

Art, in any fo human com fragmented

Art, in any form, has the power to advance human connection in an increasingly fragmented world. As a universal language and change agent, art intervenes to inspire, heal and unite. Mohawk Group celebrates the interconnectivity of artistic form and expression with an imaginative collection of products with universal appeal. Representing a truly global product launch, the patterns, textures and colors originate from unexpected art interventions. Manufactured in our facilities around the world, these products are globally accessible.

Disruptive Path

Art and design can occassionally be an unexpected, yet extraordinary, journey. Art Style's Disruptive Path supports this notion with a neutral solid ground pattern that reveals electrifying bright accents. Mohawk Group believes design can be transformative, and we invite you to create your own art intervention with Art Style.

Matuto Plus enhanced resilient tile

Named after the Filipino word for "teacher," Matuto Plus enhanced resilient tile features eye-catching colors that energize the space and stimulate creativity.

Matuto Plus Colorways

CONSTRUCTION

The 12"x 24" tiles are designed with a versatile concrete style visual and embossed texture, especially relevant in schools, healthcare settings and retail spaces.

PERFORMANCE

The 20 mil commercial wear layer coated with M-Force[™] enhanced urethane finish provides durability and cleanability with a no-polish option that allows for cost-effective maintenance.

COLOR

Mix and match across the palette of the most popular school colors in the US – from fresh, youthful brights to an array of clean grounded neutrals.

Colorstrand FIBER

For over 15 years, Colorstrand fiber has continually exceeded the demanding expectations of our customers for their projects. With the design flexibility and color intensity of solution dyed fiber, Colorstrand delivers lasting beauty and value. And, Colorstrand has the added benefit of third party SCS Global Services certified 30% recycled content.

PERFORMANCE

- Unsurpassed colorfastness to light, atmospheric contaminants, and harsh cleaning agents in Colorstrand SD
- EcoSentry Plus Soil[®] and Stain Protector keeps your investment looking newer longer
- Can be engineered to achieve the most severe TARR ratings

BUDGET

- Internally extruded fiber allows cost control of products
- Numerous broadloom and modular products available at value engineered budgets

SUSTAINABILITY

- Colorstrand contains a minimum of 30% pre-consumer recycled content by total weight*
- Mohawk products tufted with Colorstrand are CRI Green Label Plus[®] certified for VOC emissions
- Recyclable through Mohawk's ReCover Program

DESIGN

 A wide variety of colors for excellent design flexibility

SERVICE

- Quickship Styles available within 10 days providing what you need when you need it
- 100% vertically integrated providing unsurpassed lead times and service reliability

EcoFlex NXT CARPET TILE BACKING

EcoFlex NXT is a polyolefin carpet tile backing that is up to 40% lighter than similar competitive products, making it easier to install and less expensive to ship. It also incorporates a minimum of 35% pre-consumer recycled content.

PERFORMANCE

- Provides permanent tile dimensional stability
- Tiles are impervious to moisture damage from spills and water extraction cleaning
- Main body of tile provides an effective moisture barrier (not applicable at the seams)
- Available on select running line products and on special order basis with low minimums on all Mohawk carpet tile product
- Construction features superior tuft bind that is highly resistant to edge ravel

INSTALLATION

- Simplifies complex floor preparation with no need to encapsulate old adhesives*
- Greatly reduces sub-floor moisture concerns and saves money on mitigation
- Worry free installation with no visible moisture present using our Flexlok Tab System
- Superior construction offers reliability for the life of your installation

SUSTAINABILITY

- Contains no plasticizers
- Contains a minimum of 35% pre-consumer recycled content based on total product weight**
- Certified at the Gold Level in accordance with NSF/ANSI 140
- EcoFlex NXT may contribute to or comply with LEED[®], WELL and Living building Challenge
- CRI Green Label Plus certified
- Declare Red List Free
- Recyclable through Mohawk's ReCover program

*Consult Mohawk Group Installation Instructions for any applicable restrictions **Recycled content claim third party verified by UL (Underwriters Laboratory)

Transparency SUSTAINABLE LEADERSHIP

Mohawk Group leads the building products industry in transparency with the largest selection of products with Declare Labels, Health Product Declarations (HPDs), and Environmental Product Declarations (EPDs). What's more, we offer over 500 Red List Free Declared products.

OUR COMMITMENT

As a Gaia sponsor of the International Living Future Institute (ILFI), we are committed to revolutionary programs that are redefining the green building movement. These include the ILFI's Living Building Challenge and Declare programs.

Declare Labels are a 'nutrition label' for the building industry, providing ingredients, source and manufacturing locations. We offer you:

- The most products with Declare Labels
- The most Red List Free products

We have eliminated the mystery of product ingredients so you get total product transparency.*

Installation Instructions:

Mohawk Group warrants its adhesives for the life of the original installation only when a Mohawk Group style (product) is installed. Mohawk's floor preparation procedures must be followed to ensure that the substrate has been prepared properly. Failure to use Mohawk Group adhesives or to follow Mohawk's floor preparation procedures will void all lifetime adhesive warranties. Please contact your local Sales Representative for installation guidelines.

These patterns contain inherent characteristics which may result in pattern run off and/or pattern appearance variations at the seams or tile edges (darker or lighter pattern lines). These characteristics are inherent in the patterns and are not manufacturing defects. Consideration to these characteristics should be given when selecting an installation method.

Chair pads are recommended under office chairs with roller casters to preserve appearance retention, act as a deterent toward delamination and to prevent premature or accelerated wear. Walk-off tiles from the Tuff Stuff II Collection are recommended at entryways to reduce soiling.

Mohawk Group is providing this architect folder for the purpose of promoting our commercial business. This folder and its samples shall remain the property of Mohawk Group. Color may vary from dye lot to dye lot. Substitution of material may be made due to improved technology, supply limitations or other factors. The performance of this product is not affected by such variations.
