NEXT-LEVEL THINKING APPLIED TO BETTER OUTDOOR LIVING
At Trex, we have a knack for pushing the boundaries of what’s possible. In fact, we take a systematic approach that spreads our hallmark performance and beauty all around your home. Because, technically speaking, your outdoor space is more than just decking. It’s also railing. And framing. Possibly a pergola. Lighting. And definitely furniture.

Your vision for your own outdoors is reflected in your every choice—right down to the handrails. So whether you’re playing host or homebody, Trex makes it simple to create the kind of vision you’ve always had in mind. By staying ahead of the design curve, we make sure your outdoor space will wow during the day, glow bright at night and stay radiant for years to come.
Actually, it is easy BEING GREEN

Trex was built upon green principles and values, from our innovative materials to our sustainable processes. In fact, in all our years in the decking and railing business, we haven’t felled a single tree. Not one.

Our decking, in addition to reclaimed wood and sawdust, used to be plastic packaging. (We happen to be one of the largest plastic recyclers in the U.S.) Most of our products are made almost completely from recycled materials, which means Trex saves 400 million pounds of plastic and wood from landfills each year.

Plus, Trex strives to make its proprietary manufacturing methods as green as possible. We recycle our factory refuse back into the manufacturing line, and some plant hydraulics are even powered by vegetable oil. So our decking, railing and steel deck framing contribute to LEED points on any building.

At Trex, we do the extra work to make everyone’s leisure time that much more pleasurable. And we’ve been this way for more than 20 years—well before green was a buzzword.

Why?
Because, in the end, all of us want to look out on our decks and know that we’ve done our part.

Because, in the end, all of us want to look out on our decks and know that we’ve done our part.
perfection built from the ground up

When you daydream about your dream deck, chances are you haven’t given much thought to what lies beneath it. Even though your deck’s substructure may not make the family photos, it’s actually the most important part of your new outdoor space. Trex Elevations®, our system of durable, triple-coated steel beams, joists and tracks, creates the strongest, straightest and, yes, greenest structures down below.

High performance
- Triple-coated steel offers consistency, durability and reliability that other materials can’t
- Rot- and termite-proof steel lasts much longer than wood
- Non-combustible material with a Class 1A fire rating offers peace of mind
- Rigorously tested for safety and chemical-free, unlike pressure-treated lumber
- CCRR-0186 code compliance research report approves Trex Elevations for exterior use

Perennial beauty
- Precision engineering ensures surfaces remain flat over time
- Unparalleled strength enables cantilevers and dramatic curved deck designs
- Neutral finish blends with most decking colors making the substructure less visible from above
- Longer spans allow for fewer posts and less obstructed views
- Consistent dimensions mean a level run from house to edge

Trex through and through
- Contains a minimum of 25% recycled steel and is a 100% renewable resource
- Works beautifully with the Trex RainEscape drainage system
- Backed by the Trex 25-Year Limited Residential Warranty

Think about it: if you’re going to invest in a long-lasting deck, don’t you want its support to last just as long?
UNPARALLELED BEAUTY

With high-traffic technology and a natural-looking wood-grain finish, Transcend decking is specially designed to look ageless—even decades after it is installed. Featuring rich, nature-inspired colors, our decking pairs seamlessly with our railing options to culminate in the deckscape of your dreams.

HASSLE FREE

No sanding. No staining. No painting. No kidding. In fact, the only major piece of maintenance your Transcend decking and railing require is washing with soap and water or a pressure washer,* compliments of the protective Transcend shell technology.

FADE, STAIN, SCRATCH AND MOLD RESISTANT

Mother Nature’s worst continues to bring out our best. Whether a nasty Nor’easter or a scorching Arizona summer, Transcend maintains its vibrant color and luxurious finish. Same goes for man-made disasters. Wet planter pots, red-wine rings and dragged chaise lounges are no match for the Transcend fade-, stain-, scratch- and mold-resistant shell.

