TÄNAVAD

One of the many captivations of city life is nighttime. It's a time when millions of people have returned to their homes and the deserted streets are lined with flickering streetlights and glowing apartment windows with shadows of people in them. Using the capabilities of Durkan's Definity technology, we recreate this experience in the Tänavad collection.

Elements of buildings and map outlines combined with organic textures help to convey a night metropolis of lonely streets and silhouetted buildings dissolving in the darkness.

Tänavad is featured in Durkan's innovative Definity technology which redefines luxury performance with patterning and textures never before seen in the industry. Enhanced surface detailing provides more than twice the definition of any other high-end hospitality carpet. Durkan's exclusive technology creates precision sculpted dimension for incredible visual and tactile experiences.
