Celebrated Heritage II

Woven Traditions Crafted Expression Storied Pieces Innate Spirit

Celebrated Heritage II

Created in partnership with the Museum of International Folk Art and the Museum of Indian Arts & Culture in Santa Fe, New Mexico, Mohawk Group proudly introduces Celebrated Heritage II: a soft surface portfolio that brings the vitality and humanity of living artistic traditions to a broad range of spaces and projects.

With the goal of creating a visually intriguing and richly textured collection, Mohawk Group's design team focused their search of the museums' collections on textiles, basketry and pottery of the native cultures of North America in the Pacific Northwest, the Southwestern US and Mexico. The resulting patterns explore the aesthetic continuities within these craft traditions and their evolution from ancestral to modern.

A portion of the proceeds from Celebrated Heritage II supports the Museum of International Folk Art and the Museum of Indian Arts & Culture in their mission to preserve and promote the artistic and craft traditions of the world's artisans.

Offering a wealth of design possibilities for thoughtfully crafted spaces, Celebrated Heritage II bears witness to the continuous interpretative work that enables a culture to sustain a craft and a craft to sustain vital elements of a culture. The collection spans four styles, each paying homage to indigenous craft and the various natural materials commonly used for making baskets, pottery and textiles. Choose Celebrated Heritage II and inspire creativity within your spaces.

Crafted Expression

Crafted Expression is a mid-scale pattern inspired by the artisanal craft of basket weaving with natural plant fibers. This pattern was designed with a subtle distressed effect to mimic the natural color changes that occur in woven plant fibers over time.

Woven Traditions, 739 Cattail, Brick Ashlar

Woven Traditions

Woven Traditions was inspired by the structural elements of basket weaving, where natural fibers interlace to form the containers that hold the rituals of daily life. Woven Traditions shares the same color palette with Crafted Expression yet is available at a more accessible price point for all space types.

989 Cottonwood

Storied Pieces

A mid-to-large scale texture inspired by the art of weaving; Storied Pieces reflects the variety of textures that can be found in the woven cloth that inspired it. This Pattern Perfect Broadloom construction imparts rich, dimensional texture indicative of ancestral cloth woven with natural fibers.

Gift of Historical Society of New Mexico, Santa Fe

Storied Pieces, 959 Galleta Grass

Innate Spirit, 928 Stoneware
Hot & Heavy II Bolder LVT, 929 Celestial

Innate Spirit

Innate Spirit is a large scale broadloom Definity pattern inspired by the museum's collection of Southwestern Ancestral pottery. Different repair techniques have been used to restore many of these ancient pieces, invoking a rich and storied past. In addition to broadloom, Innate Spirit can be specified as an area rug.

Mohawk Group warrants its adhesives for the life of the original installation only when a Mohawk Group style (product) is installed. Mohawk’s floor preparation procedures must be followed to ensure that the substrate has been prepared properly. Failure to use Mohawk Group adhesives or to follow Mohawk’s floor preparation procedures will void all lifetime adhesive warranties. Please contact your local Sales Representative for installation guidelines.

These patterns contain inherent characteristics which may result in pattern run off and/or pattern appearance variations at the seams or tile edges (darker or lighter pattern lines). These characteristics are inherent in the patterns and are not manufacturing defects. Consideration to these characteristics should be given when selecting an installation method.

Chair pads are recommended under office chairs with roller casters to preserve appearance retention, act as a deterrent toward delamination and to prevent premature or accelerated wear. Walk-off tiles from the Tuff Stuff II Collection are recommended at entryways to reduce soiling.

Mohawk Group is providing this architect folder for the purpose of promoting our commercial business. This folder and its samples shall remain the property of Mohawk Group. Color may vary from dye lot to dye lot. Substitution of material may be made due to improved technology, supply limitations or other factors. The performance of this product is not affected by such variations.