EARTH FRIENDLY

Transcend decking is made from 95% recycled materials, from reclaimed wood and sawdust to plastic packaging. And our railing contains at least 40% recycled material.

* See Care & Cleaning Guide at trex.com

With a tough-as-nails protective shell, unrivaled low maintenance and wood-grain beauty to match, the one and only Transcend® decking is the ultimate expression of form and function. Pair it with our Transcend railing and you have an unmatched outdoor experience. Together they offer tons of design options, enabling you to put your signature on your outdoor living space with our signature luxury line.

With our Transcend railing and you have an unmatched outdoor experience. Together they offer tons of design options, enabling you to put your signature on your outdoor living space with our signature luxury line.
transcend with flying colors

TRANSCEND DECKING

High performance
» Engineered with unrivaled fade, stain, scratch and mold resistance
» Hassle-free maintenance takes the work out of the weekend

Perennial beauty
» Designed in a range of rich colors with a natural-looking grain pattern
» Available in two distinctive styles—premium tropical colors and rich classic earth tones
» Pairs with Trex Transcend railing in coordinating colors, plus Classic White and Charcoal Black

Trex through and through
» Made from 95% recycled materials
» Backed by the industry-leading Trex 25-Year Limited Residential Fade & Stain Warranty

TRANSCEND RAILING

High performance
» Stands firm with a strong, sturdy look and feel
» Built with the same incredible durability as Transcend decking—won’t rot, warp or splinter

Perennial beauty
» Modular components let you mix and match your customized look with any Trex railing line
» Pairs perfectly with Transcend decking—also compatible with any decking line

Trex through and through
» Contains a minimum of 40% recycled material
» Backed by the Trex 25-Year Limited Residential Warranty

GET THE FLOORING LOOK
As an alternative to our traditional deck board, we offer an indoor-style, slanted groove porch board for a virtually gap-free look. Porch boards are available in Gravel Path & Spiced Rum.
even comfort has a cutting edge

Enhance® is our low-maintenance composite that offers all the charm and none of the trouble of real wood. With its high-definition grain pattern and hidden fasteners, Enhance features a rich, sophisticated finish at a value that only adds to its appeal.

**High performance**
- High-performance shell is fade, stain and mold resistant
- Cleans easily with just soap and water or a pressure washer*
- Soft, splinter-free finish is comfortable underfoot

**Perennial beauty**
- Versatile colors feature a refined wood grain that adds depth and luxury
- Pairs beautifully with all Trex railing lines—try either a one-color look or a completely unique mix

**Trex through and through**
- 95% recycled plastic, wood and sawdust keeps it green
- Backed by the industry-leading Trex 25-Year Limited Residential Fade & Stain Warranty

**COMPATIBLE WITH ALL TREX RAILING**
No outdoor living space is complete without railing that perfectly captures its surroundings. Enhance decks mix and match with all of our Trex railing lines. For complementary styles that will gain you plenty of compliments, check out trex.com for railing pairing suggestions.

**UNFETTERED FINISH WITH TREX HIDEAWAY HIDDEN FASTENING SYSTEM**
The innovative Trex Hideaway Universal Fasteners are an option with grooved-edge boards for perfectly consistent spacing and no visible screws on top.

**EARTH FRIENDLY**
We don’t harvest rainforests to make Trex. In fact, we’ve never even chopped down a single tree. Enhance decking is made from recycled materials, from reclaimed wood and sawdust to plastic packaging.

* See Care & Cleaning Guide at trex.com

For easier cutting, try Trex Blade™, the first saw blade specially designed for composite decking materials. You’ll get cleaner cuts with no swirl marks and a longer cutting life.
it’s Trex, simplified

With such an easy design scheme, Trex Select® decking and railing adds our legendary luxury to your home more affordably than ever. While Trex Select decking features our hallmark high-performance shell technology and nature-inspired colors, the complementary white railing is a simple solution for a clean finish. Now more than ever, you can complete your high-caliber outdoor living system without compromise.
RAILING & GATES

mineral style, maximum strength

Whether your favorite view is the city skyline, purple mountain majesties or galaxies far, far away, Trex Reveal® aluminum railing makes it a sight to behold. Sleek and minimalist, Reveal is specially crafted to complete your deck while emphasizing the view beyond it. Reveal is hallmark Trex, with sleek-yet-sturdy construction that easily spans long lengths for panoramic stretches. It can also be used across the entire Trex decking line, giving you a perfect stylistic alternative to pair with the deck of your dreams.

