fitting and into the **plastic anchor** in the wall.
- Place the unit so the wall fitting on the back edge is aligned with the wall fitting on the wall.
- Lace one end of the **wall strap** through both fittings, and into the other end of the strap.
- Pull the strap tightly until secure.

**Any damage incurred to the furniture or the wall as a result of improper installation of this restraint will be the responsibility of the owner.**

G. Hanger Plate + Bolt  
( 3 set )

H. Screw FAB Ø8 x 3/4"  
( 9 pcs )

## STEP 1 " ATTACH MODULAR - LADDER &amp; BRASS FOR BOOKCASE"

**THIS STEP REQUIRES:**

## A. BOOKCASE LIBRARY

- ①
- Mark the drill positions as showed in slice drawing, from floor to Modular - Connector Panel Top
  - Drill to suit type of wood screw

FIG. 1

## STEP 2 " ATTACH MODULAR - LADDER &amp; BRASS FOR BOOKCASE"

**THIS STEP REQUIRES:**

- A. BOOKCASE LIBRARY
- G. HANGER PLATE + BOLT
- H. SCREW FAB Ø8 x 3/4"
- I. PHILLIPS SCREW DRIVER ( NOT INCLUDED)

- ② • Place the Hanger Plate, so it alligns with the drill position

- Insert the proper screw (FAB Ø8 x 3/4") then fix it tightly

### STEP 3 " ATTACH MODULAR - LADDER & BRASS FOR BOOKCASE"

#### THIS STEP REQUIRES:

- A. BOOKCASE LIBRARY
- B. LADDER RAIL
- D. LEFT HANGER PAD
- E. MIDDLE HANGER PAD

- F. RIGHT HANGER PAD
- G. PLAT HANGER + BOLT
- I. PHILLIPS SCREW DRIVER ( NOT INCLUDED)

- ③ • Place the Left Hanger Pad (D) and Middle Hanger Pad (E) on the proper position as shown in the Fig. 3.

FIG. 3

- Insert the Ladder Rail (B) through Left Hanger Pad (D) and Middle Hanger Pad (E) then Right Hanger Pad (F).

STEP 4 "ATTACH MODULAR - LADDER & BRASS FOR BOOKCASE"

**THIS STEP REQUIRES:**

- A. BOOKCASE LIBRARY
- B. LADDER RAIL
- C. LADDER

- D. LEFT HANGER PAD
- E. MIDDLE HANGER PAD
- F. RIGHT HANGER PAD

L. DRILL &amp; 1/4" DRILL BIT (NOT INCLUDED)

**Installation Instructions:**

For added safety and stability, it is recommended that the wall mounting hardware be installed. For safe mounting, it is essential to use wall anchors appropriate to your wall type (i.e. Plaster, drywall, concrete, etc.). Mount to wood studs whenever possible.

- Attach **1 pc of wall fitting** to furniture as shown, using **small screw**.
- Determine the final position for the furniture. Mark position on the wall approximately 2" below the bracket mounted to the back of the unit.
- **Drill** a hole in the wall stud. If the wall stud is not available, drill a hole in the wall that is slightly smaller in diameter than the anchor. Gently tap the **plastic anchor** until the flange of the anchor is flush with the wall.
- Attach the **wall fitting** to the wall by inserting **large screw** through the wall fitting and into the **plastic anchor** in the wall.
- Place the unit so the wall fitting on the back edge is aligned with the wall fitting on the wall.
- Lace one end of the **wall strap** through both fittings, and into the other end of the strap.
- Pull the strap tightly until secure.

**Any damage incurred to the furniture or the wall as a result of improper installation of this restraint will be the responsibility of the owner.**

### Installation Instructions:

- ⑥ For added safety and stability, it is recommended that the wall mounting hardware be installed. For safe mounting, it is essential to use wall anchors appropriate to your wall type (i.e. Plaster, drywall, concrete, etc.). Mount to wood studs whenever possible.

- Attach 1 pc of wall fitting to furniture as shown, using small screw.
- Determine the final position for the furniture. Mark position on the wall approximately 2" below the bracket mounted to the back of the unit.
- Drill a hole in the wall stud. If the wall stud is not available, drill a hole in the wall that is slightly smaller in diameter than the anchor. Gently tap the plastic anchor until the flange of the anchor is flush with the wall.
- Attach the wall fitting to the wall by inserting large screw through the wall fitting and into the plastic anchor in the wall.
- Place the unit so the wall fitting on the back edge is aligned with the wall fitting on the wall.
- Lace one end of the wall strap through both fittings, and into the other end of the strap.
- Pull the strap tightly until secure.

Any damage incurred to the furniture or the wall as a result of improper installation of this restraint will be the responsibility of the owner.

⑦ Insert the Ladder Rail (E) through Middle Hanger Pad (G) with 2 ones at both end.

## childhood memories of summers

spent on a farm in central Ohio became our inspiration for the sliding barn doors of our Baumann Collection. Artisans hand-plane solid oak grown and harvested in America. Each section is hand-finished with an antique rust patina. Even the hardware has been replicated—the castings for the wheels and tracks are inscribed with the words “Ashland County,” reminiscent of original barn doors. Slide the rustic doors to reveal or conceal additional storage.

### product details

- ▶ All pieces are handcrafted of solid oak wood.
- ▶ Wood is grown and harvested in the United States in adherence to global environmental policies.
- ▶ Each solid oak plank is hand-planed, hand-sanded and then layered with several coatings of glaze.
- ▶ Artisans apply a matte lacquer topcoat to each piece for extra protection.
- ▶ Solid, cast iron wheels and hardware are hand-finished in a natural rust patina.
- ▶ Hardware is lacquered to prevent oxidation and staining.
- ▶ Each piece may vary slightly in shading and grain pattern.
- ▶ Each plank purposefully varies in size to replicate original barn doors.
- ▶ Some small splits may occur, adding character to each piece.
- ▶ Natural knots and joint lines add interest without affecting performance.
- ▶ Natural wood will display movement due to changes in temperature and humidity.
- ▶ Frames are constructed using a reinforced mortise-and-tenon assembly.
- ▶ 112" Media Wall Unit and Media Consoles feature adjustable and removable shelving.
- ▶ 142" Media Wall Unit features removable shelving only. Shelving is non-adjustable.
- ▶ Cord management holes accommodate all electronics.
- ▶ 112" Media Wall Unit features a 50" w x 15" d x 35"-42" h TV cavity with removable shelf.
- ▶ 142" Media Wall Unit features a 65" w x 15" d x 35"-42" h TV cavity with removable shelf.
- ▶ Due to weight and size, 142" Media Wall Unit can be delivered to first floor only. No steps.
- ▶ Due to the height of 112" and 142" Media Wall Units, please verify the clearance measurements of ceilings, doorways, stairways, elevators, and hallways.

## Baumann 142" Wall Unit (719.812)

### Hardware 91378BAUMHW

|   |   |  |   |  |
|---|---|--|---|--|
| A =  = 8 Pcs | C =  = 7 Pcs | E =  = 4 Pcs  | G =  = 2 Pcs | I =  = 1 Pc   |
| B =  = 7 Pcs | D =  = 7 Pcs | F =  = 28 Pcs | H =  = 1 Pc  | J =  = 12 Pcs |

Place the three units in final position leveled.

Joint sides unit with center unit using assembling bolt ( A ) and tight firmly using allen key ( G ).

3

Install Top Rail , use bolt and washer ( B & D ) from inside side and nut ( C ) from outside side. Tightened bolt using wrench ( H ) from inside and hold the nut using key ( I ) from outside.

4

Install Bottom Rail , use bolt ( E ) from outside side and tightened with wrench ( H ) by turning clockwise.

5

Install doors by hanging the wheels on top rail and same time ensuring that the groove on bottom of doors grip the bottom rail.

6

Adjust nuts on top wheel brackets using wrench ( H ) to balance the two doors to same height, and ensure enough clearance on bottom rail for a smooth movement of doors.

7

Install shelf support ( F ) into the holes and install adjustable shelf for side units.

HANDLE: 91BAUMHNDLE  
REPLACEMENT SHELF: 91378BAUSHF

# 8 Adjustable shelf on center unit can be removed if needed

a. Untight nut from top, using key (I).

CENTER SHELF REPLACEMENT  
BROWN: 91378BAUSLFBR  
NATURAL: 40BAUMSHELF

b. Remove bolt from the bottom of shelf.

c. Remove shelf support ( F ) from the holes.

