# Medella Fleck & Medella Hues

Medella Fleck and Medella Hues homogeneous resilient sheet with M-Force™ Xtreme provide spaces with a holistic flooring solution. In addition to the advantages described below, these flooring styles install with welded seams to create a wall-to-wall impermeable floor, delivering superior infection control as well as moisture resistance.

## M-Force™ Xtreme

### PERFORMANCE FOR LIFE

Medella Fleck and Medella Hues feature M-Force™ Xtreme technology for exceptional resistance to abrasions, scratches, punctures, and stains, providing long-term durability with a limited 20-year commercial warranty.

### SLIP RESISTANCE CERTIFIED

Medella Fleck and Medella Hues are NFSI Certified High Traction in wet conditions and achieve an R10 slip resistance rating on the DIN 51130 Anti-Slip Properties Ramp Test, ensuring reliable traction.

### BEYOND CARBON NEUTRAL

Healthy Environments is Beyond Carbon Neutral, for a Net-Positive impact.

### BETTER TOGETHER

As part of our Specify for the Cure program, Mohawk Group will donate on your behalf to Susan G. Komen for qualifying specifications of this collection.

### SUSTAINABLE

All Healthy Environments resilient sheet products are FloorScore certified and have an ASTM certified EPD for better indoor air quality. These products can be recycled through the Mohawk Group Recover program.

## Elemental Edges

### WALL BASE

Elemental Edges is a portfolio of architectural and cove wall base for your finishing needs. Featuring a range of colors that coordinate with our full product line, the collection also offers 14 stocked colors in cove wall base.

# M-Force™ Xtreme FOR SHEET

Discover a hard surface flooring solution that delivers superior durability and stain resistance, ensuring ease of care for the life of the floor. Mohawk Group's Resilient Sheet Flooring with M-Force™ Xtreme provides elegant design and performance solutions for healthcare spaces.

## PERFORMANCE

- Provides exceptional resistance to abrasions, scratches, and punctures for lasting beauty.
- Homogeneous resilient construction provides enhanced protection from cuts or gouges.
- Proven to meet stringent particulate and cleanliness requirements for controlled environments: Certified for ISO 14644 cleanroom standards.

## CLEANABILITY

- Remains 100% stain-free against common staining agents, as tested per ANSI/NALFA LF-01 Section 3.4 - Cleanability and Stain Resistance.
- Provides the highest ease of cleaning and resistance to soiling, as tested per the BS EN 14565 Hexapod Soiling Test.

## SAFETY

- NFSI Certified High Traction in wet conditions.
- Achieves an R10 slip resistance rating and ensures reliable traction, as tested per the DIN 51130 Anti-Slip Properties Ramp Test.

## ISO Class 3 Cleanroom

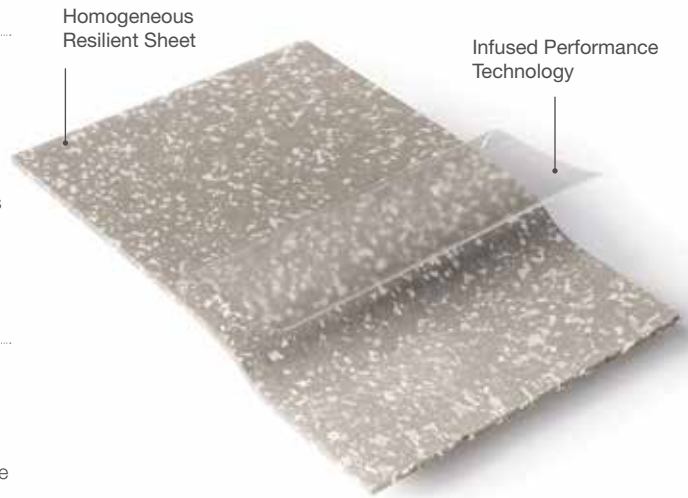

With M-Force™ Xtreme, Medella helps create safer, healthier spaces that meet the highest cleanliness requirements.

- Meets ISO 14644-1 cleanroom standards at ISO Class 3.
- Certification ensures that Medella flooring supports strict standards for air cleanliness.
- Reduces the generation and buildup of airborne particulates in the environment.
- Ideal for hospitals, labs, and other areas where maintaining a clean and controlled atmosphere is critical.

## Backed by 20-Year Warranties

- Limited 20-Year Commercial Warranty
- Limited 20-Year Commercial Under Bed Warranty\*

\*When installed with approved adhesives. For detailed adhesive and installation information, visit [mohawkgroup.com](http://mohawkgroup.com).

## WATER RESISTANCE

- With welded seams and a water-repellent finish, Healthy Environments resilient styles create impermeable flooring systems.

# Slip Resistance Certified

## Tested to Ensure Reliable Traction

Medella flooring achieves an R10 slip resistance rating in the DIN 51130 Anti-Slip Properties Ramp Test, ensuring reliable traction.

## NFSI Certified High Traction in Wet Conditions

Medella is the only resilient sheet flooring on the market with high traction certification from the National Floor Safety Institute (NFSI).

## Advantages of NFSI High Traction Testing

- NFSI measures slip resistance on wet flooring, where slip-and-fall injuries typically occur.
- NFSI measures slip resistance in static and dynamic situations, akin to standing and walking.
- NFSI tests a flooring sample and a field installation.
- ASTM D2407 only tests on dry flooring.
- ASTM D2407 only tests using the static method, offering no insight on slip resistance when walking.
- ASTM D2407 only tests a flooring sample in a lab.

TEST METHOD	NFSI B101.1* & B101.3+	ASTM D2047
Dry floor		✓
Wet floor	✓	
Static* (stationary)	✓	✓
Dynamic+ (in motion)	✓	
Sample tested in lab	✓	✓
Field installation for at least 30 days	✓	

# Resilient Sheet Solutions

## Weld Rods

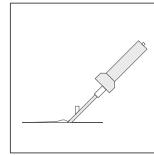

Mohawk Group's solid or patterned heat weld rods are recommended for Medella Fleck and Medella Hues. The weld rods are offered in solid coordinating colorways and used for seaming, wayfinding or accenting.

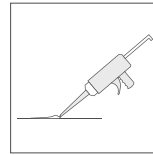

Scan to see our suggested weld rod color coordinates for Medella styles.

## HEAT WELD / COLD WELD

Optional heat welding or cold welding techniques can be used to create seamless, sanitary flooring that's easy to maintain. Order weld rods using the SKUs shown below for the style number, followed by the coordinating Medella Fleck or Medella Hues color number. Place order using "INFZC" for the Infuze Seam Sealer.

MFSWR Heat Weld

INFZC Cold Weld

### Resilient Sheet Solid Weld Rods (164 LF per roll)

- Medella Fleck Solid MFSWR
- Medella Hues Solid MHSWR

### Resilient Sheet Patterned Weld Rods (82 LF per roll)

- Medella Fleck Patterned MFPWR
- Medella Hues Patterned MHPWR

## Installation and Applications

Medella flooring includes solutions for a more efficient and effective installation, as well as a guide to the variety of project applications and segments where these products excel.

### IN-HOUSE CUT PROGRAM

- Medella Fleck and Medella Hues can be cut to the roll size you need with our in-house cut program
- No order minimum required

### PROJECT SOLUTIONS

- MS160 spray adhesive can be used for projects where immediate occupancy is needed
- Medella Fleck and Medella Hues can be flash covered for enhanced sanitary protection.

Scan to see our recommended application guide.