High performance
➤ Aluminum possesses unparalleled strength with minimal geometry
➤ Powder coating allows the aluminum to retain color and resist corrosion
➤ Washes clean with soap and water for low maintenance
➤ Offered with an array of bracket options for easy installation

Perennial beauty
➤ Perfect for a sleek, contemporary aesthetic in any setting
➤ Increases visibility to maximize scenic views
➤ Monochromatic design works with all types of projects
➤ Two baluster options (square and round) and two post choices (aluminum posts and composite post sleeves) available
➤ Over-the-post option creates a continuously graspable handrail

Trex through and through
➤ Compatible with all Trex decking line—not to mention stone patios, concrete porches and more
➤ Backed by the Trex Reveal Railing Limited Warranty*
➤ Contains a minimum of 40% recycled aluminum, a 100% renewable resource

* See warranty at trex.com

THE STRENGTH OF TREX REVEAL—NOW IN A GATE

Designed to work with all Trex railing, Trex aluminum gates offer an extra level of safety and strength, so your whole family can enjoy time on the deck.

➤ Welded panel with slide-on posts makes installation fast and flexible
➤ Customizable width to fit almost any opening—maximum opening is 48"
➤ Superior adjustable hinges and locking latch
➤ Design options include three colors and two baluster profiles: Charcoal Black, Bronze and Classic White; and square and round balusters
With the right light, you can take any outdoor space from invisible to inviting. That’s why Trex has expanded our lighting offering to cover the whole landscape. Trex® Outdoor Lighting™ enhances curb appeal with energy-efficient illumination that makes for safer nighttime strolls and impressive deckside ambience. Best of all, the lights install in a snap and disappear into their surroundings for a truly sophisticated look.

**High performance**
- Energy-efficient Cree® LEDs give off long-lasting illumination
- Dimmable glow matches the mood of any outdoor party or dinner
- Remains weather-proof and salt air resistant in the toughest climates
- Offers total lighting control via timer and optional dimmer with remote

**Perennial beauty**
- Sophisticated fixtures create custom lighting effects and designs
- Ambient light improves the safety of paths and stairways
- Out of sight during the day, beautiful light every night
- Available in a variety of colors to complement any outdoor space

**Trex through and through**
- Part of a complete Trex package
- Trex LightHub® connection system makes set-up a snap for DIYers
- Lighting builds into new decks and landscaping or retrofits into existing spaces
- Keeps things green with 75% less energy usage than traditional incandescent lighting
- Protected under warranty for years of outdoor use*

Both deck lighting and landscape lighting are compatible with the Trex LightHub® connection system—a simple way to set up and control your lights.

* For the terms of warranties on Trex® Outdoor Lighting™, see page 40 or visit trex.com

Cree® is a registered trademark of Cree, Inc.
1. What could be chicer than a home-stay deck match? Island Mist offers red and rich hues, Transcend square black balusters and Classic White post sleeves and caps make the back door as glorified as the front.

2. Start with Transcend decking in Tropical Havana Gold, add Transcend black treads, Transcend square black balusters and Classic White with a face screen and Outdoor Furniture, and push it’s the neighborhood it-spot. Sometimes all a deck needs is a little wayfinding. Our easily installed stair riser lights answer the call on these dramatically curved beauties.

3. Transcend decking in Island Mist evokes the tropics no matter how far inland. The cool grey tones of this low-slung Transcend deck in Cool Deck Plus give a Carribbean modern edge.

