

Learn & Live

Swipe Right Side Stripe Rise Up

Explore Learn & Live, a carpet tile and broadloom collection inspired by biophilic concepts of complexity and order proven to increase collaboration and creativity, reduce negative behavior and encourage social interaction. Create unique installations where complexity and order ebbs and flows through the use of accent colors.

Inspired by nature at a cellular level, Learn & Live Swipe Right carpet tile features organic patterns designed to define areas for study and thought while Side Stripe and Rise Up patterns ignite creativity and stimulation.

Side Stripe 963 Heritage (Brick Ashlar Installation)

Random and Mergeable Carpet Tile

With mergeable dye lot carpet tile from Mohawk Group, you can confidently replace damaged carpet tiles without impacting the overall look of your space. In fact, carpet tile is great for high-traffic areas that require periodic tile replacement due to staining or excessive wear and tear. The Learn & Live collection is crafted with the mergeability of various dye lots, so ongoing maintenance and selective tile replacement will keep your flooring installation looking great for many years.

LEARN & LIVE RANDOM AND MERGEABLE CARPET TILE INSTALLATION

- Flexibility to install tiles from multiple dye lots
- Minimizes purchasing large quantities of attic stock
- Easy and quick selective replacement of tiles
- Tiles are readily available for future renovation or expansion

NEW RANDOM AND MERGEABLE CARPET TILE INSTALLATION

To achieve desired results of random and mergeable carpet tile, it is important to follow the instructions for both new or replacement installations. A multi-directional install method is recommended for optimal results.

Variation

Mix and merge new tiles from multiple dye lots and cartons. Dye lots vary, so combine and mix carpet tiles from different cartons.

Randomize

Apply only a multi-directional installation method to achieve optimal results across multiple dye lots.

Installation Instructions:

Mohawk Group warrants its adhesives for the life of the original installation only when a Mohawk Group style (product) is installed. Mohawk's floor preparation procedures must be followed to ensure that the substrate has been prepared properly. The use of Mohawk branded adhesives is required to ensure optimum results and are the only approved adhesives warranted by Mohawk. Please contact your local Sales Representative for installation guidelines.

These patterns contain inherent characteristics which may result in pattern run off and/or pattern appearance variations at the seams or tile edges (darker or lighter pattern lines). These characteristics are inherent in the patterns and are not manufacturing defects. Consideration to these characteristics should be given when selecting an installation method.

Chair pads are recommended under office chairs with roller casters to preserve appearance retention, act as a deterrent toward delamination and to prevent premature or accelerated wear. Walk-off tiles from the Tuff Stuff II Collection are recommended at entryways to reduce soiling.

Duracolor by Mohawk Stain Resistant System passes AATCC Test Method 175 combined with pre-abrasion meeting GSA requirements for stain resistance. Under GSA requirements stain resistant carpets must score no less than 8.0 (10.0 is best) on the AATCC Red 40 Stain Scale. Carpet samples must first be exposed to 100 revolutions of the

Taber abrader (1,000-gram weight per H-18 wheel) and then the abraded area must be stain tested using AATCC tested using AATCC test method 175.

Mohawk Group is providing this architect folder for the purpose of promoting our commercial business. This folder and its samples shall remain the property of Mohawk Group. Color may vary from dye lot to dye lot. Substitution of material may be made due to improved technology, supply limitations or other factors. The performance of this product is not affected by such variations.