# 8 Removable shelf on center unit can be removed if needed

a. Untight nut from top, using key (I).

b. Remove bolt from the bottom of shelf.

c. Remove shelf support ( F ) from the holes.

## inspired by French farmhouse antiques,

the Beckett cabinet collection contains beautiful reproductions modernized by superior finishes and construction. Built to be heirloom quality, they're benchmade using mahogany solids and veneers and solid brass hardware. These artisan-crafted cabinets can be used anywhere from kitchens and dining rooms to living rooms and home offices.

### product details

- ▶ Frames are built from solid mahogany and mahogany veneers, using mortise-and-tenon construction for years of stability.
- ▶ Media console tops are crafted from thick distressed pine parquetry with solid pine banding.
- ▶ Masterfully crafted, these cabinets feature beautiful reeding and substantial cornices.
- ▶ Bases are finished with an antique black tone, which is distressed to show the warm brown tones underneath.
- ▶ Cabinet interiors feature natural mahogany with an antiqued patina.
- ▶ Finishes are lacquered for added protection and sheen.
- ▶ All pieces feature solid brass hardware that has been washed in an acid bath for a beautiful patina.
- ▶ Doors feature heavy-gauge iron fronts finished with an antique brass patina and sealed in lacquer.
- ▶ Single cabinets feature four removable/adjustable shelves.
- ▶ Single cabinets feature a 24.5" w x 11.5" w x 51.75" h interior cavity.
- ▶ Media consoles also feature cord management holes and adjustable shelving.
- ▶ Due to the nature of materials used and hand-applied finishes, color, pattern, and texture may vary, making each piece unique.
- ▶ Wood furnishings may also display small splits, knots, joint lines, or other natural features. These markings are normal and will not affect the performance of your piece.
- ▶ Due to changes in temperature or humidity, wood furnishings may display slight movement from season to season.

Copper 40COPPERMD

Chocolate Copper 40CHOCCOPMD

## contemporary style classically crafted

Our Cahlo credenza complements chic, rustic surfaces with warm colors and hand-touched detailing. Each copper surface is carefully crafted by Mexican metal artisans from panels of recycled copper. Panels are hand-pounded onto solid hardwood cabinet doors and held over an open flame to produce unique coloring. Cabinet tops and frames are built from solid poplar wood supported by a forged iron base. When complete, artisans stamp each copper piece with a Monarch butterfly to signify its transformation and to honor the village responsible for its creation.

### product details

- ▶ Recycled copper cabinet doors are built by Mexican metal artisans from panels of recycled metals hand-pounded onto solid hardwood.
- ▶ Copper cabinet doors are made from 100 percent recycled copper. Craftsman-built cabinet tops and frames are made from solid poplar wood supported by forged, solid iron bases.
- ▶ Subtle antiqued patinas are added to copper surfaces by holding each piece over an open flame to create unique color variations.
- ▶ Finished surfaces are coated with multiple layers of lacquer for added protection and subtle sheen.
- ▶ Upon completion, each piece is stamped with a Monarch butterfly to signify its transformation and to honor the artisans and the village responsible for its creation.
- ▶ Cabinet frames and tops feature a black finish coated in lacquer for added protection and subtle sheen.
- ▶ Iron bases feature a complementary distressed patina.
- ▶ Cord management holes accommodate electronics and appliances, keeping cords out of sight.
- ▶ Keep your furniture looking its best. Visit [arhaus.com](http://arhaus.com) or speak to any Arhaus Design Consultant for care recommendations.

## in perfect harmony

Designed for both function and style, our Chorus Theory collection is handcrafted to strike just the right notes in any space. Stunning storage and display pieces combine French casement details with neoclassical architectural elements. Craftsman-built from solid douglas fir, poplar, or reclaimed pine, each surface is softly hand-painted in versatile, neutral tones to complement your existing décor. Sophisticated finishes are accented with iron hardware and coated with lacquer for added protection and subtle sheen.

### product details

- ▶ Media Console bases are handcrafted from solid douglas fir—chosen for its strength and neutral tone.
- ▶ Frames and cases featuring our Benedict Brown and Earl Grey finishes are handcrafted from solid poplar and poplar veneers, chosen for their strength and neutral tone.
- ▶ Frames and cases featuring our Rustic White, Rustic Black, Rustic Blue, Grantham Grey, Barnwood Natural, and Barnwood Brown finishes are constructed from solid reclaimed pine and pine veneers.
- ▶ Other surfaces are constructed from solid reclaimed pine salvaged from old doors, homes, boats, and barns found in rural farming regions.
- ▶ In addition to its stunning natural features, our reclaimed wood is treasured in many of our collections as a contribution to preserving healthy and sustainable eco-systems.
- ▶ Artisan-applied finishes begin by bleaching our reclaimed pine to even its tone, and end with a coat of lacquer for added protection and subtle sheen.
- ▶ Barnwood Natural and Barnwood Brown finishes are achieved through light staining and waxing for a warm glow.
- ▶ Rustic Black, Rustic White, Rustic Blue, and Grantham Grey finishes are achieved through layers of paint and glaze to create a timeworn appearance.
- ▶ Earl Grey finishes are hand-painted, lacquered and waxed—accentuated with darker shades around edges for a naturally aged appearance.
- ▶ Benedict Brown finishes are hand-painted, lacquered, and waxed to reveal brown and grey highlights that complement the wood's surfaces.
- ▶ Wood finishes are accented with iron hardware, which is also lacquered to prevent oxidation.
- ▶ Keep your furniture looking its best. Visit [arhaus.com](http://arhaus.com) or speak to any Arhaus Design Consultant for care recommendations.

## a functional piece of natural art

An organically beautiful focal point for living décor, the wood front of our Christian Media Cabinet displays vibrant, tawny-brown tones contrasted by the bold texture of dark wood grain—creating a naturally striking accent. Finished with lightly treated bocote wood veneers, this cabinet's doors are assembled by hand so their dramatic patterns align when closed, forming a unique piece of practical art

that simultaneously conceals the cabinet's contents. The surrounding solid maple and maple-veneer interior is finished in a dark walnut stain to accentuate the front, complementing the Bocote wood's color through high contrast. Utilize each cabinet individually or stack them for added effect and storage space.

### artisan finished

Many of our pieces may vary slightly in color, pattern and texture due to the nature of multi-layered finishes that are hand-applied by our craftsmen. Hand-applied finishes may include some small splits, knots, joint lines and other natural properties that will add interest without affecting performance. Materials may also display movement from season to season because of changes in temperature and humidity. We believe these variances from piece to piece only add to an individual's unique, artisan-crafted character.

### handcrafted quality

Arhaus furniture is made with great care and attention to detail. Our collections are distinctive and designed to bring pleasure to you in your home for years to come. Each piece is handcrafted, made using traditional skills and techniques, and hand-painted, distressed and finished to ensure each item becomes an heirloom in your home.

### renewable resources

Arhaus is unique in its commitment to preserving natural resources. Our Corporate Rainforest Policy states that we will not sell merchandise made of timber from the world's endangered rainforests. In all cases, the wood we use was harvested from renewable resources.

Dimensions may vary slightly. Please ensure furnishings fit through interior structures and into desired space before purchase.

**Media Cabinet 40CHR98CABKT**

98" w x 19" d x 38" h

**Double Media Cabinet 40CHR98DCABKT**

98" w x 19" d x 76" h

## product details

- ▶ Cabinet fronts are finished with bocote wood veneers, which are lightly treated to preserve the natural grain and color of the wood.
- ▶ Cabinet cases and interiors are finished with a Dark Walnut stain to accentuate the bocote front.
- ▶ The entire piece is lacquered for added protection and a subtle sheen
- ▶ Cabinet cases are built from solid maple, an attractive hardwood with a decorative grain that polishes to a smooth finish.
- ▶ Shelves are accented with brass trim.
- ▶ Cabinets feature a 48" w x 16" d x 31" h cavity.
- ▶ Cord management holes accommodate media equipment and other electronics.
- ▶ Cabinets can be placed individually or stacked for added impact and storage space.
- ▶ Finishes are durable enough to withstand daily use; but, as with all fine, wood finishes, should be protected from heat and moisture.
- ▶ Handcrafted wood surfaces are easily maintained with soap and water. Non-wax Guardsman® Wood Polish can be used as needed.

