

# Visual Edge

Angled Perception Hidden Dimension

Change your perspective with Visual Edge, a new take on hierarchy and structure that creates a flowing graphic pattern derived from nature. This biophilic hexagonal design comes in two plank styles that layer elements and change scale to guide you through space, similarly to a bird's eye view of the ground below. Patterns in a space can shrink or grow in scale to adjust to the changing formats of space in the built environment.

# Technology & Features

## **LIVING PRODUCT CHALLENGE**

Mohawk Group is proud to be the first manufacturer to create a Living Site, a facility dedicated to the future and bettering our planet. Located in Virginia's Shenandoah Valley this "Living Site" platform ensures that more than 300 carpet tile products manufactured in Glasgow meet the stringent requirements of the Living Product Challenge, petal certified flooring solutions by the International Living Future Institute. Visual Edge has a net positive impact for people and the environment through innovations in materials, manufacturing and community involvement.

## **COLORSTRAND® CARPET FIBER**

For over 15 years, Colorstrand fiber has continually exceeded the demanding expectations of our customers for their projects. With the design flexibility and color intensity of solution dyed fiber, Colorstrand delivers lasting beauty and value. And, Colorstrand has the added benefit of third party SCS Global Services certified 30% recycled content.

## **ECOFLEX™ MATRIX CARPET TILE BACKING**

Mohawk Group continues its dedication to sustainable solutions with EcoFlex™ Matrix, the next generation in carpet tile backing. Using advanced materials and patent pending engineering, EcoFlex Matrix lowers environmental impact without sacrificing performance. EcoFlex Matrix simplifies floor preparation and installation, greatly reduces sub-floor moisture concerns, and is easier to ship and handle.

Installation Instructions:

Mohawk Group warrants its adhesives for the life of the original installation only when a Mohawk Group style (product) is installed. Mohawk's floor preparation procedures must be followed to ensure that the substrate has been prepared properly. Failure to use Mohawk Group adhesives or to follow Mohawk's floor preparation procedures will void all lifetime adhesive warranties. Please contact your local Sales Representative for installation guidelines.

**These patterns contain inherent characteristics which may result in pattern run off and/or pattern appearance variations at the seams or tile edges (darker or lighter pattern lines). These characteristics are inherent in the patterns and are not manufacturing defects. Consideration to these characteristics should be given when selecting an installation method.**

Chair pads are recommended under office chairs with roller casters to preserve appearance retention, act as a deterrent toward delamination and to prevent premature or accelerated wear. Walk-off tiles from the Tuft Stuff II Collection are recommended at entryways to reduce soiling.
