

Featuring 100% waterproof construction, UltimateFlex® flexible vinyl is made to handle everyday spills and splashes. It also resists stains and withstands heavy rolling loads and high foot traffic, making it a great choice for rental properties. Thanks to flexible installation methods — including full glue down, perimeter glue, or loose lay — it is easy and inexpensive to replace individual planks to extend the life of the floor. UltimateFlex is truly hassle-free flooring.

Waterproof Performance

100% waterproof construction handles everyday splashes and spills, making it ideal for any area of your home.

Easy To Maintain

The durability to withstand high foot traffic and heavy rolling loads coupled with EasyClean® stain protection will ensure your floor looks newer for longer.

Easy To Repair

Full glue-down, perimeter-glue, and loose-lay installation options – rather than click-lock – make it easy and inexpensive to replace individual planks, extending the life of your floors.