4. When Paul Lafrance is in the job, you know he’s making a custom bar finished in Fascia. Post sleeves and caps make the back door as glorified as the front. Sometimes all a deck needs is a little wayfinding. Our easily installed stair riser lights answer the call on these dramatically curved beauties.

5. When Paul Lafrance is in the job, you know he’s making a custom bar finished in Fascia that matches the decking in both color and durability. Here, our tropical Tiki Torch provides ample inspiration.

6. The subtle illumination of our post cap lights, here in Classic White, kicks off a whole portfolio of Transcend deck lighting options for both decks and landscape alike. Not only can Trex decking handle the withering seaside weather, so can our Outdoor Storage. ic, trash and storage bins from like our Transcend in Classic White, adds something extra to the neighborhood it-spot. Sometimes all a deck needs is a little wayfinding. Our easily installed stair riser lights answer the call on these dramatically curved beauties.

7. Post sleeves and caps make the back door as glorified as the front. Sometimes all a deck needs is a little wayfinding. Our easily installed stair riser lights answer the call on these dramatically curved beauties.

8. Durable Trex Reveal railing is always up to double as a towel rack. When our railing harmonizes with our decking, it’s a beautiful view from every angle. *Excludes Trex Trim

FASCIA

Engineered to last, Trex® Spiral Stairs™ offer all of the space-saving advantages of traditional spiral staircases but with Trex signature style, strength and simplicity. And with a range of design options—like two material choices and custom, high-performance composite treads—the Trex Spiral Stairs system is the ultimate staircase alternative.

High performance
- Strong and stable design maximizes tight outdoor spaces
- Modular components make transport and installation easy
- Assembles as a complete system with railing and supports included
- Superior protection against the elements

Perennial beauty
- Step treads can be capped with Trex high-performance composite to match your deck’s color perfectly
- Low maintenance with no painting necessary
- Available in powder-coated aluminum in a range of colors or galvanized steel

Trex through and through
- Made from up to 60% recycled materials
- Non-combustible material offers peace of mind
- Integrates easily with Trex Outdoor Lighting riser lights
- Backed by a 25-Year Manufacturer’s Warranty*

*Trex® Spiral Stairs™ are manufactured and sold by M. Cohen and Sons, Inc., d/b/a/ The Iron Shop, under a Trademark License Agreement with Trex Company, Inc. Warranty provided by manufacturer.
It’s luxury, squared: comfortable, durable, sustainable furniture in a variety of styles and colors that coordinate with our decking and railing. Each piece features an ergonomic design superbly crafted with a splinter-free finish for smooth, elegant ease. Plus, true to form, 90% of Trex® Outdoor Furniture™ comes from recycled material. So it’s used to being one with nature.

**High performance**
- Engineered to withstand the elements and resist corrosion
- Made with high-density, low-maintenance resin that won’t warp or crack
- Made from 100% waterproof material

**Perennial beauty**
- Natural-looking detailing, inspired by real teak
- Customize the look with marble, granite or stone tops (purchased separately)

**Trex through and through**
- Comes in all Trex Transcend colors to impeccably match your deck
- Available in a wide variety of sizes and storage options

Mix the comforts of your indoor space with the natural beauty of your outdoor space. With Trex® Outdoor Storage, add undeniable style and utility to your yard with storage that’s easily matched to your deck and customized for your needs. From hidden ice drawers for a cool lemonade to drawer boxes for the kids’ baseball gear, our storage solutions maximize your space by giving you extra room for all your backyard essentials.

**High performance**
- No staining, sealing, painting or refinishing—ever
- Laughs off brutal sunbake and ignores withering salt spray
- Stain-, spill- and rot-proof too

**Perennial beauty**
- Distinctive colors you can mix and match with any decking or patio hardscape
- Boasts ergonomic design and a splinter-free finish for all-day comfort
- Colorful Sunbrella® cushions and pillows add flourish to your furniture
- Signature Trex curves coordinate beautifully with our decks

**Trex through and through**
- Unique signature designs, exclusive to Trex
- Over 90% recycled materials keep things one with nature
- Five-Year Limited Warranty means guaranteed weatherproofing
- The only Trex you get to keep when you move

Sunbrella® is a registered trademark of Glen Raven, Inc.
Trex® Outdoor Furniture™ products are manufactured and sold by Poly-Wood, Inc. under a Trademark License Agreement with Trex Company, Inc.

