

# EnviroStrand™ SD

EnviroStrand™ solution-dyed fiber aligns Mohawk Group's industry leadership in sustainability and design to create reliable, high performance, visually stunning carpet. Giving new purpose to discarded plastic bottles by turning them into PET carpet fiber, which requires less energy to manufacture, Mohawk Group utilizes a patented process that enhances the strength of the yarn while incorporating a multi-step purification process that ensures that the carpet resists dirt, grime and contaminants. EnviroStrand™ fiber is also offered in a flexible collection of color options that is used to produce new product styles.

## PERFORMANCE

- An amazing range of style and color options available for design flexibility
- EnviroStrand™ SD is constructed with our patented Continuum technology
- EnviroStrand™ SD's PET fiber is inherently stain resistant
- Enhanced with Mohawk EcoSentry Soil Protection Technology
- Ease of maintenance

## WARRANTY

- 10-Year Limited Warranty for: Wear, Static, Stain Resistance, Colorfastness to Light, Colorfastness to Atmospheric Contaminants

## SUSTAINABILITY

- Contains a minimum of 90% post-consumer recycled content
- Requires less energy to produce in the manufacturing process
- Through our patented process, Mohawk recycles 6.2 billion PET bottles every year. That equals about 45% of all plastic bottles collected in North America, and if placed end-to-end, the bottles would circle the earth 31.4 times
- CRI Green Label Plus® certified
