

TAKING ODDS

TAKING ODDS

**Hit the jackpot on style,
performance and flexibility.**

Taking Odds makes it simple to achieve rich flooring designs for your casino and gaming centers, with the convenience and durability of Durkan carpet tile.

Taking Odds PDI carpet tile also maximizes the lifespan of your floor. Simply swap out individual tiles when needed, eliminating the disruption and expense of replacing a large area of flooring. The carpet is designed for high performance and features an attached cushion that delivers greater comfort underfoot as well as improved acoustics.

From beautiful design to incredible functionality, Taking Odds delivers a winning combination.

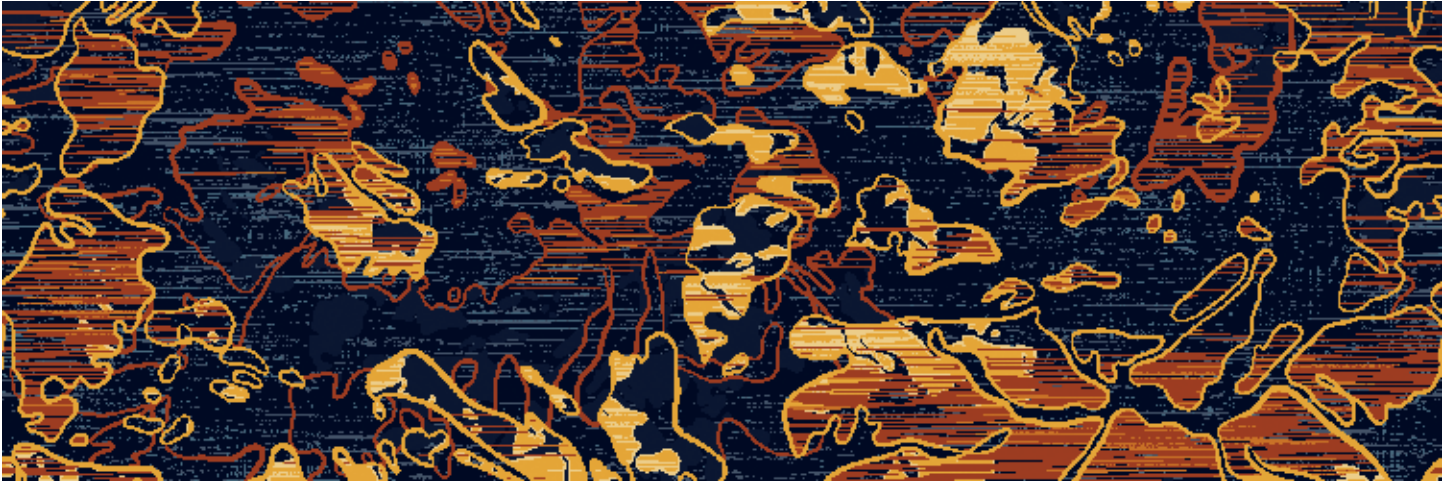

Winning color combinations – every room, every time.

Mix and match 25 high-definition patterns created with our Precision Dye Injection (PDI) technology and unique Synthesis textures. Choose from six color groupings, or customize your patterns with a palette all your own.

