MOHAWK WOOD LIMITED WARRANTY
This brochure contains details of all the warranties featured on our wood flooring products. However, not all warranties apply to all products. The specific warranties applicable to each individual product line are designated on the samples featured by the authorized retailer at the time of the flooring purchase.

Please keep these important papers regarding your flooring on hand for future reference:
- This brochure
- Original receipt

Retaining these documents ensures that you’ll have all the necessary paperwork handy in the unlikely event of a warranty claim. Mohawk also recommends keeping excess planks from your installation for your warranty and in case you ever need to make a repair.

If you have any questions regarding your product warranty, contact your retailer or visit Mohawkflooring.com.

All warranty information in this brochure is effective March 2022.

CARE AND MAINTENANCE
Although our floors are designed with easy care in mind, all floors require routine care and preventative maintenance for sustained beauty and performance. The recommendations in this section are provided in accordance with guidelines required to maintain the coverage of these limited warranties and will prolong the life of the installed flooring. For full details, refer to the Care and Maintenance Guide, available from the retailer or Mohawkflooring.com.

PREVENTATIVE MAINTENANCE
Exterior Mats
• Place exterior mats outside all exterior entrances.

• Exterior mats should be constructed of dual fibers: soft fibers capable of absorbing moisture and coarse fibers to remove dirt and grime from shoe soles.

• To allow time for cleaning, purchase two sets of exterior mats. Place one set at all exterior entrances to reduce the amount of dirt, grit, and moisture tracked into the home. When it’s time for cleaning, remove the soiled set and immediately replace with the fresh set.

• Cleaning mats routinely prevents them from becoming a soil source.

Interior Mats
• Place interior mats inside all exterior entrances to capture any residual dirt, grit, or moisture missed by exterior mats.

• They should be constructed of an absorbent fiber with a breathable, non-staining back.

• Remember to routinely clean both sides of interior mats so they don’t become a secondary source of soil, and also clean underneath to prevent soil and grit from becoming trapped and dulling the finish of the flooring.

• Do not use rubber mats, which may stain the floor.

Furniture
• Use non-staining felt or plastic floor protectors at least one inch in diameter under furniture.

• Chair casters should be rubber, not plastic or metal.

• Routinely clean casters to remove grit.

• Lay plywood over the floor to avoid dents and gouges and use a furniture dolly when moving heavy appliances and furniture.

Other Preventative Measures
• Keep pet nails trimmed to minimize scratches.

• Protect flooring from spiked heels, athletic shoes or shoes in need of repair.

• Routinely clean vacuum wheels, brush, and head, and periodically inspect for foreign objects.

• Close window treatments during hours of direct sunlight and minimize excessive lighting whenever possible to protect floor.

• Exercise caution when placing area rugs over floors with radiant heating. Rugs may increase flooring temperatures beyond recommended levels and void the warranty.

ROUTINE CARE
The amount of daily usage will determine how often cleaning is required.

Day to Day Cleaning
• Dust mop, sweep and/or vacuum the floor regularly to remove any particles that could scratch the floor.

• WARNING: Vacuums with beater bar or power rotary brush head should never be used on wood flooring.

• Use vacuum tools designed for hard surfaces.

• Use a microfiber mop for dust mopping. Pay close attention to mop head. Once soiled, replace with a fresh one. Launder soiled mop heads without fabric softener. Fabric softener residue may cause streaking on the floors.

Occasional Cleaning
• Never damp mop wood flooring unless covered by Wet Resistance Warranty or greater wet warranty.* If flooring product allows, occasionally damp mop with water only.

• Never wet mop wood flooring unless covered by Waterproof or WetProtect Warranty.* If flooring product allows, occasionally wet mop with water only, using a well wrung-out mop.

• If needed, use 1 cup of vinegar per gallon of water OR 1/3 cup non-sudsing ammonia per gallon of water.
• Never steam mop wood flooring unless covered by Steam Mop Warranty.*

• Flood mopping is never recommended since mop water may damage flooring and leave spots.

• Do not pour liquid directly on the floor or use an excessively wet mop.

• Do not allow liquid to puddle or leave moisture standing on the floor.

• Allow floor to dry completely before replacing interior mats.

*See Wet Warranty section for details.

Cleaning Spills
• Remove spills promptly. Do not allow topical moisture to remain on the floor.

• Immediately use an absorbent cloth to remove as much of the liquid as possible.

• Mist a clean microfiber cloth with a Mohawk recommended cleaner, if needed, and rub the area, working from the outside of the area toward the center.

• Take care to wipe the surface thoroughly.

• To reduce spotting, do not allow liquids to stand or remain on the surface of the flooring.

Spot Removal
• Immediately use a microfiber cloth and Mohawk recommended cleaner, if needed, working from the outside of the stain toward the center.

• Take care to wipe the surface thoroughly.

• Do not allow liquids to stand or remain on the surface of the flooring to reduce spotting.

Products and Tools to Avoid
• Do not use oil soaps, wax, detergents, abrasive cleaners, polishes, or other household products to clean the floor.

• Vacuums with beater bar or power rotary brush head should never be used on wood flooring.

• Never use power scrubbers to clean the floor.

PRORATION

Unless otherwise specified, these limited warranties for wood flooring are prorated, meaning the original warranty value is reduced relative to the length of ownership.

For the first three years, regardless of warranty length, the flooring is covered at full value. Beginning in the fourth year, the warranty value is decreased by a fraction based on the remaining years.

Lifetime Warranty

Proration of lifetime warranties is based on an industry standard of 33-year lifespan for wood flooring. Point in Warranty Period Coverage

**Replacement or Repairs**

At its option, Mohawk will repair or replace any defective planks during the specified warranty period.

- **Terms and proration of these warranties will be dependent on original date of purchase.**
- Upon approval of the warranty claim, Mohawk will provide owner or installer with instructions for repairs or replacement. The owner or installer must comply with Mohawk instructions within ninety (90) days after the claim is approved, or all rights under the limited warranty will be deemed waived.

- If the product design for which a claim is made is no longer available, Mohawk will replace the affected floor materials with another design of equal or greater value at Mohawk’s discretion.

- If Mohawk, in its sole discretion, determines that such repair or replacement is not reasonably achievable, Mohawk may choose to refund the purchase price of the affected flooring.

Mohawk will repair or replace the area of defective product at its option. When replacement of the flooring is made, only new planks from the current product range at the time the complaint is upheld will be supplied. If the product has been discontinued, the closest product(s) will be supplied for the repair of the defective area only. There will be no other form of compensation. Responsibility under this warranty only applies to defects that were not visible before or during the installation of the product. If the product was originally professionally installed, Mohawk will cover reasonable labor costs for any defective product.