## recommended care

- ▶ Avoid sunlight and heat, which could cause cracking or fading.
- ▶ Do not use care products that contain ammonia or silicone.
- ▶ Use coasters, trivets and felt pads to preserve the finish.
- ▶ Never place hot dishes on surfaces; use felt-backed tablemats.
- ▶ Prolonged use of hot electrical equipment may also cause scorching.

A =  = 24 pcs

B =  = 1 pc

①

- Place the cabinet at the final position fully leveled.
- Prepare the doors and check left and right doors position by following arrow mark on the back of doors.

②

A.

Install left door into cabinet by inserting sliding wheels on the bottom of door into the bottom rail on the cabinet.

B.

Lock the door by inserting the sliding mechanism into the upper rail on the cabinet.

C.

Install the right door into cabinet following the same procedure as the left door.

FURNISHING A BETTER WORLD

## CURIOSITY

wall collection

made in INDONESIA

## Where character shines and treasures live.

Inspired by the design of apothecary cabinets, this collection is comprised of four sections of differing heights, allowing these pieces to be grouped together as a grand wall cabinet or configured separately throughout your living space. Made by Indonesian artisans

skilled in the art of woodworking and wood-finishing, the design brings together oak solids, oak veneers and tempered glass doors framed in antiqued iron. This collection is one of true artistry, where vintage style and versatile function shine.

### NATURAL WOOD

Each piece will have slightly different shading and grain patterns and due to the nature of a multi-layered finish that is hand-applied by our craftsmen, there will be variation from piece to piece. Some small splits may occur, but will only add to the character. Knots and joint lines are a natural property and add interest but without affecting performance. All natural wood will display movement from season to season because of changes in temperature and humidity.

### HANDCRAFTED QUALITY

Arhaus furniture is made with great care and attention to detail. Our collections are distinctive, designed to bring pleasure to you in your home for years to come. Each piece is handcrafted, made using traditional skills and techniques, and hand-painted, distressed and finished to ensure each item becomes an heirloom in your home.

### RENEWABLE RESOURCES

Arhaus is unique in our commitment to preserving natural resources. Our Corporate Rainforest Policy states that we will not sell merchandise made of timber from the world's endangered rainforests. In all cases, the wood was harvested from renewable resources.

All dimensions can vary slightly due to the hand-built nature of our furniture.

## finish

- ▶ Artisans hand-finish oak solids and oak veneers with a multi-layer finish process.
- ▶ A final layer of soft lacquer is applied for added protection.

## construction

- ▶ Constructed using mortise and tenon assembly.
- ▶ Handcrafted of solid oak and oak veneers by skilled woodworking artisans.
- ▶ Tempered glass doors are contrasted in antiqued iron.
- ▶ Drawers are handcrafted with soft close metal glides.

## recommended care

- ▶ Spills should be removed immediately with a damp cloth.
- ▶ Dust with a soft, dry cloth and buff occasionally with Guardsman® Wood Polish.

- ▶ Always use protection such as coasters and table pads beneath all objects to preserve the finish and natural characteristics of the wood.
- ▶ Avoid exposure to direct sunlight, as it may cause discoloration.
- ▶ Avoid exposing your furniture to excessive heat (e.g. by placing it in front of a radiator) as this can cause cracking and potential fading of the wood; a minimum 30 cm clearance from heat sources is advised.
- ▶ Do not drag this piece(s) across the floor as this will cause damage or weaken joints.
- ▶ Do not use care products that contain ammonia or silicone, as this will cut through the lacquer finish (over time) and damage your piece.
- ▶ For iron hardware, we recommend using a damp cloth. You may use a mild soap if necessary. Towel dry.

## authentic artisan craftsmanship

Over two years in the making, in collaboration with artisans in the remote city of Udaipur, India, our Divya cabinets are inspired by traditional designs and authentic artistry passed down from generation to generation. These modern, handcrafted case pieces feature mosaic floral motifs—hand-drawn by our designer—reminiscent of the naturally elegant jasmine found growing amongst the palaces and lakes of Udaipur. Each cabinet door takes ten days to complete, as artisans select and shape each bone by hand. As our artisans are non-violent and strict vegetarians, our bone is humanely sourced from naturally deceased water buffalo that roam the streets and countryside of India.

### product details

- ▶ Cabinets are handcrafted by artisans in Udaipur, India. Frames are built using solid oak wood, oak veneers, and engineered hardwood that is painted and finished by hand.
- ▶ Bone inlaid into cabinet doors is selected, shaped, polished, and smoothed by hand, before being placed carefully, one at a time onto each door.
- ▶ Due their hand-crafted nature, each cabinet door features a unique combination of inlay shapes. While their overall design remains consistent, no two cabinets will appear exactly the same.
- ▶ Bone used in this collection is ethically and sustainably sourced from naturally deceased water buffalo, which roam the streets and countryside of India.
- ▶ As our artisans are non-violent and strict vegetarians, each piece is constructed without conflict.
- ▶ Resin is poured over cabinet doors, securing inlays to the cabinet's surface and providing contrast to accentuate the elegant floral motif.
- ▶ Resin surfaces are sanded and finished by hand, creating a concrete-like texture with high and low tones that contrast the warm bone and painted wood.
- ▶ Wooden surfaces are hand-painted to complement the cabinet's doors. A coat of clear lacquer provides added protection and a subtle sheen.
- ▶ Cord management holes accommodate electronics and bar appliances.
- ▶ This collection is artisan-crafted from natural materials with hand-applied finishes. Individual pieces may vary in color, pattern, shape, and texture, making each truly unique.
- ▶ Keep your furniture looking its best. Visit [arhaus.com](http://arhaus.com) or speak to any Arhaus Design Consultant for care recommendations.

## celebrating the organically beautiful

Sustainably grown in Indonesia, the Suar wood displayed on our Fleetwood Cabinet showcases warm tones of rich brown and bold organic patterns. The front of this stunning piece is formed by two solid slabs—one for cabinet doors and the other for drawer fronts. These naturally beautiful surfaces are sanded by hand for a smooth feel and artfully finished with lacquer to accentuate the wood's natural light and dark coloring and varying grain. A complementary solid steel base creates a contemporary style that both contrasts and accentuates the wood elements.

### product details

- ▶ Handcrafted by Indonesian artisans from slabs of solid suar wood and suar veneers complemented by a solid steel base.
- ▶ Two solid slabs are used to cabinet's front surfaces—one slab is used for the cabinet doors and another slab is used for the drawer fronts.
- ▶ Natural wood surfaces are hand-sanded and lacquered to accentuate the organic highs and lows in their color and grain pattern.
- ▶ The contemporary, solid steel base features a chic black finish.
- ▶ Drawers feature undermounted, soft close glides.
- ▶ Cabinets feature adjustable/removable shelving and cord management holes to accommodate electronics.
- ▶ Each piece may vary slightly in color, grain and texture. Some small splits, knots or joint lines may occur, adding unique character without affecting performance.
- ▶ All natural wood will display movement from season to season due to changes in temperature and humidity.
- ▶ Finishes are durable enough to withstand daily use; but, as with all fine, wood finishes, should be protected from heat and moisture.
- ▶ Handcrafted wood surfaces are easily maintained with soap and water. Non-wax Guardsman® Wood Polish can be used as needed.

## for industrial chic libraries

Taking inspiration from linen factory shelving found in Northern France, our French Industrial Bookcase Collection is airy yet substantial. These industrial-chic bookcases are artfully detailed with forged accents along iron frames. Mango wood shelving is hand-stained in a neutral grey wash to accentuate the wood's natural texture and grain patterns—preserving the organic details amongst the surrounding dark metal. Powder-coated and lacquered finishes protect surfaces from daily use, making them a perfectly practical addition to any library, living room, or kitchen.

## product details

- ▶ Craftsman-built frames are constructed from solid iron. Shelves are made from solid mango wood.
- ▶ Iron frames are hand-finished with a black powder coating and copper stain to achieve a layered, multi-tonal patina.
- ▶ Mango shelving is hand-stained with a neutral grey wash to complement wood's natural patterns and textures.
- ▶ Shelves are fully adjustable to accommodate any storage or display needs.
- ▶ Metal frames and wood shelving are lacquered for added protection and a subtle, satin sheen.

## sculptural media cabinetry

Showcasing a sculptural, multi-faceted design, our Geometric Collection is artfully crafted to accentuate its post-modern-inspired style. Hand-built from solid mahogany and oak veneers, these statement-making media cabinets feature hand-painted finishes selected to complement the wood's organic features, creating interesting contrast against rigid silhouettes. Cabinet interiors contain adjustable shelving to accommodate media, electronics and more.

