## HOW TO ORDER

# Better for People and Planet

Our future depends on the work we do today. At Mohawk Group, commitment to our planet extends beyond just products and processes: it's how we challenge ourselves to do and be better every day, how we make decisions, how we reinvest in our people and our planet, and how we define what matters most as we work to deliver value for generations to come.

## better for people

Mohawk Group is proud to provide products free of Red List chemicals with verified documentation of their impact throughout the life cycle.

## better for the planet

With the holistic improvement of the life cycle of our flooring products—from full product transparency, to reduced water usage in manufacturing, to carbon neutrality and beyond—better is just the beginning.

## better for performance

Our products are made to last, created with fiber and backing technologies that target durability, lasting quality and with circularity in mind—when your flooring is ready to be replaced, we will recycle it.

Carbon neutral PLUS an additional 5% carbon offset for a net-positive impact on the environment. We've signed The Climate Pledge to be net zero by 2040 and have already started major changes to reduce our carbon footprint.

## RECOVER RECYCLING PROGRAM

Give your old flooring a second life with our award-winning ReCover Recycling Program. We will take away flooring made by any manufacturer, recycle it for you, and provide a certificate showing your positive impact on the planet.
