Innovation is built into our DNA.

We provide the most technologically advanced flooring available for the site-specific problems you face. From fiber to backing to surface design, our revolutionary products can transform your challenges into solutions.

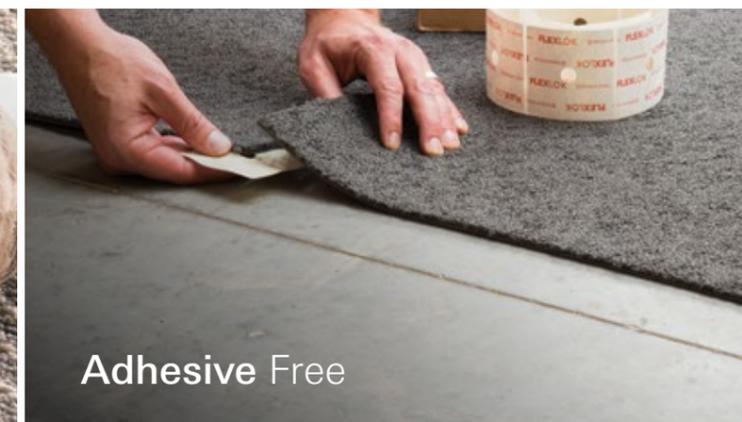

We've combined **stain-free Duracolor** nylon with our **Red List free™ EcoFlex NXT** backing and **adhesive-free FlexLok** tabs to bring you a better flooring solution. The combination of these technologies offers the best grouping of high-performance products constructed for today's most common flooring concerns. It requires minimal floor prep, can be installed in high moisture conditions—up to 99% rh—and remains stain free for the life of the carpet. The entire flooring solution is the only Red List free installation in the industry today, meaning there are no chemicals of concern.

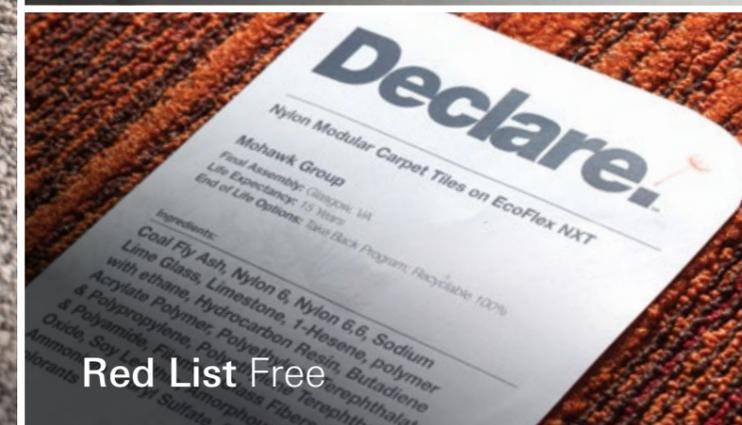

duracolor + **EcoFlex™ NXT** + **FLEXLOK** = **WORRY FREE CARPET TILE**

Stain Free

Adhesive Free

Red List Free

MOHAWK GROUP CASE STUDY:

Cutting-edge design.

MICROSOFT Vienna, Austria

CHALLENGE:

Customer-facing spaces must reflect a consistent yet relevant experience for cultures around the globe.

SOLUTION:

- With products available across the globe, Mohawk Group can deliver a consistent branded experience anywhere in the world
- Mohawk Group worked closely with international design firm 13&9 to develop the design for this space
- The innovative design complements global trends and supports the global culture and customer experience

PRODUCTS: Moving Floors Collection-High Plane, Low Plane, Diagonal Relief, Fade Relief **DESIGN:** 13&9

MOHAWK GROUP CASE STUDY:

Stain-free carpet.

