Mohawk Group Hospitality

This collection explores the florals and artistic geometrics of Japanese culture. Florals paired with classic geometric shapes create a soft balance to the sharp angles and edges. Both elements are explored separately – but when layered on top of another, create a sense of unexpected peace and fluidity. The color palette embodies the peaceful nature of this collection by exploring tonal blues, greys, and accents of caramel to bring a sense of tranquility to the viewer.

# Definity

Definity lifts luxury design to the level it demands—where every detail of color and texture can be defined to the highest degree. Designers enjoy supreme creative flexibility across color, pattern, and texture allowing you to fully define and express your vision.

Only Definity technology allows for precise sculpting of the carpet's surface, producing a range of textural formations. The result is carpet with a truly dimensional presence, a fusion of visual effects and tactile reality.
