As the digital world becomes more omnipresent in our lives, color can provide the engaging stimuli necessary to help us reclaim our humanity and our place within the ecosystem. Subdued pastoral brights wash over natural earth tones to bring biophilic harmony through Living Local: Chromascope. The Chromascope product line of LVT takes its hues from the places where we find both solace and renewed focus: whether it be sunrise over a mountain peak, or the deep shading of the forest.

Offered in a 12" X 24" format across 18 colors, the Chromascope portfolio allows for a wide variety of installation possibilities. Using the complete system makes it easy to create a space that is as unique as its inhabitants.

Mohawk Group

Chromascope 270 Prairie Wind, 440 Outrageous Orange, 230 Summer Suede, 620 Sporty Blue  
Cover: Optic Hues 665 Azul, Chromascope 650 Patina Night, Terrazzo 725 Randazzo, Shifted Focus 585 Indigo

# Chromascope

Living Local Chromascope is a 2.5mm thick 12" X 24" plank LVT that provides ultimate flexibility of design with high performance. Featuring a 20mil heavy commercial wear layer, Mohawk Group's premium M-Force Ultra finish – a complete performance system for LVT, and sustainably manufactured in our Dalton, GA resilient facility, designers and end-users can be proud of and confident in their specification.

## PERFORMANCE FOR LIFE

Chromascope features our M-Force Ultra technology providing exceptional scratch, stain and dent resistance, and easy maintenance for lasting beauty.

## SEAMLESS TRANSITIONS

No transition strips needed when coordinating Chromascope with any of our EcoFlex Matrix backed carpet tile products, reducing installation time and costs.

## QUICKSHIP

Select colors available through Mohawk Group's QuickShip and Ready to Ship programs. Visit [mohawkgroup.com](http://mohawkgroup.com) to view available colors and inventories.

## SUSTAINABLE

All commercial LVT manufactured in our Dalton, GA resilient facility utilizes our SCS Certified 100% recycled content allocation system, so no product waste ever ends up in a landfill.

## ADDITIONAL FEATURES

- 20-Year M-Force Ultra Commercial Warranty
- Floorscore Certified for Low VOCs
- May Contribute toward LEED/WELL
- No Ortho-Phthalates
- Made in the USA

Rendered reality is a concept where nothing is as it seems. Optic Hues is rendered reality actualized. This resilient tile is influenced by the idea of the Visual Age — where humankind, having become fluent in the elements of graphics, photography, design and art, has more outlets for creative self-expression.

At first glance, Optic Hues gives the illusion of being a soft surface through different filters and digital graphics. A curated selection of 12 colorways gives designers and end users an eye-catching alternative to more traditional hard surface visuals.

Mohawk Group

Optic Hues 698 Indigo, 961 Ferro, 415 Fresco

# Optic Hues

Living Local Optic Hues is a 12" X 24" resilient plank that provides a uniquely abstracted textile design with exceptional durability in a 2.5mm LVT platform. A complete performance system includes a 20mil heavy commercial wear layer and our premium M-Force Ultra finish. Combining these innovations with the sustainable operations at our Dalton, GA facility, designers and end users can be proud of and confident in their specification.

## PERFORMANCE FOR LIFE

Optic Hues features our M-Force Ultra technology providing exceptional scratch, stain and dent resistance, and easy maintenance for lasting beauty.

As perhaps the epitome of precise – yet often artistic – craftsmanship, masonry is one of civilization’s oldest trades, spanning thousands of years of innovation. Living Local: Stonework celebrates this time-honored craft for its use in functional and aesthetic purposes through natural motifs found in perfectly imperfect materials, textures and surfaces.

Offered in 14 unique colorways and visuals in 12” X 24” planks featuring concrete and stone designs that play off of the unique colors and forms stone takes across different cultures.

# Stonework

Living Local Stonework is a 2.5mm thick 12" X 24" plank LVT that provides ultimate flexibility of design with high performance. Featuring a 20mil heavy commercial wear layer, Mohawk Group's premium M-Force Ultra finish – a complete performance system for LVT, and sustainably manufactured in our Dalton, GA resilient facility, designers and end-users can be proud of and confident in their specification.

## PERFORMANCE FOR LIFE

Terrazzo today is a classic flooring material in the built environment, its prolific use in modernist design a far contrast from its more humble beginnings in Italy. In recent years, terrazzo has experienced a renaissance, taking on new shapes, forms and formats in interiors.

Living Local Terrazzo brings a playful twist to this classic material by infusing the biophilic visual with colorful accents inspired by the digital world, now available in resilient LVT planks. The natural-hued base colorations make it easy to coordinate colorways within the collection, and with other flooring materials. Integrate multi-color tiles to incorporate cues for wayfinding, social distancing and unique floorscapes.

# Terrazzo

Living Local Terrazzo is a 12" X 24" resilient plank that provides ultimate flexibility of design with high performance in a 2.5mm LVT platform. A complete performance system that includes a 20mil heavy commercial wear layer and our premium M-Force Ultra finish, coupled with the sustainable operations at our Dalton, GA facility, means that designers and end users can be proud of and confident in their specification.

## PERFORMANCE FOR LIFE

Terrazzo features our M-Force Ultra technology providing exceptional scratch, stain and dent resistance, and easy maintenance for lasting beauty.

## SEAMLESS TRANSITIONS

No transition strips needed when coordinating Terrazzo with any of our EcoFlex Matrix backed carpet tile products, reducing installation time and costs.

## QUICKSHIP

# M-Force™

COMPLETE PERFORMANCE SYSTEM FOR LVT

Staff moving equipment, students dragging chairs, employees spilling coffee—for all the life that goes on in your space, your floors will be protected with M-Force: the complete performance system that makes your floor look better longer.

## Three-Part Protection

M-Force is a combination of the finish layer, wear layer and design layer. We develop each layer individually for optimal performance, and then we bond the layers in a proprietary process that makes their performance exponentially greater together.

As a result, your floor looks better longer, with superior protection against scratches, stains, dents and wear, all while providing a crisp, clear visual and easy maintenance.

## Performance for Life.

You need a floor that beautifully supports all the life in your facility. And life doesn't stop where the industry testing standards stop. Foot traffic keeps walking, spills keep splashing, and heavy loads keep rolling. That's why we continually test M-Force floors to perform beyond the industry standards.

We work to exceed the standards, because M-Force works to ensure your floor looks better longer for everything that happens in your space. M-Force means you get performance for life.

## When Life Gets Extreme.

For more specialized or extreme areas of use, ask your Mohawk Group rep about M-Force Ultra—we engineered M-Force Ultra to provide even greater durability against scratches, dents and wear, and even higher resistance to the toughest stains.

## The M-Force Warranty

- M-Force flooring carries a limited 15-year commercial warranty.
- M-Force Ultra flooring carries a limited 20-year commercial warranty.