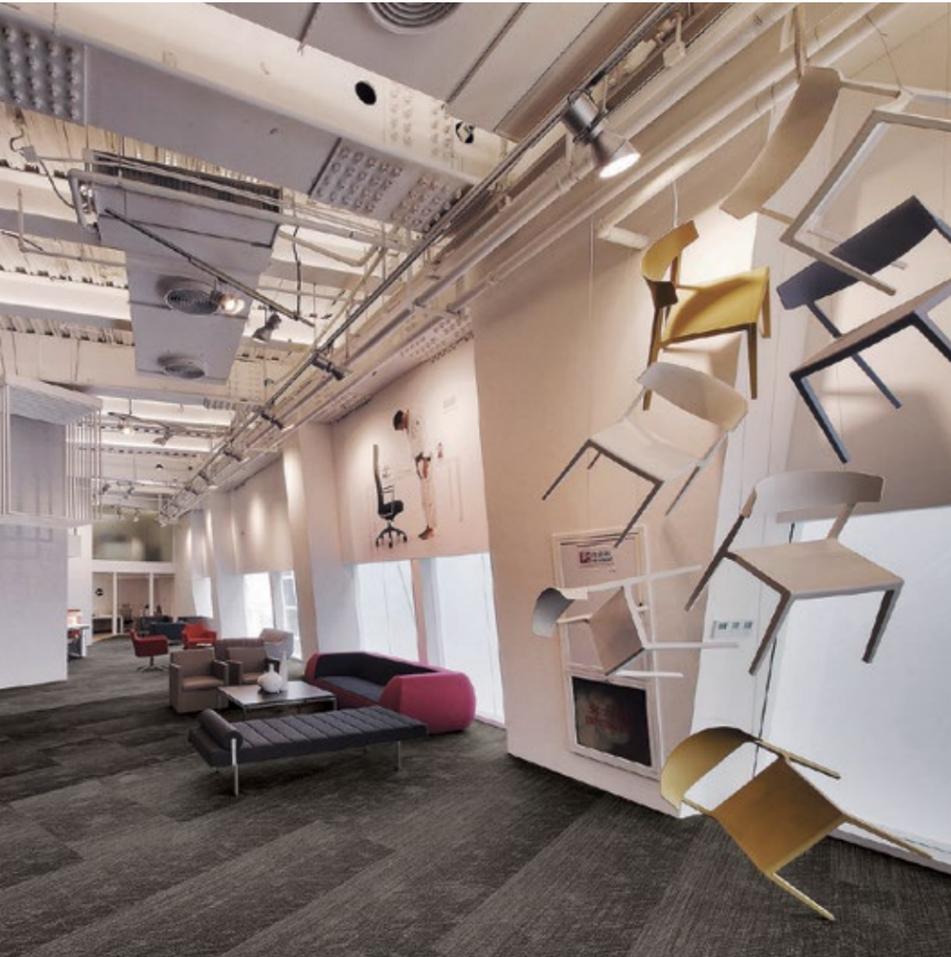

WORK WONDERS Shanghai, China

CHALLENGE:

Maintaining a high-end branding image requires pristine flooring in the busiest commercial spaces.

SOLUTION:

- Carpet tile made with **Duracolor** Premium Nylon
- Guaranteed to be forever stain free, sustainable and beautiful
- Easy maintenance with water-only stain removal