### product details

- ▶ Cabinets are craftsman-built from solid mahogany and oak veneers.
- ▶ Wood surfaces are hand-sanded and lightly stained to accentuate the wood's natural texture.

\*All Bell'Arte furnishings are made to order.

## details straight from 1952

Sometimes the most beautiful details come in the most unexpected places. That's certainly true of our Giada Collection. Hand-finished like the other pieces in our Bell'Arte Collection, Giada showcases something truly special—a back panel that's been hand-painted with a rubber roller from 1952. Found left behind in an old warehouse, we incorporated this vintage piece into each cabinet for a special heirloom-like quality that'll certainly spark conversation. Like other pieces in the Bell'Arte Collection, Giada features a labor-intensive finishing process that ensures no two pieces are alike.

### product details

- ▶ As with the rest of our Arhaus-exclusive Bell'Arte Collection, these pieces are handcrafted in a region of Italy renowned for its furniture-making.
- ▶ Craftsman-built from tulip wood—a wood prized in the making of fine furniture.
- ▶ Hand-applied Fiore finishes are layered with stain, paint, and glaze to achieve a timeworn appearance with elegant detailing.
- ▶ Italian artisans meticulously carve and paint all details by hand, making each truly one-of-a-kind.
- ▶ After the finishing process, which takes three days to complete, the artisans sign and date their work.
- ▶ Cord management holes accommodate electronics and media equipment.
- ▶ This collection is artisan-crafted from natural materials with hand-applied finishes. Individual pieces may vary in color, pattern, shape, and texture, making each truly unique.
- ▶ Natural wood may display small splits, knots, joint lines, or other organic features that will not affect the quality or performance of your piece.
- ▶ Furniture made from natural wood may move slightly due to temperature and humidity. This is normal and should be expected from season to season.
- ▶ If you wish, the artisans can specially customize your Bell'Arte piece by hand-painting your name (up to three words) on the underside for no additional cost.
- ▶ Keep your furniture looking its best. Visit [arhaus.com](http://arhaus.com) or speak to any Arhaus Design Consultant for care recommendations.

isla  
accent collection  
made in Asia

## reminiscent of old hollywood,

and influenced by the bold geometry of 1920s Art Deco architecture, the Isla Collection adds a touch of drama to any space. Its glamorous designs are crafted using a combination

of solid tulipwood and engineered hardwood. Distressed hardware and antiqued mirrored surfaces finished with silver leaf add a vintage touch to these otherwise timeless pieces.

### artisan finished

Many of our pieces may vary slightly in color, pattern and texture due to the nature of multi-layered finishes that are hand-applied by our craftsmen. Hand-applied finishes may include some small splits, knots, joint lines and other natural properties that will add interest without affecting performance. Materials may also display movement from season to season because of changes in temperature and humidity. We believe these variances from piece to piece only add to an individual's unique, artisan-crafted character.

### handcrafted quality

Arhaus furniture is made with great care and attention to detail. Our collections are distinctive and designed to bring pleasure to you in your home for years to come. Each piece is handcrafted, made using traditional skills and techniques, and hand-painted, distressed and finished to ensure each item becomes an heirloom in your home.

### renewable resources

Arhaus is unique in its commitment to preserving natural resources. Our Corporate Rainforest Policy states that we will not sell merchandise made of timber from the world's endangered rainforests. In all cases, the wood we use was harvested from renewable resources.

**Caution:** Overtightening hardware can cause cracking. Dimensions may vary slightly. Please ensure furnishings fit through interior structures and into desired space before purchase.

## product details

- ▶ All mirrored surfaces are antiqued with a silver leaf finish.
- ▶ Frames are crafted from solid tulipwood and engineered hardwood with chamfered corners and tapered legs.
- ▶ Drawers have hand-painted interiors and will vary from piece to piece.
- ▶ Drawers are accented with antiqued drawer pulls and have full-extension metal glides.
- ▶ The Writing Desk is finished on all sides and features five drawers.
- ▶ The File Cabinet's file drawer is adjustable to legal and letter size paperwork and includes metal rods for hanging folders.
- ▶ The Table Lamp has an antiqued, mirrored metal base, a linen shade and a 3-way switch.
- ▶ The Table Lamp takes one 100-watt max bulb (not included). We recommend an energy saving LED light bulb. Use CFL bulb for Title 20 compliance. UL Listed.
- ▶ Finishes are durable enough to withstand daily use; but, as with all fine, wood finishes, should be protected from heat and moisture.
- ▶ Handcrafted wood surfaces are easily maintained with soap and water. Non-wax Guardsman® Wood Polish can be used as needed.

## recommended care

- ▶ Dust with a soft, dry cloth.
- ▶ Avoid sunlight and heat, which could cause cracking or fading.
- ▶ Do not use care products that contain ammonia or silicone.
- ▶ Use coasters, trivets and felt pads to preserve the finish.
- ▶ Never place hot dishes on surfaces; use felt-backed tablemats.
- ▶ Prolonged use of hot electrical equipment may also cause scorching.

## well-traveled cabinetry

Salvaged from structures in rural China, each plank of reclaimed pine in our Kensington Media Cabinet is characterized by distinctive knots, joint lines, and other natural features, which impart unique character and an elegantly rustic aesthetic. Beautiful variances in wood grain and color are complemented by a hand-sculpted bluestone top, cut by artisans and protected with a clear finish. Both materials have made a winding journey to your home, and within each marking, there exists a whisper of rare history.

## product details

- ▶ Handcrafted from solid, reclaimed pine salvaged from old structures in rural farming regions.
- ▶ Reclaimed wood is selected as a way to contribute to a healthy and renewable ecosystem.
- ▶ Due to size variance in the wood, number of planks in each piece may vary.
- ▶ Console tops are hand-sculpted from a solid slab of bluestone and given rounded, bullnose edges.
- ▶ Extensive, artisan-crafted finishes are applied by hand.
- ▶ Reclaimed wood is bleached, hand-painted, lacquered, and waxed for a warm, rich finish.
- ▶ Bluestone tops are finished with a clear protective wax.
- ▶ Glass cabinet doors allow for easy access to media components.
- ▶ Drawers and cabinet doors feature antique brass pulls.
- ▶ Each cabinet section features an adjustable/removable shelf.
- ▶ Cord management holes accommodate electronics and media components.
- ▶ Due to the nature of materials used and hand-applied finishes, color, pattern, and texture may vary, making each piece unique.
- ▶ Wood furnishings may also display small splits, knots, joint lines, or other natural features. These markings are normal and will not affect the performance of your piece.
- ▶ Due to changes in temperature or humidity, wood furnishings may display slight movement from season to season.
- ▶ Regular maintenance of reclaimed wood and bluestone surfaces is required. For additional information, please visit [arhaus.com](http://arhaus.com)

## larger than life

Thoughtfully designed for everyday function, our handcrafted Lawrence Media Cabinet features a solid mindi wood construction and a veneered herringbone design on its front doors. The two large front doors slide open to reveal storage for your television and media components. The central cabinet is flanked by ten spacious shelves, which provide ample storage for books, artwork, keepsakes, and décor. The beautifully rich, statement-making finish is artfully applied by hand and complemented by bold brass hardware.

## product details

- ▶ Handcrafted from solid mindi wood and mindi veneers.
- ▶ Mindi wood is indigenous to Indonesia and features grain patterns similar to oak.
- ▶ Doors slide open and closed to conceal your media components.
- ▶ The cabinet's central cavity measures 50" w x 15" d x 41.5" h with the shelf removed.
- ▶ Ten spacious shelves flank the center cabinet, five on either side.
- ▶ Features cord management holes to accommodate electronics.
- ▶ Finishes are complemented by bold brass hardware.
- ▶ Finishes are durable enough to withstand daily use; but, as with all fine, wood finishes, should be protected from heat and moisture.
- ▶ Handcrafted wood surfaces are easily maintained with soap and water. Non-wax Guardsman® Wood Polish can be used as needed.

These are the 3 tools you will need from the hardware kit provided.

Allen key, socket wrench and a crescent wrench

Try to identify the strap that needs adjusted.

-If the gap is at the top, you will need to adjust the outside straps.

-If the gap is at the bottom, you will need to adjust the inside straps

-you may need to touch all 4

Once you know what straps you'd like to adjust, loosen the bolt that is tightening the wheel.

