

M-Force™

COMPLETE PERFORMANCE SYSTEM FOR LVT

Staff moving equipment, students dragging chairs, employees spilling coffee—for all the life that goes on in your space, your floors will be protected with M-Force: the complete performance system that makes your floor look better longer.

Three-Part Protection

M-Force is a combination of the finish layer, wear layer and design layer. We develop each layer individually for optimal performance, and then we bond the layers in a proprietary process that makes their performance exponentially greater together.

As a result, your floor looks better longer, with superior protection against scratches, stains, dents and wear, all while providing a crisp, clear visual and easy maintenance.

Performance for Life.

You need a floor that beautifully supports all the life in your facility. And life doesn't stop where the industry testing standards stop. Foot traffic keeps walking, spills keep splashing, and heavy loads keep rolling. That's why we continually test M-Force floors to perform beyond the industry standards.

We work to exceed the standards, because M-Force works to ensure your floor looks better longer for everything that happens in your space. M-Force means you get performance for life.

When Life Gets Extreme.

For more specialized or extreme areas of use, ask your Mohawk Group rep about M-Force Ultra—we engineered M-Force Ultra to provide even greater durability against scratches, dents and wear, and even higher resistance to the toughest stains.