PRODUCTS: Denim Collection-Jean **DESIGN:** Icey Liang, Work Wonders

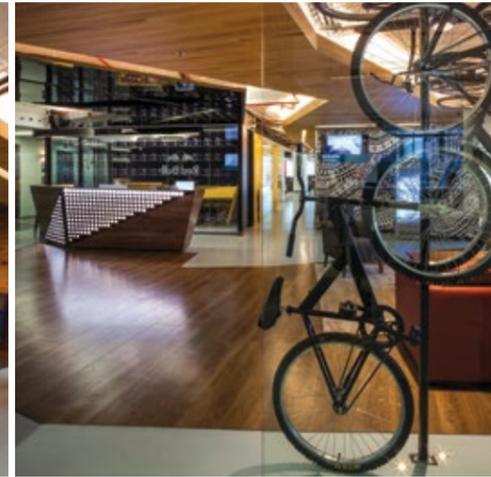

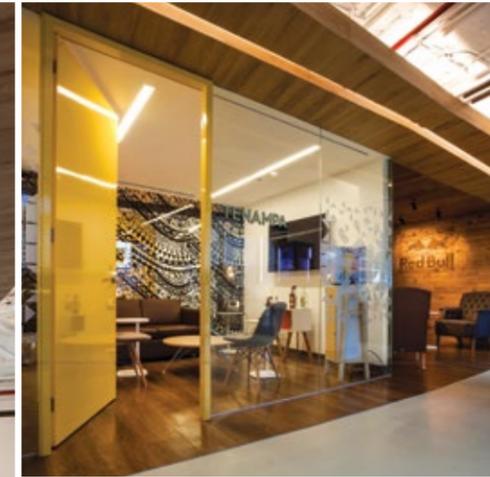

MOHAWK GROUP CASE STUDY:

Right product. Right space.

Photography: Paul Czitrom

RED BULL Mexico City, Mexico

CHALLENGE:

Real wood flooring has a warm sophistication but requires increased installation and maintenance needs.

SOLUTION:

- Hot & Heavy Loose lay LVT – an oversized plank with a rich wood appearance
- 5 mm thickness hides flooring imperfections and reduces sound transfer
- Non-skid backing allows for an adhesive free installation
- No polish option for reduced maintenance

PRODUCTS: Hot & Heavy Collection-Secoya

DESIGN: Space | Juan Carlos Baumgartner, Jimena Fernández, Sinuhé Vera, Kai Diederichsen

MOHAWK GROUP CASE STUDY:

Money saving innovations.

GLOBAL INTERNET COMPANY Seattle, USA

CHALLENGE:

Moisture mitigation for high-moisture slabs increases time and cost.

SOLUTION:

- Mohawk Group FlexLok tab system with carpet tile
- FlexLok is approved for use on subfloors with high-moisture content
- Removes the need for a moisture mitigation system
- For this customer, use of FlexLok tabs instead of moisture mitigation produced a verified annual savings of \$8 Million USD

PRODUCTS: New Vintage Collection-Rediscovered, Reawakened | Street Thread Collection-Pop Icon, Off The Wall

DESIGN: IA Interior Architects

Global reporting capabilities.

Project Management & Real Estate Chicago, USA

CHALLENGE:

Total spend and savings across global projects are essential but difficult to manage.

SOLUTION:

