- Wood floors can develop a patina over time because of their unique staining techniques. This is a natural characteristic of wood flooring and should not be considered a defect.

CARE AND MAINTENANCE

Although our floors are designed with easy care in mind, all floors require routine care and preventative maintenance for sustained beauty and performance. The recommendations in this section are provided in accordance with guidelines required to maintain the coverage of these limited warranties and will prolong the life of the installed flooring. For full details, refer to the Karastan Care and Maintenance section for full instructions.

Preventative Maintenance

Exterior Mats

- Place exterior mats outside all exterior entrances.
- Exterior mats should be constructed of dual fibers: soft fibers capable of absorbing moisture and coarse fibers to remove dirt and grime from shoe soles.
- To allow time for cleaning, purchase two sets of exterior mats. Place one set at all exterior entrances to reduce the amount of dirt, grit, and moisture tracked into the home. When it's time for cleaning, remove the

WOOD PRODUCTS LIMITED WARRANTIES

soiled set and immediately replace with the fresh set.

- Cleaning mats routinely prevents them from becoming a soil source.

Interior Mats

- Place interior mats inside all exterior entrances to capture any residual dirt, grit, or moisture missed by exterior mats.
- Interior mats should be constructed of an absorbent fiber with a breathable, nonstaining back.
- Remember to routinely clean the floor both sides of interior mats so they don't become a secondary source of soil, and also clean underneath to prevent soil and grit from becoming trapped and dulling the finish of the flooring.
- Do not use rubber mats, which may stain the floor or trap moisture underneath the mat.

Furniture

- Use nonstaining felt or plastic floor protectors at least 1 inch in diameter under furniture and covering the part resting on the flooring.
- Chair casters should be rubber, not plastic or metal. Chair pads should be used under all furnishings/equipment with casters.
- Routinely clean casters to remove grit.
- Lay plywood over the floor to avoid dents and gouges and use a furniture dolly when moving heavy appliances and furniture.

Wheelchair/Rolling Static Load

- Karastan wood products warranties do not exclude or limit residential wheelchair use.
- The combined weight of chair and occupant should be less than 1,000 pounds.
- You may occasionally get black marks on the flooring from the rubber wheels, but these marks are easily removed using acetone (*fingernail polish remover*).

Other Preventative Measures

- Keep pet nails trimmed to minimize scratches.
- Protect flooring from spiked heels, athletic shoes, or shoes in need of repair.
- Routinely clean vacuum parts and periodically inspect for foreign objects.
- Close window treatments during hours of direct sunlight and minimize excessive lighting whenever possible to protect floor.
- Exercise caution when placing area rugs over floors with radiant heating. Rugs may increase flooring temperatures beyond recommended levels and void the warranty.

Routine Care

The amount of daily usage will determine how often cleaning is required.

Day-To-Day Cleaning

- Dust mop, sweep, and/or vacuum the floor regularly to remove any particles that could scratch the floor.
- **WARNING:** Vacuums with a beater bar or power rotary brush head should never be used on wood products.
- Use vacuum tools designed for hard surfaces.
- Use a microfiber mop for dust mopping. Pay close attention to mop head. Once soiled, replace with a fresh one. Launder soiled mop heads without fabric softener. Fabric softener residue may cause streaking on the floors.

Occasional Cleaning

- As with oil-rubbed flooring, you will notice a gloss variance or "patina" that will continue to develop over time with routine traffic and cleaning. This is an inherent characteristic of all oil-rubbed and TruFinish® flooring and not a manufacturing defect.
- Never damp mop wood products unless they are covered by Wet Resistance Warranty or greater wet warranty.* If flooring product allows, occasionally damp mop with water only.

WOOD PRODUCTS LIMITED WARRANTIES

- Never wet mop wood products unless they are covered by the WetProtect Warranty.* If flooring product allows, occasionally wet mop with water only, using a well-wrung-out mop.
- If needed, use 1 cup of vinegar per gallon of water OR 1/3 cup non-sudsing ammonia per gallon of water.
- Never steam mop wood products unless covered by the Steam Mop Warranty.*
- Flood mopping is never recommended since mop water may damage flooring and leave spots.
- Do not pour liquid directly on the floor or use an excessively wet mop.
- Do not allow liquid to puddle or leave moisture standing on the floor.
- Allow floor to dry completely before replacing interior mats.

*See Wet Warranty section for details.

Cleaning Spills

- Remove spills promptly. Do not allow topical moisture to remain on the floor.
- Immediately use an absorbent cloth to remove as much of the liquid as possible.
- Mist a clean microfiber cloth with the manufacturer-recommended cleaner, if needed, and rub the area, working from the outside of the area toward the center.
- Take care to wipe the surface thoroughly.
- To reduce spotting, do not allow liquids to stand or remain on the surface of the flooring.

Spot Removal

- Immediately use a microfiber cloth and the manufacturer-recommended cleaner, if needed, working from the outside of the stain toward the center.
- Take care to wipe the surface thoroughly.
- To reduce spotting, do not allow liquids to stand or remain on the surface of the flooring.

Products and Tools To Avoid

- Do not use oil soaps, wax, detergents, abrasive cleaners, polishes, surfactants, or other household products to clean the floor.
- Vacuums with a beater bar or power rotary brush head should never be used on wood flooring.
- Never use power scrubbers to clean floor.

WOOD PRODUCTS LIMITED WARRANTIES

- Terms and proration of these warranties will be dependent on original date of purchase.
- Upon approval of the warranty claim, the manufacturer will provide owner or installer with instructions for repairs or replacement. - The above remedies are the sole and exclusive remedies for claims on all products. There will be no other form of compensation.
- These limited warranties offer specific legal rights, which may vary from state to state.
- Responsibility under this warranty only applies to defects that were not visible before or during the installation of the product. If the product was originally professionally installed, the manufacturer will cover reasonable labor costs for any defective product.