It looks like this:

Then use the allen key in this little hole to lift the door up or down until the gap in the door closes.

Tighten the loose bolts to hold the adjustment in place...

And Voila!

# Assembling Instruction Lawrence Wall Unit (719.816)

## Hardware 91378LAWHW

|   |   |  |  |  |  |
|---|---|--|--|--|--|
| A =  = 8 Pcs | C =  = 6 Pcs | E =  = 6 Pcs  | G =  = 1 Pc | I =  = 1 Pc | K =  = 2 Pcs  |
| B =  = 6 Pcs | D =  = 6 Pcs | F =  = 28 Pcs | H =  = 1 Pc | J =  = 1 Pc | L =  = 12 Pcs |

Place the three units in final position leveled.

Joint sides unit with center unit using assembling bolt ( A ) and tight firmly using allen key ( G ).

3

Install top rail, use washer ( C ) and nut ( B ) from inside .  
 Install all ring and nuts before tightening using wrench ( J ).

4

Install bottom rail, use bolt and washer ( D & E ) .  
 Install all ring and bolts before tightening with wrench ( I ).

5

Install doors by hanging the wheels on top rail and same time ensuring that the metal guide on bottom of doors is inside the groove on bottom rail.

6

To adjust doors turn the adjustment screws on top of the wheel brackets by using allen key ( H ).

Lining up

The adjustment have to be done while doors are in open and in closed position. Ensuring the doors are hanging straight following side cabinets, and same time lining up when closed.

7

Tighten bolt of wheels after adjusting the doors, using wrench (K), carefully not chipping the finish.

8

**Install shelf support ( F ) into the holes and install adjustable shelf for side units and center unit.**

## a modern mix of structure and style

A satisfying combination of wood and metal coalesces in the open, chic shelving of our Madison collection. Featuring just enough styling in grey wood tones and textured metal brackets, these clean and contemporary, minimalistic designs are thoughtfully crafted to support the rest of the room. Dress them up or dress them down, these necessary neutral display and storage pieces will easily complement any décor aesthetic.

### product details

- ▶ Craftsman-built bookshelves are constructed from solid iron and mindi wood veneers.
- ▶ Multilayered finishes are applied by hand. Iron surfaces are leafed and antiqued; while wood surfaces are sanded, stained, sealed, and glazed to create a more rustic element.
- ▶ Finishes are lacquered for added protection and a subtle satin sheen.
- ▶ Bookshelves are anchored to walls via center brackets at installation to prevent tipping.

## an authentic work of art

Completely hand-carved over four days by a single artisan—each piece of our Mandara collection is sculpted from solid mahogany. Indonesian craftsmen create stunning designs in small, limited quantities using traditional, time-honored techniques. Featuring incredible detailing and intricately scrolling floral motifs, every wooden surface of these masterpiece cabinets is artisan-finished and lacquered for added protection and subtle sheen. Simple finishes emphasize every carved pattern, allowing natural shadows to define each sculpted line and curve.

### product details

- ▶ Handcrafted by Indonesian artisans from solid mahogany and mahogany veneers.
- ▶ Scrolling floral motifs are meticulously hand-carved over four days by a single artisan, using traditional tools and techniques.
- ▶ Each wooden surface is carefully finished by craftsmen and coated in lacquer for added protection and to accentuate its hand-sculpted detailing.
- ▶ Cabinets are supported by strong and durable steel legs.
- ▶ This collection is artisan-crafted from natural materials with hand-applied finishes. Individual pieces may vary in color, pattern, shape, and texture, making each truly unique.
- ▶ Natural wood may display small splits, knots, joint lines, or other organic features that will not affect the quality or performance of your piece.
- ▶ Cabinet doors are backed with glass panels.
- ▶ Cabinets features adjustable/removable shelving and cord management holes to accommodate electronics.
- ▶ Cabinet doors operate with spring-touch locking mechanisms.
- ▶ Keep your furniture looking its best. Visit [arhaus.com](http://arhaus.com) or speak to any Arhaus Design Consultant for care recommendations.

## INSTRUCTIONS FOR ADJUSTING THE DOORS

The doors will already be adjusted by the manufacturer with the furniture on level ground. If your floor is uneven the doors may need further adjustment and this can be done with the hinges as shown below:

### 1. TO ADJUST THE DOORS FROM SIDE TO SIDE

Slacken screw A and adjust the door position from side to side using screw B.

When the door is correctly adjusted re-tighten screw A.

### 2. TO ADJUST THE DOORS FROM FRONT TO BACK

Slacken screw A and adjust door from front to back.

When the door is correctly adjusted re-tighten screw A.

### 3. TO ADJUST THE DOORS UP OR DOWN

Slacken both screws C and adjust the door up or down

When the door is correctly adjusted re-tighten both screws C.

40NYLESCAB

## unexpected aesthetics

Handcrafted by flooring artisans, our stunning Nyles cabinet marries Mexican woodworking tradition with the aesthetics of century-old parquetry. Each cabinet is hand-built from solid oak complemented by oak veneers and a steel frame. Wooden surfaces are finished by hand with a light stain to even out the oak's color and accentuate its natural textures and graining. Bi-fold doors and removable shelves provide storage versatility that fits any space.

### product details

- ▶ Cabinets are craftsman-built by Mexican artisans from solid oak and oak veneers complemented by tubular steel framing.
- ▶ Wood surfaces are hand-finished to enhance the oak's natural features. A light, evenly applied stain evens color.
- ▶ Finished surfaces are coated with a clear lacquer for added protection and a subtle sheen.
- ▶ Bi-fold doors wrap around cabinets, providing easy, wide-open access.
- ▶ Cabinets feature removable shelves to accommodate all storage and display needs.
- ▶ Cord management holes accommodate electronics, keeping cords neat and out of sight.
- ▶ Levelers under cabinet bases provide stability and allow for easy adjustments.
- ▶ This collection is artisan-crafted from natural materials with hand-applied finishes. Individual pieces may vary in color, pattern, shape, and texture, making each truly unique.
- ▶ Natural wood may display small splits, knots, joint lines, or other organic features that will not affect the quality or performance of your piece.
- ▶ Furniture made from natural wood may move slightly due to temperature and humidity. This is normal and should be expected from season to season.
- ▶ Keep your furniture looking its best. Visit [arhaus.com](http://arhaus.com) or speak to any Arhaus Design Consultant for care recommendations.

## handcrafted displays of solid wood and iron, where art and entertainment await.

Solid, American oak or Indonesian mango wood is combined with an iron, Parsons-style base to create the warm, contemporary style of our Palmer Wall Collection. Each of these graceful pieces becomes a media showcase or a home library, where your precious treasures can be viewed or borrowed anytime—and are never overdue.

## product details

- ▶ Pieces finished in Natural Oak are handcrafted of solid oak wood grown and harvested in the United States.
- ▶ Pieces finished in Bali Brown are handcrafted of solid Indonesian mango wood.
- ▶ Pieces finished in Bronzed Oak are handcrafted of American-grown solid oak and oak veneers finished in a walnut stain.
- ▶ Metal frames of Bronzed Oak pieces are hand-painted in brass.
- ▶ All wood used to craft these pieces is sustainably grown and harvested.
- ▶ Each wood plank is hand-finished with a weathered appearance, displaying unique texture and accentuating the wood's natural features.
- ▶ Artisans apply a matte lacquer to each piece for extra protection and a subtle sheen.
- ▶ Parsons-style iron bases are powder-coated to prevent rusting and provide a protective finish.
- ▶ TV Console features adjustable/removable shelving on each side and cord management holes to accommodate electronics.
- ▶ Due to the hand-applied, multi-layered finishing, each piece will vary slightly in shading and grain pattern, creating a unique appearance.
- ▶ Some small splits, knots, joint lines and other natural features may occur, but will not affect a piece's performance.
- ▶ All natural wood will display movement from season to season due to temperature and humidity.
- ▶ Finishes are durable enough to withstand daily use; but, as with all fine, wood finishes, should be protected from heat and moisture.
- ▶ Handcrafted wood surfaces are easily maintained with soap and water. Non-wax Guardsman® Wood Polish can be used as needed.

