Broadloom Performance

Made in the USA

The Residence Collection includes a wide variety of broadloom options, designed for both beauty and performance. Featuring EverStrand, SmartStrand, and ColorStrand, this collection offers optimal comfort, durability, and vibrant color retention. Elevate any room with versatile broadloom that combines eco-conscious design and lasting elegance.

everSTRAND

PERFORMANCE
Made from the highest quality PET fibers, EverStrand is durable and long-lasting.

EASY TO CLEAN
Quick and easy cleanup with inherently stain-resistant fiber plus EasyClean™ spill and soil protection for carpet that stays clean for years to come.

SUSTAINABILITY
High-quality PET fiber made with recycled bottles using our patented Continuum process, helping to keep plastic waste out of our waterways and landfills.

SmartStrand

PERFORMANCE
SmartStrand carpet fiber provides 0% moisture absorption. This unique fiber has no dye sites means the carpet will never lose the built-in stain protection.

EASY TO CLEAN
SmartStrand offers spill and soil protection and permanent stain resistance.

SUSTAINABILITY
Carpet fiber is made in part from renewable plant-based ingredients.

colorstrand

PERFORMANCE
ColorStrand has unsurpassed colorfastness to light, atmospheric contaminants, and harsh cleaning agents. Our Sentry Plus Soil® and Stain Protector keeps your investment looking newer longer.

EASY TO CLEAN
ColorStrand carpet fiber will resist permanent stains caused by spills of all conventional acid-based substances.

SUSTAINABILITY
ColorStrand is 25% certified Pre-Consumer Recycled Content* (third party certified by Underwriters Laboratory®) and CRI Green Label Plus® certified for VOC emissions. Recyclable through Mohawk's ReCover Program and contains 30% certified recycled content.

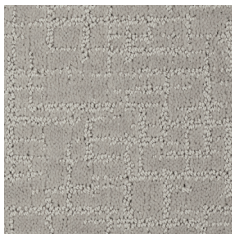

Quarto Ponte

Quarto Ponte introduces a soft, textural pattern that will energize its environment while still promoting warmth and softness. A palette of four neutral hues that can be mixed and matched easily with our LVT offering.

Weldlok®

COST EFFECTIVE STANDARD PERFORMANCE

Weldlok® is the Mohawk Group's standard broadloom backing system specifically designed for commercial applications. The Weldlok® backing is laminated to our products utilizing a commercial thermoset adhesive. This adhesive is designed to encapsulate and penetrate the carpet back stitch in the main application coat, while the second application coat secures the secondary backing to the carpet substrate for a cost effective performance standard.

Weldlok® ComfortGuard

HIGH PERFORMANCE CUSHION BACKING SYSTEM FOR GREATER COMFORT AND MOISTURE CONTROL

ComfortGuard is a revolutionary moisture barrier that enhances Mohawk's Weldlok backing system with an integrated layer that prevents moisture from getting beneath the carpet backing. This advanced moisture barrier withstands 2,000 impacts with no moisture penetration and passes the British Spill Test. When installed using Mohawk Group's NuBroadlok® VRT broadloom adhesive and NuBroadlok Moisture Proof Latex Seam Sealer, Weldlok ComfortGuard forms a fortified barrier to safeguard from spills, while allowing moisture vapor to pass from the sub-floor and evaporate.

Elemental Edges

WALL BASE

At Mohawk Group we believe in providing project solutions that are easy to select and readily available. Elemental Edges is a portfolio of architectural and cove wall base for your finishing needs. Featuring a range of colors that coordinate with our full product line, the collection also offers 14 Quickship colors in cove wall base.
