

# EXPRESSLOK™

ALADDIN COMMERCIAL

PERFORMANCE  
ACCESSORIES

## KEY FEATURES & BENEFITS

ExpressLok™ delivers fast, secure installations with a rapid flashing time and aggressive bond strength. Designed for LVT/LVP and sheet vinyl, it ensures strong adhesion in high-moisture conditions and features color-changing technology for precise application

### Fast-Curing Formula – Ready in 25 Minutes

Designed for rapid flashing, allowing flooring to be installed quickly while ensuring a strong, permanent bond.

### High Strength, Hard Set Formula

Provides a secure, durable bond for flexible LVT/LVP and sheet vinyl, preventing shifting or movement over time.

### Performs in High-Moisture Conditions

Can be installed on concrete slabs with up to 95% RH, supporting challenging environments.

### Innovative Color-Changing Technology

Provides a visual cue to indicate proper adhesive coverage and optimal working time.

### Contributes to Better Indoor Air Quality

Solvent-free and zero calculated VOCs, meeting industry standards for low emissions

## ORDER INFORMATION

SKU	Product	Flooring Type	Open Time	Working Time	Traffic
EXLKA	ExpressLok™	Sheet Vinyl Flexible LVT/LVP	25 Min.	Varies based on ambient conditions and substrate porosity	Light Traffic – 24 Hours Heavy Traffic – 48 Hours

The Perfect Finishing Touch for Any Floor.