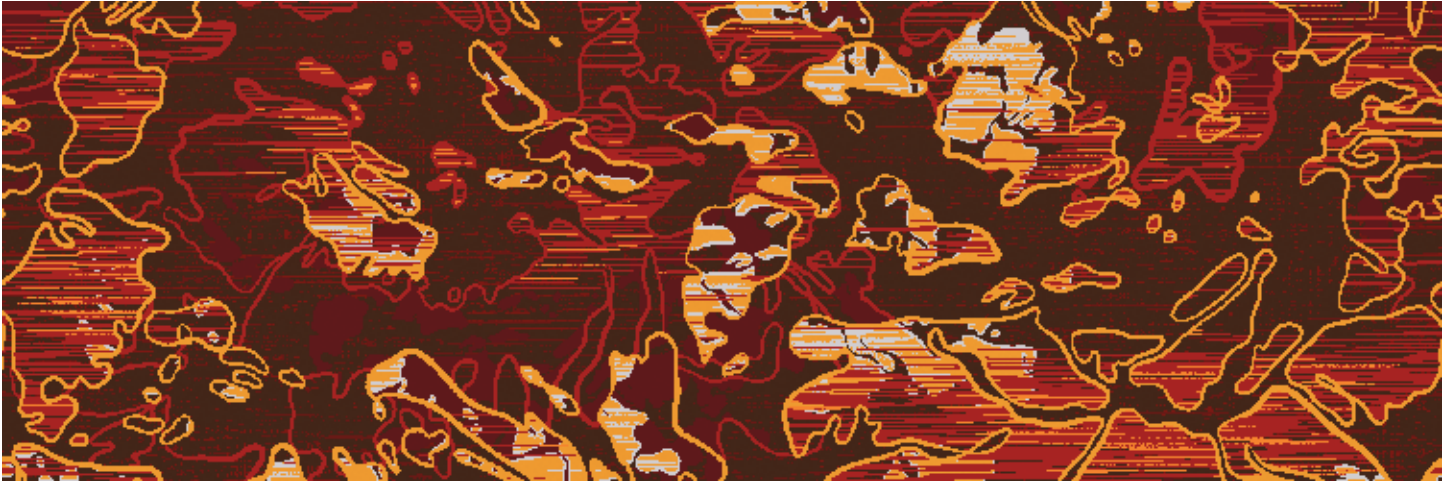

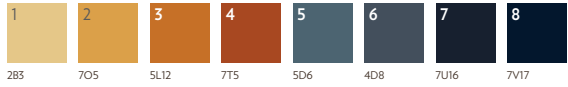

Precision Dye Injection (PDI) by Mohawk Group is a carpet-printing technology that delivers a high-resolution pattern and a palette of up to 12 colors. Your pattern is precision dye injected and heat set into our Colorstrand® yarn, resulting in a carpet with enduring beauty.

Benefits of PDI Tile

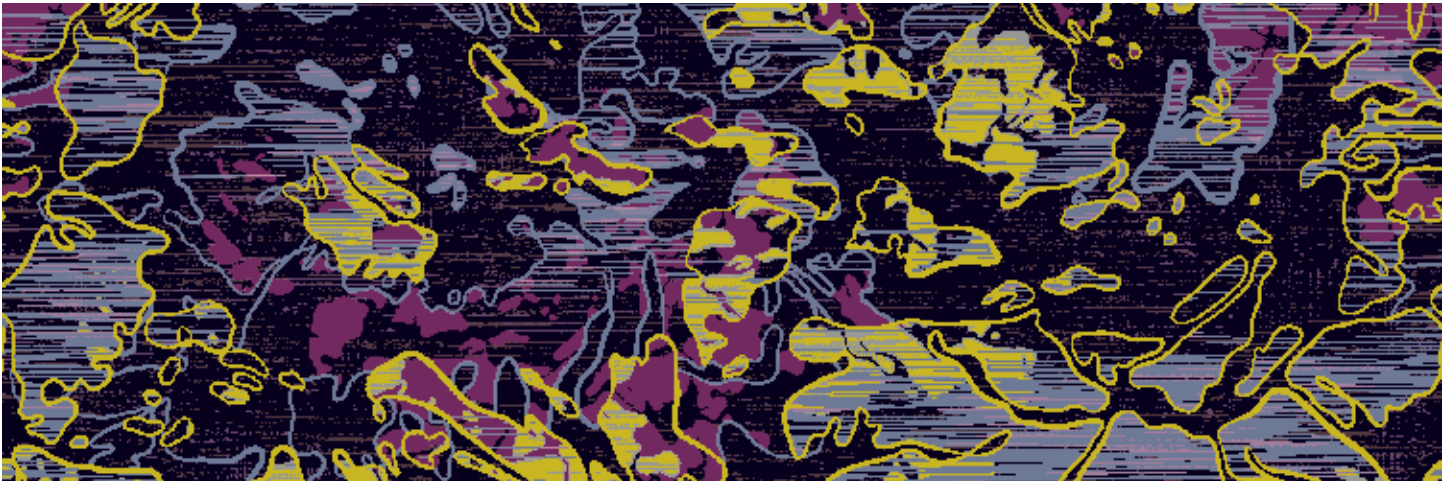

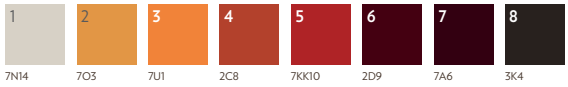

- Printed on Synthesis base providing superior color clarity
- EcoFlex Air cushion provides enhanced comfort underfoot
- Limitless design possibilities to enhance the guest experience
- Lowest industry minimums (50 SY) makes PDI an affordable option for any area
- Random cut tiles lower install and operating costs for casinos

Personal Studio

Introducing Personal Studio (p.s.), our innovative design personalization tool that allows you to put your own flair to our running line products, so you can make designs as unique as your project.

p.s. was developed to provide you with a tool that will allow you to streamline your efforts and respond quickly.

