RUNNING LINE Area Rugs by Mohawk Group

Introducing Mohawk Group's new Running Line Area Rug Program, created to simplify the process of selecting and ordering area rugs. Enhance your space effortlessly with our curated selection of styles: choose your style, color, size, and edge treatment option, and leave the rest to us.

Hand-Tufted

Made from 100% New Zealand wool, each of these area rugs is hand-crafted to create a unique experience in your space.

Size 8X10

HTR100172

Social Canvas

Inspired by the intricate details of Charlie French's paintings, the details of his art—including pencil markings—are hand carved into the rug, creating a one of a kind piece for any space.

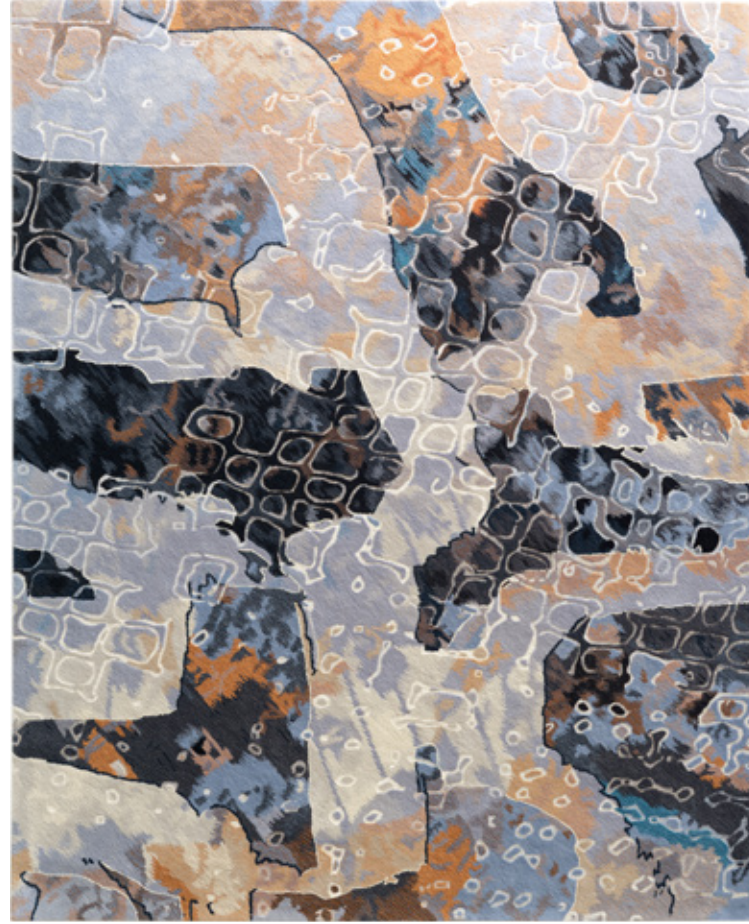

AVAILABLE SIZES

8x10

AVAILABLE EDGE TREATMENTS

Infinity Edge

Abstract Artistry HTR100103

With Abstract Artistry, we put two artists' styles into conversation, creating a visual dialogue of their unique aesthetics to inspire and support your own design expressions.

AVAILABLE SIZES

Definity

Definity's custom, sculpting tuft technology creates stunning carpets and rugs for commercial interiors with incredible multilevel cut and loop textures, using up to 12 precision placed colors.

EXPANDING INFLUENCE

Goonj Revival

Goonj means Echo: echoes from our past merging subtly into the present. This collection was inspired by the constant growing need to reconnect with our heritage to fuel evolving trends.

Sustainability

Mohawk Group is proud to provide products free of Red List chemicals with verified documentation of their impact throughout the life cycle. Many products featured in this brochure were inspired by artists on the ArtLifting platform.

With the holistic improvement of the life cycle of our flooring products-- from full product transparency, to reduced water usage in manufacturing, to carbon neutrality and beyond- better is just the beginning.

Our products are made to last, created with fiber and backing technologies that target durability and lasting quality. We create products with circularity in mind: when your flooring is ready to be replaced, we will recycle it through our ReCover program.

Rug Finishes

SERGED EDGE

All running line area rugs (except Hand-Tufted styles) have two edge treatment options: serged or ADA rubber reducer. The serge color is preselected for each colorway, so you only need to choose a style, size, and edge treatment option.

REDUCER EDGE

The other edge treatment option is an ADA rubber reducer. The serge color is preselected for each colorway, so you only need to choose a style, size, and edge treatment option.

INFINITY EDGE

The infinity edge treatment is available through the running line program for Hand-Tufted rugs only. It is available as a custom option for most other constructions.

NON-SKID BACKING

For a simplified ordering process, all running line area rugs come standard with non-skid backing.

NOTE: Due to differences in product cut locations, there will be natural variance in the visuals of our broadloom area rugs, including Definity, Pattern Perfect, and Tufted Broadloom rugs.

Believe in Better™