**THE NEXT STEP? WALKING ONTO YOUR NEW DECK.**

You’ve seen what’s possible with Trex. Now let’s figure out how we can help you make it happen.

**FIRST COMES VIRTUAL REALITY. THEN REALITY REALITY.**

Start with our online resources. You’ll find useful tools and features to help make your outdoor-living visions see the light of day—including an iPad app you can use to design your deck. Download and start dreaming.

**FIND A TREXPRO**

We offer the largest nationwide network of TrexPro independent contractors. They not only know our products inside and out and have vast experience on the finer points of installation, they also can provide invaluable insight. To help find a contractor near you and see customer reviews, visit trex.com.

**DIY, TOGETHER**

Trex has always felt a kinship with the independent minded, which is just one of the reasons we’ve designed our projects to be easy to install. If you can work with wood, you’ll love working with Trex. That said, there are many questions—from time commitments to zoning issues—you need to address before you decide to go it alone. To get started on your project, consult our online questionnaire.

**GET A DIGITAL ESTIMATE**

Using the Trex Cost Calculator, you can select all the particulars for your decking project and get a custom estimate. Adjust as needed to find the right fit for your budget.

Find all this and more at trex.com. And should you need us, we’re always available at 1-800-BUY-TREX or question@trex.com

TREX® LIMITED WARRANTY

Trex Company, Inc. (hereinafter “Trex”) warrants to the original purchaser (“Purchaser”) that, for the period of time set forth in the following sentence, under normal use and service conditions, Trex® products shall be free from material defects in workmanship and materials, and shall not split, splinter, rot or suffer structural damage from termites or fungal decay. The term of such warranty shall be twenty-five (25) years from the date of original purchase for a residential application, and ten (10) years from the date of original purchase for a commercial application. If a defect occurs within the warranty period, Purchaser shall notify Trex in writing and, upon confirmation by an authorized Trex representative of the defect, the sole responsibility shall be, at its option, either to replace the defective item or refund the portion of the purchase price paid by Purchaser for such defective item (not including the cost of its initial installation).

Notwithstanding the foregoing, (a), the term of the warranty for the LED lights and housing for Trex® DeckLighting™ shall be seven (7) years from the date of original purchase, (b) Trex® LandscapeLighting™ shall be five (5) years from the date of original purchase for a commercial application, and ten (10) years from the date of original purchase for a residential application, (c) LED lights and housing for Trex® DeckLighting™ shall be seven (7) years from the date of original purchase for a commercial application. If a defect occurs within the warranty period, Purchaser shall notify Trex in writing and, upon confirmation by an authorized Trex representative of the defect, the sole responsibility shall be, at its option, either to replace the defective item or refund the portion of the purchase price paid by Purchaser for such defective item (not including the cost of its initial installation).

For the term set forth below, Trex Company, Inc. (hereinafter “Trex”) warrants to the original and end-user purchaser (the “Purchaser”) that Trex Transcend®, Trex Enhance®, and Trex Select® decking and fascia, Trex Select® decking or fascia, Trex Composite Decking, and Trex Specialty Fascia, as the case may be (the “Product”) will perform, under normal use and service conditions, as follows.

Term of Warranty: The term of this warranty shall begin on the date of original purchase, and shall end (i) twenty-five (25) years thereafter for residential application of the Product, (ii) ten (10) years thereafter for commercial application of the Product, (iii) five (5) years, and (iv) twenty (20) years after the original purchase for a residential application, (v) five (5) years, and (vi) ten (10) years for the installation of replacement materials, including but not limited to improper installation; (vi) this warranty shall not apply to Trex Elevations® steel deck framing, Trex Reveal® aluminum railing and TrexTrim™ (which each have separate warranties).