Visualize In A Room

You can personalize the color in any design from our selection of soft surface products, visualize it in a room scene, and order digital, print or physical samples easily.

Photorealistic Simulations

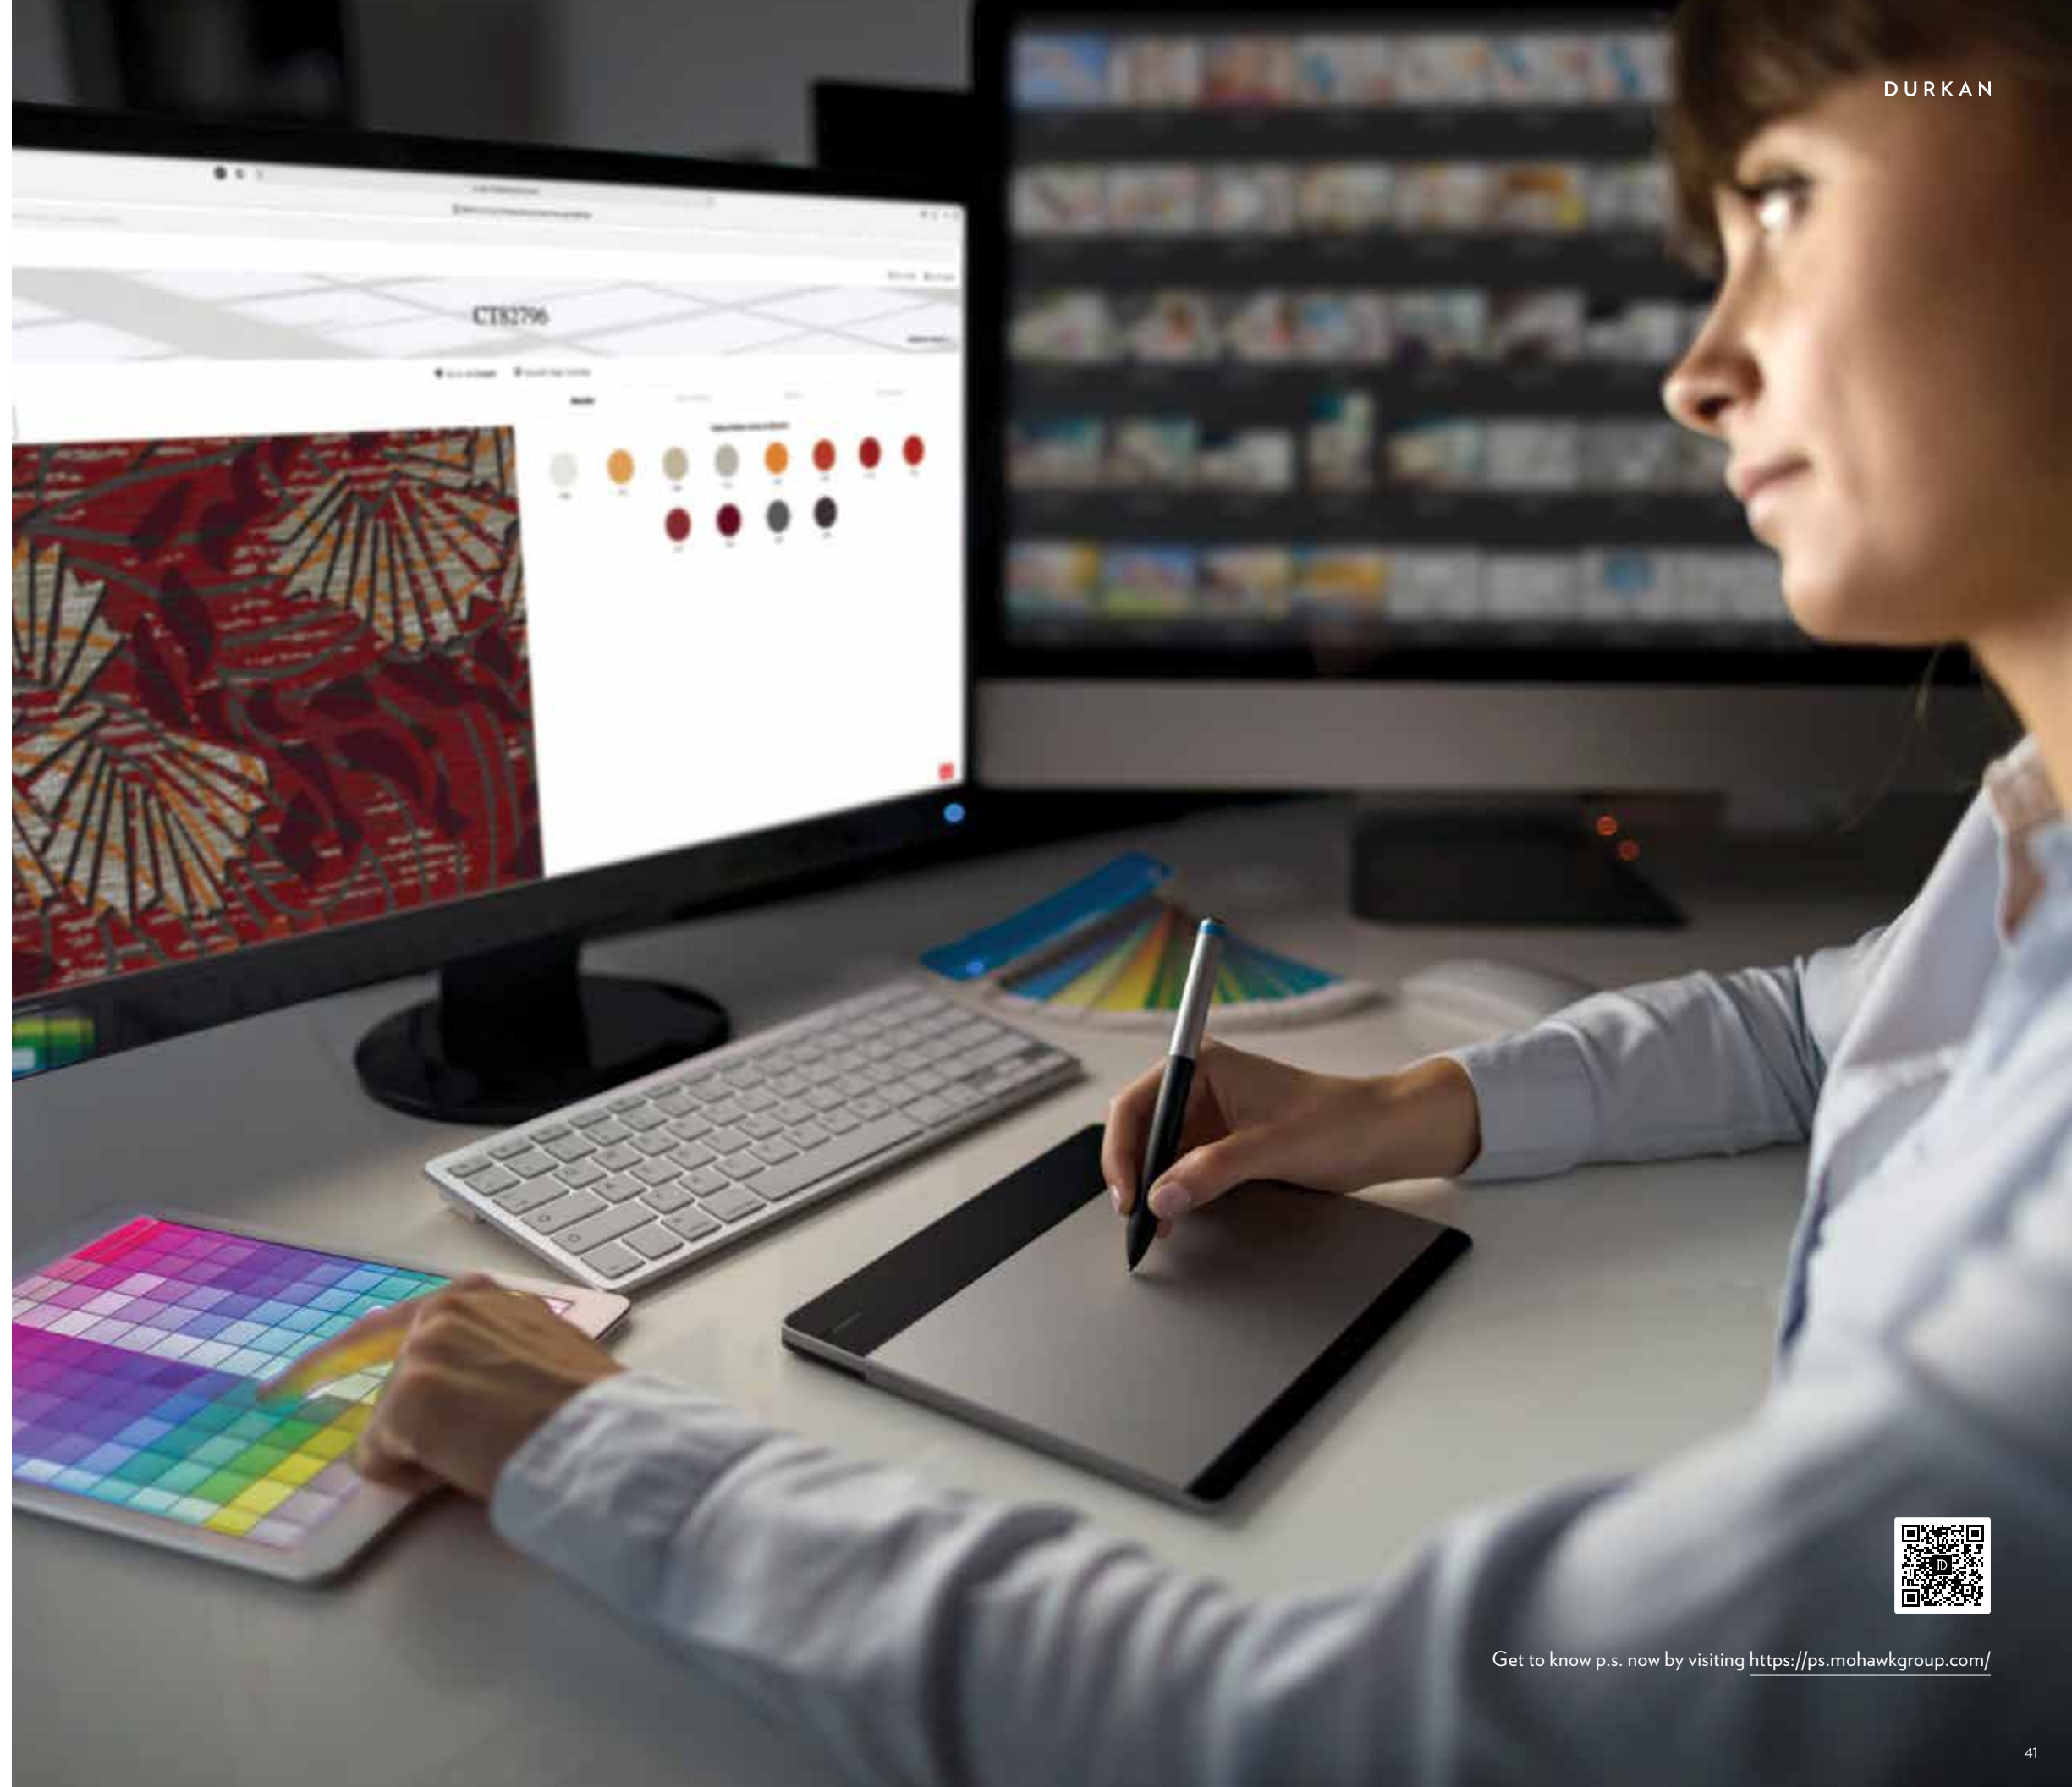

Personal Studio uses photorealistic simulations of the cut and loop textures of our PDI Synthesis bases and our CYP, Definity and tufted constructions so your designs are very close to the final product.

Find The Perfect Color

You can quickly iterate through multiple colorways and patterns to find the perfect fit for your project.

Multiple Projects

Save your favorite personalized products per project, and easily switch between them in an easy interface.

PDI | SYNTHESIS

A patented 3D layering of pattern and texture, Synthesis by Durkan creates carpet with incomparable depth and richness, as well as unlimited pattern and color options.

Richness of Synthesis

Multi level cut and loop texture base grades are digitally precision dye injected (PDI) with pattern and color designed by you.

More Texture

Texture base grades are available in three standard textures as well as many custom textures.

More Choice

Choose from Durkan’s extensive pattern collection, or go custom with a design of your own.

More Color

Colorize patterns with up to 12 colors in a palette standard. The multi-level cut and loop texture will contribute additional depth and dimension.

More Flexibility

Available in Broadloom as well as 12”x36” and 24”x24” tiles.

CHLORAGUARD

Chloraguard is the ideal choice for innovative performance. By providing full treatment bleach protection for Precision Dye Injection (PDI) carpeting, Mohawk Group’s Chloraguard technology allows printed carpets to be used where previously only solution-dyed fiber would meet specifications. Chloraguard offers contract designers the color and pattern flexibility of printed carpeting and the peace of mind of knowing their client’s soft flooring is protected.