## vintage-inspired glamour

Inspired by the art deco aesthetics and architecture of the 1920s, each glamorous design in our Reese Collection is craftsman-built with beveled glass surfaces framed in solid parawood and tulip wood veneers ornamented by artfully sculpted detailing. Each reverse-painted glass surface is artisan-finished using traditional 19th-century techniques for a chic effect. Durable cabinet frames are accentuated by tapered legs and elegantly hand-finished wood trim, which create delicate silhouettes. Midcentury-inspired hardware is finished with an antiqued silver patina, adding an eclectically vintage touch to these fabulous pieces.

## product details

- ▶ Cabinet frames are craftsman-built from solid, sustainably sourced parawood, engineered hardwood, and tulip wood veneers.
- ▶ Glass surfaces feature beveled glass panels to achieve a jewel-like appearance and provide contrast in texture.
- ▶ Artfully antiqued mirrored finishes are hand-applied to create a rustic-chic appearance.
- ▶ Galleria-finished surfaces feature glass that has been reverse-painted using 19th century techniques to achieve soft yet beautiful tones.
- ▶ Wood surfaces are lacquered for added protection and a subtle satin sheen.
- ▶ Drawers are accented with antiqued, silver-finished drawer pulls and sit on side-mounted metal glides.
- ▶ Keep your furniture looking its best. Visit [arhaus.com](http://arhaus.com) or speak to any Arhaus Design Consultant for care recommendations.

## ASSEMBLING INSTRUCTION

### REESE GREY 2 DOOR CAB

3

1. Attach one of the mounting brackets near the top back edge of the furniture piece by inserting the shorter screws.
2. Determine the final position of the furniture piece. Mark location on the wall proximately 2" below the bracket mounted to the back of the furniture.
3. Drill a starter hole into the wall stud. If wall stud is not available, drill a hole into the wall and insert plastic anchor. Gently tap the anchor until the flange of the anchor is flush with the wall.
4. Attach the second bracket by inserting the longer screw through the bracket and into the wall.
5. Place the furniture so the bracket on the back edge is in line with the bracket on the wall.
6. Lace one end of the nylon restraint strap down through each bracket. Bring both ends together and slide the beaded end until it snap locks into the keyhole slot.
7. To double lock, return the beaded end back through the keyholes as shown.
8. Check to make sure the strap is securely laced and locked to the brackets.

## an ode to midcentury modern design.

Craftsman-built with a clean, compact silhouette and sophisticated yet casual styling, our modular Rayne Collection of storage and display cabinetry is easily configured to fit rooms both spacious and small. Case frames are constructed from solid mahogany and mindi wood veneers with textured, wire-brushed surfaces. Subtle, curves and hand-applied multilayered finishes are artfully designed to create a modern look, accentuating and elevating the natural textures and colors of each wooden surface.

### product details

- ▶ Craftsman-built frames are constructed from solid mahogany and surfaced with mindi wood veneers for a smooth finish.
- ▶ Clay finishes are applied by hand, layering stain and seal to enhance the wood surfaces' natural features.
- ▶ Finishes are lacquered for added protection and a subtle satin sheen.
- ▶ Drawers are mounted on soft-close glides for easy opening and closing.
- ▶ Shelves are adjustable and removable to accommodate all storage needs.
- ▶ Media Unit cavity measures 54.75" w x 18" d x 55" h.

Centuries-old woodworking techniques are used to craft every exquisite detail of our exclusive Bell'Arte collection. Handcrafted to order in a region of Italy renowned for its furniture-making, our dedicated artisans treat each unique piece like a work of art. Cabinetry is built from solid tulip wood and masterfully finished by hand, combining layers of stain, paint, and lacquer—a process which takes over three days to complete per piece. Our Sofia cabinets are inspired by authentic Italian antiques, featuring hand-painted motifs of birds for a touch of charm and warmth.

**product details**

- ▶ As with the rest of our Arhaus-exclusive Bell'Arte Collection, these pieces are handcrafted in a region of Italy renowned for its furniture-making.
- ▶ Craftsman-built from tulip wood—a wood prized in the making of fine furniture.
- ▶ Italian artisans meticulously carve all details by hand, making each piece truly one-of-a-kind.
- ▶ Hand-painted antique Uccello finishes with elegant detailing take up to three days to complete. Layered paint and stain are artfully applied and gently distressed to create a rich, timeworn appearance.
- ▶ Sofia cabinets are decorated with meticulously hand-painted bird motifs for a touch of charm.
- ▶ Finished surfaces are lacquered for added protection and a subtle sheen.
- ▶ After the finishing process, the artisans sign "Hand-painted in Italy" in Italian and date their work.
- ▶ Cabinets feature convenient cord management holes to accommodate lighting and electronics.
- ▶ This collection is artisan-crafted from natural materials with hand-applied finishes. Individual pieces may vary in color, pattern, shape, and texture, making each truly unique.
- ▶ Natural wood may display small splits, knots, joint lines, or other organic features that will not affect the quality or performance of your piece.
- ▶ Furniture made from natural wood may move slightly due to temperature and humidity. This is normal and should be expected from season to season.
- ▶ If you wish, the artisans can specially customize your Bell'Arte piece by hand-painting your name (up to three words) on the underside for no additional cost. Visit your local store or call to order.
- ▶ Keep your furniture looking its best. Visit arhaus.com or speak to any Arhaus Design Consultant for care recommendations.

## anything but basic

Elevated by artisanal craftsmanship and sophisticated detailing, our Spencer Collection lends practical storage and contemporary aesthetics to any space. Benchmade cabinets concealing adjustable shelves are constructed from hand-finished mindi wood or white ash stained in versatile, neutral tones. Sliding doors feature glass panes elevated by matching, hand-stained mullions. Stack multiple cabinets together to create a dramatic and spacious storage solution.

## product details

- ▶ Spencer Black, Burnished Brown, and Nimbus case frames are crafted from solid mindi wood and mindi veneers.
- ▶ Stone on Ash case frames are crafted from solid White Ash and ash veneers.
- ▶ Finishes are painted by hand and lacquered for added protection and a subtle sheen.
- ▶ Sliding doors are complemented by solid brass pulls featuring an antiqued finish.
- ▶ Each cabinet features cord management holes to accommodate electronics and media equipment.
- ▶ Metal brackets with latch mechanisms keep stacked pieces securely in place.
- ▶ The underside of each piece is lined with velvet to prevent scratching while stacked.
- ▶ Keep your furniture looking its best. Visit [arhaus.com](http://arhaus.com) or speak to any Arhaus Design Consultant for care recommendations.

## contemporary rustic cabinetry

Functional design at its best, our Sullivan Collection is artisan-crafted to frame your space in a grounded, contemporary aesthetic. Built by hand using sustainably sourced and reclaimed oak wood complemented by oversized iron hardware, each hand-stained surface features a smooth, contemporary finish that accentuates the natural character of the wood. These cabinets perfectly balance practicality, craftsmanship, and chic styling with sliding cabinet doors that can be easily moved to reveal or conceal media components, décor, or storage.

### product details

- ▶ Sullivan cabinets finished in Northern Oak are handcrafted by artisans from reclaimed European oak, sustainably grown solid oak, and oak veneers.
- ▶ Reclaimed European oak wood is used in cabinet doors and drawers, showcasing its unique, naturally weathered features.
- ▶ In addition to its stunning, natural appeal, our reclaimed wood is treasured in many of our collections as a contribution to preserving healthy and sustainable eco-systems.
- ▶ Sullivan cabinets finished in Northern Cinder is made from sustainably sourced new oak—finished with multiple layers of rich, dark, and deep tones.
- ▶ Wood surfaces are hand-sanded, layered with several coats of glaze, and finished with a matte lacquer topcoat for added protection.
- ▶ Sliding cabinet doors move easily to reveal or conceal shelving, providing options for both storage and display.
- ▶ Cabinet doors are complemented by solid iron handles.
- ▶ Sullivan Credenzas feature adjustable/removable shelving to accommodate any storage or display needs.
- ▶ Cord management holes accommodate electronics and media equipment.
- ▶ Drawers sit atop under-mounted glides.
- ▶ Wall Unit's TV cavity size is 61" w x 10" d x 36" h.
- ▶ All Sullivan pieces include anti-tip kits for added stability.
- ▶ Keep your furniture looking its best. Visit [arhaus.com](http://arhaus.com) or speak to any Arhaus Design Consultant for care recommendations.

**1**

Install legs on base unit.

Insert ring "B" and nut "A"

Tighten firmly with wrench "C"

HANDLES: 91SULLBSHNDL  
LEGS: 91799064

**2**

Joint sides and base center unit, use pin "D" as guide.