Warranty Claims: To make a claim under this limited warranty, Purchaser, or the transferee, shall send to Trex, within the warranty period referred to above, a description of the claimed defect and proof of purchase, to the following address:

Trex Company, Inc.
Customer Relations
360 Exeter Drive
Winchester, VA 22603-8605

Trex does not warrant against and is not responsible for, and no implied warranty shall be deemed to cover, any condition attributable to: (1) improper installation of Trex products and/or failure to abide by Trex’s installation guidelines, including but not limited to improper imparing; (2) use of Trex products beyond normal use and service conditions, or in an application not recommended by Trex’s local building codes; (3) movement, distortion, collapse or settling of the ground on which the Trex products are installed; (4) any act of God; (5) years, and (c) with respect to Trex Decorative Balusters, the term of the warranty covering the paint coating shall be ten (10) years, and shall be prorated in the following manner: 100% replacement for the first five (5) years, and 50% replacement for the next five (5) years, and (d) this warranty shall not apply to Trex Elevations® steel deck framing, Trex Revail® aluminum railing and TrexTrim™ (which each have separate warranties). For purposes of this warranty, a “residential application” shall refer to an installation of the Product on an individual residence, and a “commercial application” shall refer to any installation of the Product other than on an individual residence. This warranty shall not cover and Trex shall not be responsible for costs and expenses incurred with respect to the removal of defective Trex products or the installation of replacement materials, including but not limited to labor and freight.

With respect to a residential application, this warranty may be transferred once (1) time, within the five (5) year period beginning from the date of original purchase by the Purchaser, to a subsequent buyer of the property upon which the Trex products were originally installed. With respect to a commercial application, this warranty is freely transferable to subsequent buyers of the property upon which the Trex products were originally installed.

UNDER NO CIRCUMSTANCES WILL TREX BE LIABLE FOR SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES, WHETHER SUCH DAMAGES ARE SOUGHT IN CONTRACT, IN TORT (INCLUDING BUT NOT LIMITED TO NEGLIGENCE AND STRICT LIABILITY) OR OTHERWISE, AND TREX’S LIABILITY WITH RESPECT TO DEFECTIVE PRODUCTS SHALL IN NO EVENT EXCEED THE REPLACEMENT OF SUCH PRODUCTS OR REFUND OF THE PURCHASE PRICE, AS DESCRIBED ABOVE.

Some States or Provinces do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights, and you may also have other rights that vary from State to State or Province to Province.

Copyright © 2014 Trex Company, Inc.
TREX ELEVATIONS® LIMITED WARRANTY

Trex Company, Inc. (“Trex”) warrants to the original purchaser (“Purchaser”) that, for the period of time set forth in the following sentence, under normal use and service conditions, Trex Elevations® steel deck framing components shall be free from material defects in workmanship and materials and will not become structurally unfit, which is defined as corrosion causing a perforation of the component. The term of such warranty shall be twenty-five (25) years from the date of original purchase for a residential application, and ten (10) years from the date of original purchase for a commercial application. If a defect occurs within the warranty period, Purchaser shall notify Trex in writing and, upon confirmation by an authorized Trex representative of the defect, Trex’s sole responsibility shall be, at its option, to either replace the defective item or refund the portion of the purchase price paid by Purchaser for such defective item (not including the cost of its initial installation).

For purposes of this warranty, a “residential application” shall refer to an installation of the Product on an individual residence, and a “commercial application” shall refer to any installation of the Product other than on an individual residence.

Salt Water Applications – Trex Elevations® may not be installed within 3,000 feet of any body of salt water due to increased risk of corrosion. Any such installation shall void this limited warranty.

Other Water Applications – Trex Elevations® may not be installed under the surface or within the splash zone of any body of fresh water due to increased risk of corrosion. Any such installation shall void this limited warranty.