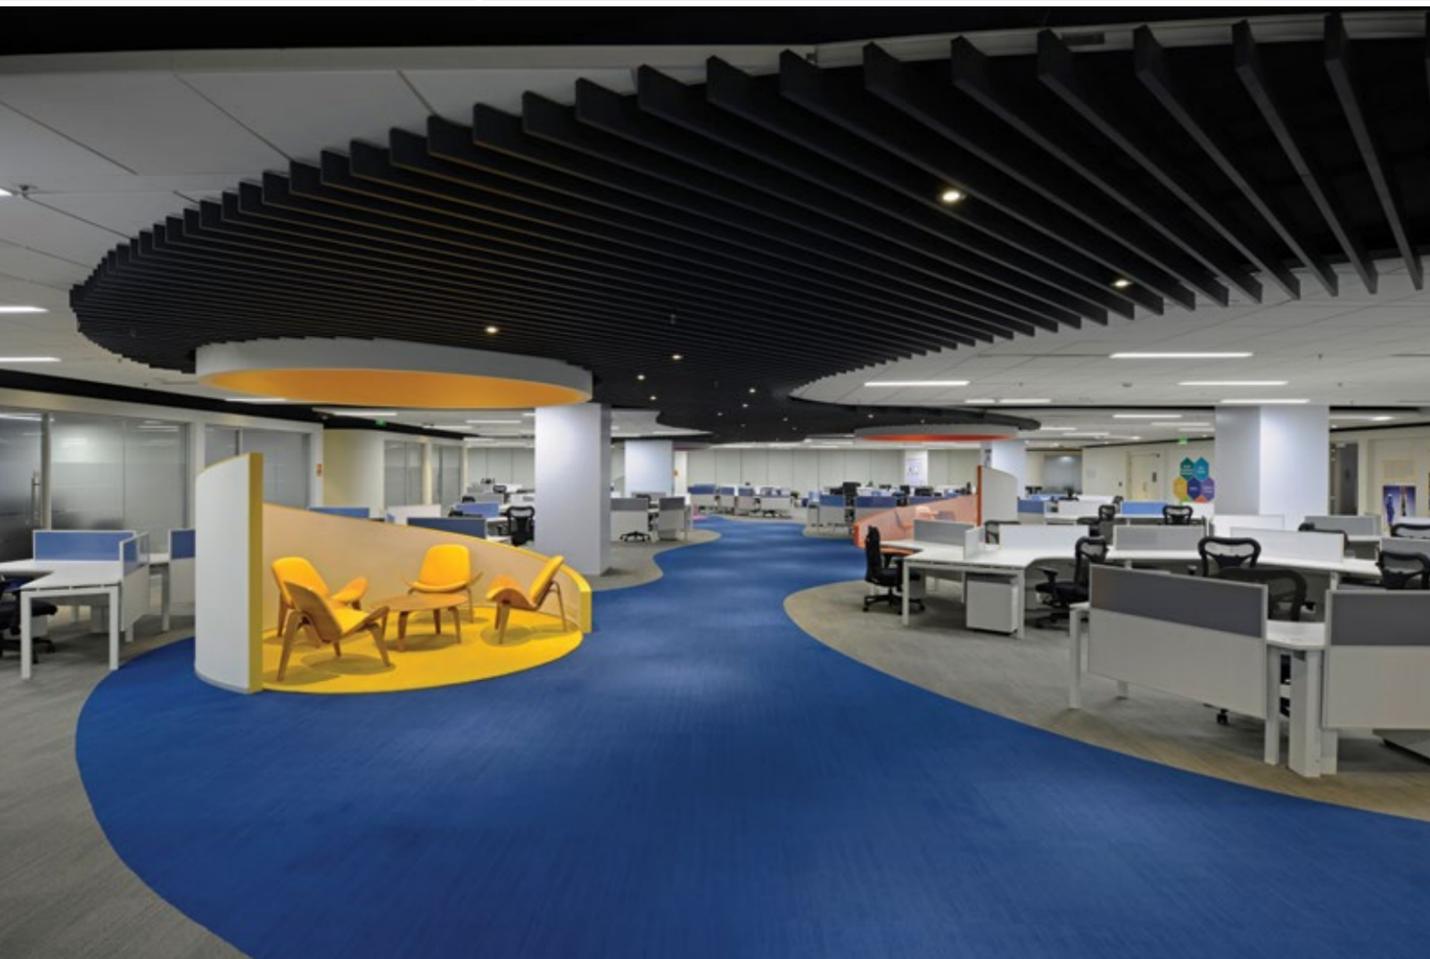

- Mohawk Group provides accurate and timely reporting
- Key metrics include total spend, cost savings and project manager participation levels
- Accurate reporting enables our global customers to maximize the value of their global agreements

PRODUCTS: Denim Collection-Zip It 12BY36 DESIGN: VOA Associates Incorporated

MOHAWK GROUP CASE STUDY:

Installation expertise.

OILFIELD SERVICES COMPANY Pune, India

CHALLENGE:

Creatively designed spaces are difficult to install.

SOLUTION:

- Our global network of professional flooring contractors are capable of handling the most challenging installations
- Precision-trimming the tiles to create flowing forms brought to life the design firm's vision—creating a truly unique, eye-catching flooring solution