While standing up connect base iron frame with ring "B" and nut "A".

Tighten firmly with wrench "C".

3

Install screw "E" in the hole and tighten with screw driver "F"

4 Place fully assembled base unit in final location and ensure the unit is leveled and straight

Place the top center unit on top of base unit, use pin "D" as guide.

Install screw "E" from inside of center base unit to lock with center top unit.

Tight firmly using screw driver "F".

5

Joint top side unit with center unit, use pin "D" as guide.

a) Install screw "E" to connect top side with top center unit and tight firmly using screw driver "F".

b) Install screw "E" to connect top unit with base unit and tight firmly using screw driver "F".

6

a.

Place the sliding wheel inserted into bottom rail.

Install left door into cabinet by inserting sliding wheels on the bottom of door into the bottom rail on the cabinet

b.

- Press and pull down to unlock.  
- Press and push up to lock.

Check and adjust the height level of doors by turning the sliding wheel mechanism using screw driver.

Lock the door by inserting the sliding mechanism into the upper rail on the cabinet.

c.

Install the right door into cabinet following the same procedure as the left door.

DOOR HANDLES: 91SULLDRHNDL  
GLIDES: 91SULWLUGLD

7

Install shelf support "D" into the holes and install adjustable shelf for center top unit.

8

Install shelf support "D" into the holes and install adjustable shelf for side top unit.

## a love letter to classic, European design

Inspired by 18th and 19th century, European architecture, our artisan-crafted Taja Belle Cabinet Collection showcases traditional styling and elegant glass doors. Each tempered glass pane is accentuated by intricately arranged mullions—used to create visually stunning, geometric patterns. This exquisite detailing is complemented by hand-painted finishes and brass hardware, which evoke an antique charm that feels at home amongst both French country décor and contemporary settings.

### product details

- ▶ Brown cabinets are constructed using mindi wood solids and veneers.
- ▶ White, Black, Nimbus, Alto, and Cirrus cabinets are constructed using solid mahogany.
- ▶ Finishes are painted and distressed by hand.
- ▶ Surfaces are softly lacquered for protection and a subtle sheen.
- ▶ Cabinet doors feature tempered glass.
- ▶ Media cabinet features drop-down drawer fronts and cord management holes.
- ▶ Tall cabinet has five adjustable and removable shelves.
- ▶ Tall cabinet features a 35" w x 13" d x 71.5" h cavity.
- ▶ Cabinets feature solid, antiqued brass hardware.
- ▶ Based on size and weight, this item may require an anti-tip kit.
- ▶ Tip-kit installation is not part of our delivery service.
- ▶ Professional installation is recommended.
- ▶ Finishes are durable enough to withstand daily use; but, as with all fine, wood finishes, should be protected from heat and moisture.
- ▶ Handcrafted wood surfaces are easily maintained with soap and water. Non-wax Guardsman® Wood Polish can be used as needed.

# FURNITURE TIPPING RESTRAINT

## Safety Mounting Assembly

### HARDWARE

long screw (1 pc)

short screw (1 pc)

wall fitting (2 pcs)

plastic anchor (1 pc)

wall strap (1 pc)

Screw Driver (not included)

Drill and 1/4" drill bit (not included)

### Installation Instructions:

For added safety and stability, it is recommended that the wall mounting hardware be installed. For safe mounting, it is essential to use wall anchors appropriate to your wall type (i.e. Plaster, drywall, concrete, etc.). Mount to wood studs whenever possible.

- Attach **1 pc of wall fitting** to furniture as shown, using **small screw**.
- Determine the final position for the furniture. Mark position on the wall approximately 2" below the bracket mounted to the back of the unit.
- Drill a hole in the wall stud. If the wall stud is not available, drill a hole in the wall that is slightly smaller in diameter than the anchor. Gently tap the **plastic anchor** until the flange of the anchor is flush with the wall.
- Attach the **wall fitting** to the wall by inserting **large screw** through the wall fitting and into the **plastic anchor** in the wall.
- Place the unit so the wall fitting on the back edge is aligned with the wall fitting on the wall.
- Lace one end of the **wall strap** through both fittings, and into the other end of the strap.
- Pull the strap tightly until secure.

ANTI-TIP: 91TAJTIPKIT

Any damage incurred to the furniture or the wall as a result of improper installation of this restraint will be the responsibility of the owner.

## historically inspired

Inspired by 18th and 19th century campaign furnishings—originally designed for easy transport and assembly—our Tremont Collection's sophisticated aesthetic is defined by rugged yet elegant details reminiscent of the original style. Craftsman-built using solid hardwood and veneers, this durable collection is beautifully hand-finished with soft stains—selected to enhance the natural texture and dramatic grain found within in each surface. Drawers and cabinets are adorned with brass hardware, which accentuates the warm wood finishes. Over 15 different modular furnishings can be easily combined in a multitude of ways to transform any space into a sophisticated, yet comfortable workspace, lounge or library.

## product details

- ▶ Frames are constructed from solid mindi wood and thick mindi veneers—with strength similar to ash and oak hardwoods.
- ▶ Distressed and weathered finishes are wire-brushed to accentuate the hardwood frames' natural grain and texture; then lacquered for added protection and a subtle sheen.
- ▶ Rich, hand-applied finishes are complemented by Antique Brass hardware.
- ▶ Modular configurations require some assembly; all components include mending plates and anti-tip kits.
- ▶ Keep your furniture looking its best. Visit [arhaus.com](http://arhaus.com) or speak to any Arhaus Design Consultant for care recommendations.

# Media Easel

**DISCONTINUED**

## Hardware Kit

A =  = 4 Pcs

B =  = 6 Pcs

C =  = 2 Pcs

1

Rest the cut out on the Easel, on the back edge of cabinet.  
Check that the Easel is centered on cabinet.

2

Install 4 pcs screw A to lock the Easel in place

3

Insert the left hand side bracket behind the Easel, make sure the  
bracket is sitting flush with the bottom wood edge of the cabinet.  
Install screws B.

4

Insert the right hand side bracket behind the Easel, make sure the  
bracket is sitting flush with the bottom wood edge of the cabinet.  
Install screws B.

## ASSEMBLING INSTRUCTION TREMONT MODULAR 20" DR BASE

- ▶ The wood in this collection lives and breathes with the seasons, often displaying slight movement due to changes in temperature and humidity. To retain the organic luster of the wood, care for your furniture with annual applications of Fiddes® Wax.
- ▶ Wood products have a lacquer coat and a wax finish applied to the surface. Before application, ensure that the surface is clean and dry. Apply Fiddes® Wax to the surface in small sections following the grain. This wax is quick drying and can be buffed after it dries for a desired sheen.

### TOOLS NEEDED

Phillips head screwdriver (not provided)

### HARDWARE LIST

A = Plastic brackets

4Pcs

C = Phillips screws M4x30mm

4Pcs

E = Plastic anchors

4Pcs

B = Restraint straps

2Pcs

D = Phillips screws M4x20mm

4Pcs

1. Attach one of the mounting brackets near the top back edge of the furniture piece by inserting the shorter screws.
2. Determine the final position of the furniture piece. Mark location on the wall pproximately 2" below the bracket mounted to the back of the furniture.
3. Drill a starter hole into the wall stud. If wall stud is not available, drill a hole into the wall and insert plastic anchor. Gently tap the anchor until the flange of the anchor is flush with the wall.
4. Attach the second bracket by inserting the longer screw through the bracket and into the wall.
5. Place the furniture so the bracket on the back edge is in line with the bracket on the wall.
6. Lace one end of the nylon restraint strap down through each bracket. Bring both ends together and slide the beaded end until it snap locks into the keyhole slot.
7. To double lock, return the beaded end back through the keyholes as shown.
8. Check to make sure the strap is securely laced and locked to the brackets.

To adjust the wooden shelf, remove the wood screws from under the shelf clip.

3

TO ASSEMBLE THE SLIDING DOOR INTO THE CASE, PLEASE FOLLOW BELOW STEPS:

STEP 1

STEP 3

**STEP 1 :** Press down the top latches of door. If the latches are at lower position already, please go to Step 2.

**STEP 2 :** Place the Door Rollers at the bottom edge of door into the lower V-Track at front bottom rail of case. Make sure that both 2 Rollers stand on the V-Track, then push in the top part of door so that the top Latches of door are ready at the position of the upper U-Track at the front top rail of case.