THIS LIMITED WARRANTY SHALL NOT COVER AND TREX SHALL NOT BE RESPONSIBLE FOR COSTS AND EXPENSES INCURRED WITH RESPECT TO THE REMOVAL OF DEFECTIVE TREX PRODUCTS OR THE INSTALLATION OF REPLACEMENT MATERIALS, INCLUDING BUT NOT LIMITED TO LABOR AND FREIGHT.

With respect to a residential application, this warranty may be transferred one (1) time, within the five (5) year period beginning from the date of original purchase by the Purchaser, to a subsequent buyer of the property upon which the Trex products were originally installed. With respect to a commercial application, this warranty is freely transferable to subsequent buyers of the property upon which the Trex products were originally installed. To make a claim under this limited warranty, Purchaser, or the transferee, shall send to Trex, within the warranty period referred to above, a description of the claimed defect and proof of purchase, to the following address:

Trex Company, Inc.
Customer Relations
160 Exeter Drive
Winchester, VA 22603-8605

Trex does not warrant against and is not responsible for any condition attributable to: (1) defects caused by improper installation or decay caused by fasteners; (2) use of Trex products beyond normal use or service conditions; or in an application not recommended by Trex’s guidelines and local building codes; (3) corrosion caused by factors other than environmental or atmospheric processes; (4) failure to strictly abide by Trex Elevations® standard maintenance practices, as described below; (5) movement, distortion, collapse or settling of the ground; (6) any act of God (such as flooding, hurricane, earthquake, lightning, etc.); (7) improper handling, storage, abuse or neglect of Trex Elevations® products by Purchaser; the transferee or third parties; or (8) ordinary wear and tear.

No person or entity is authorized by Trex to make and Trex shall not be bound by any statement or representation as to the quality or performance of Trex products other than as contained in this warranty. This warranty may not be altered or amended except in a written instrument signed by Trex and Purchaser.

UNDER NO CIRCUMSTANCES WILL TREX BE LIABLE FOR SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES, WHETHER SUCH DAMAGES ARE SOUGHT IN CONTRACT, IN TORT (INCLUDING BUT NOT LIMITED TO NEGLIGENCE AND STRICT LIABILITY) OR OTHERWISE, AND TREX’S LIABILITY WITH RESPECT TO DEFECTIVE TREX ELEVATIONS® PRODUCTS SHALL IN NO EVENT EXCEED THE REPLACEMENT OF SUCH PRODUCTS OR REFUND OF THE PURCHASE PRICE, AS DESCRIBED ABOVE.

Some States or Provinces do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights, and you may also have other rights that vary from State to State or Province to Province.

TREX ELEVATIONS MAINTENANCE REQUIREMENTS:

1. Observation: During construction, inspect all components for exposed steel, and cover the exposed area with Trex approved touch up paint in accordance with the Trex Product and Installation Guide. (Trex does not warrant touch up paint due to application variability.) Covering exposed areas with Trex approved touch up paint blends the blemishes into the same unique color of the components.

2. First Maintenance: Defined as the physical inspection of components in search of corrosion. Atmospheric and environmental conditions can affect the longevity of Trex Elevations®. Densities of air borne pollutants in certain atmospheres require adjustments in the maintenance and inspection schedules. You should conduct first maintenance within six (6) years after installation for a residential application and four (4) years after installation for a commercial application. If corrosion is identified, immediately begin corrosion management practices.

3. Inspection Schedule: After first maintenance, Trex Elevations components must be inspected for structural integrity every two (2) to five (5) years for a residential application and every two (2) years for a commercial application. Integrity is inspected by tapping along the surface area of the components with a metal tool such as a screwdriver. If shaking of the exterior coat occurs or discrepancies of sound are heard, immediately begin corrosion management practices.

4. Corrosion Management: Sand any affected areas to twice the size of the corroded area with 80 grit sand paper. Reapply Trex approved touch up paint to the sanded area.