**STEP 3 :** Use your fore fingers to press in the buttons at the side of the Latches so that the Latches go up into the U-Track.

## Italian craftsmanship and exquisite detail

create the soul of our Arhaus-exclusive Bell'Arte collection. Our Vittoria Wall Collection is no exception. Italian artisans treat each piece like a work of art. These truly one-of-a-kind cabinets are constructed from solid tulip wood and feature hand-carved detailing in their cabinet doors, drawer fronts and moulding. Each piece is painted and distressed by hand over three days. Multiple layers of paint and stain are artfully applied then gently removed to form a timeworn appearance. A final coat of lacquer protects and creates a subtle sheen. These classic cabinets feature ample storage with fully adjustable shelving and secret compartments on either side.

### product details

- ▶ As with the rest of our Arhaus-exclusive Bell'Arte Collection, our Vittoria collection is handcrafted in a region of Italy renowned for its furniture-making.
- ▶ Craftsman-built from tulip wood—a wood prized in the making of fine furniture.
- ▶ Cabinet frames are reinforced with a mortise-and-tenon joinery for strength and durability.
- ▶ Hand-painted Libro finishes are layered with tones of distressed ivory and grey to achieve a timeworn appearance with elegant detailing.
- ▶ Italian artisans meticulously carve and paint all cabinet doors, drawers, and moulding by hand, making each truly one-of-a-kind.
- ▶ Dovetail drawers are set on wood glides with brass knobs.
- ▶ All shelving is adjustable and removable.
- ▶ Cord management holes accommodate media equipment and other electronics.
- ▶ Antique brass locks reveal secret compartments in the cabinet's sides.
- ▶ Wall Unit features a 51" w x 14" d x 50" h cavity.
- ▶ This collection is artisan-crafted from natural materials with hand-applied finishes. Individual pieces may vary in color, pattern, shape, and texture, making each truly unique.
- ▶ Natural wood may display small splits, knots, joint lines, or other organic features that will not affect the quality or performance of your piece.
- ▶ Furniture made from natural wood may move slightly due to temperature and humidity. This is normal and should be expected from season to season.
- ▶ If you wish, the artisans can specially customize your Bell'Arte piece by hand-painting your name (up to three words) on the underside for no additional cost. Visit your local store or call to order.
- ▶ Keep your furniture looking its best. Visit [arhaus.com](http://arhaus.com) or speak to any Arhaus Design Consultant for care recommendations.

**Finish:**

French  
Oak

## an of-the-moment mix of metal and wood,

our Watson Bookcases are functional and unforgettably styled. Clean, modern lines dramatically break at bold angles, creating unique display and storage space for décor and necessities alike. Beautiful oak-surfaced shelving is finished by hand with a multi-layered distressed patina. Steel frames provide a sophisticated element of contrast in both texture and color, ideally framing the shelves' contents. Convenient drawers also provide versatile storage options for any setting.

### product details

- ▶ Bookcase frames are craftsman-built from solid steel.
- ▶ Shelving is made with oak veneers for uniform surfaces, while drawer faces are made from solid oak.
- ▶ Wood surfaces are carefully distressed by hand before being waxed and coated with a matte lacquer for added protection.

## Cool, Rustic Style for Casual Living

Juxtaposing clean lines and rustic detailing with the natural shape and texture variations of its live-edge top, our Whitman TV Console accentuates your living space with casual yet visually interesting design. Made from imported, solid oak and planked veneers from Europe, the top of this media cabinet is accentuated by a light

Oxford Natural finish that highlights the wood's color and grain pattern. The console's yellow poplar base is covered in naturally smoked European oak veneers and complemented by brass-finished hardware. The cabinet features three shelving sections behind sliding doors for convenient storage.

### ARTISAN FINISHED

Many of our pieces may vary slightly in color, pattern and texture due to the nature of multi-layered finishes that are hand-applied by our craftsmen. Hand-applied finishes may include some small splits, knots, joint lines and other natural properties that will add interest without affecting performance. Materials may also display movement from season to season because of changes in temperature and humidity. We believe these variances from piece to piece only add to an individual's unique, artisan-crafted character.

### HANDCRAFTED QUALITY

Arhaus furniture is made with great care and attention to detail. Our collections are distinctive and designed to bring pleasure to you in your home for years to come. Each piece is handcrafted, made using traditional skills and techniques, and hand-painted, distressed and finished to ensure each item becomes an heirloom in your home.

### RENEWABLE RESOURCES

Arhaus is unique in its commitment to preserving natural resources. Our Corporate Rainforest Policy states that we will not sell merchandise made of timber from the world's endangered rainforests. In all cases, the wood we use was harvested from renewable resources.

All dimensions can vary slightly due to the hand-built nature of our furniture.

## product details

- ▶ Tops are hand-stained in an Oxford Natural finish to accentuate the wood's natural characteristics, while cases are finished in naturally smoked oak veneers.
- ▶ Lacquered for added protection and a subtle sheen.
- ▶ Console tops are built from solid European oak and oak veneers. Cases are constructed from yellow poplar and naturally smoked oak veneers.
- ▶ Case and sliding doors feature brass-finished hardware.
- ▶ Cord management holes throughout accommodate media equipment and other electronics.
- ▶ Case features three adjustable/removable shelves, one per section.
- ▶ Spills should be removed immediately with a damp cloth.
- ▶ Do not use care products that contain ammonia or silicone as this will cut through the lacquer finish over time and damage your piece.
- ▶ Use coasters, trivets and felt pads under objects to preserve the finish of this piece.
- ▶ Never place hot dishes on surfaces; we recommend the use of felt-backed tablemats.
- ▶ Prolonged use of hot electrical equipment on top of furniture may also cause scorching.
- ▶ Always avoid exposure to direct sunlight or heat (e.g. by placing it in front of a radiator) as this can cause cracking and potential fading; a minimum 30 cm clearance from heat sources is advised.

## recommended care

- ▶ For daily maintenance, clean wood using a mild soap and water solution. Towel-dry immediately.
- ▶ Dust wood with a soft, dry cloth and buff periodically using a non-wax furniture polish such as Guardsman® Wood Polish.
- ▶ Do not drag piece(s) across the floor as this will cause damage or weaken joints.
- ▶ Dropping furniture onto corners or feet will cause damage.
- ▶ Toys, buckles and heels will scratch furnishings—try to prevent these objects from coming into contact with your piece(s)

## contemporary décor foundations

Designed for both storage and display, our rustic, contemporary Xander bookcase features a minimal silhouette to highlight your décor. Craftsman-built shelves and frames are constructed from solid oak wood and oak veneers to ensure smooth and consistent surfaces. Finishes are applied by hand—stained and brightened by a light glaze that catches in the oak wood's grain, accentuating its texture and natural markings. Frames are finished in a dark black stain, complementing the medium brown shelves and creating a neutral yet visually impactful background for displayed items. Finishes are wire brushed to give them a slightly distressed appearance and lacquered for added protection and a subtle sheen.

### product details

Bookcase shelves and x-frames are craftsman-built from solid oak wood and surfaced with oak veneers for a consistent surface.

Frames are built using mortise-and-tenon joinery to ensure superior strength and stability.

Light Burnt Oak finishes are applied by hand to each shelf while frames feature a black finish. Stains are brightened by a light glaze, which catches in the cathedral grain of the oak wood.

- ▶ Finishes are wire-brushed for a lightly distressed look and lacquered for added protection and a subtle sheen.
- ▶ Due to the nature of materials used and hand-applied finishes, color, pattern, and texture may vary, making each piece unique.
- ▶ Wood furnishings may also display small splits, knots, joint lines, or other natural features. These markings are normal and will not affect the performance of your piece.
- ▶ Due to changes in temperature or humidity, wood furnishings may display slight movement from season to season.
- ▶ Regular maintenance of wood furnishings is required. For additional information, please visit [arhaus.com](http://arhaus.com)

## ANTI TIP-KIT Installation Instruction

### READ INSTRUCTION BEFORE INSTALLING

Caution : This product is not a substitute for parental supervision.  
 Manufacturer assumes no responsibility or liability for improper installation  
 or excessive loads placed on any of the supplied components.

### EXAMPLES FOR SECURING

**Attach to top back frame of cabinet**  
**Ideal installation for Dressers & Chests**

**Attach to top of tall furniture**  
**like curios**

### NOTES :

Always mount to solid wood. Do not attach to plywood back panels.  
 Always locate and attach to stud, do not depend on wall anchors.
