

Silvius

National Forest

Silvius

This engineered hardwood collection captures the essence of the natural landscapes around us and is meticulously crafted to mirror the unrivaled beauty of natural forests. Each plank tells a unique story, featuring intricate grain patterns and organic textures that evoke the serene atmosphere of a woodland landscape.

Bringing the beauty of nature indoors, Silvius National Forest elevates interior spaces with its rich, varied color palette and unique textures.

Silvius National Forest showcases an impressive spectrum of hues, complemented by a variety of cut lengths that enhance visual appeal and mirror the authenticity of natural hardwood floors. Prioritizing environmental responsibility and indoor air quality, this engineered wood collection is PVC-free and fully compliant with the Lacey Act, ensuring the use of healthy, sustainable materials.

RENEWABLE MATERIALS

Mohawk Group's Engineered Hardwood is crafted from renewable wood materials, enhancing environmental sustainability. These planet-friendly products are also recoverable at the end of their useful life, contributing to a better and healthier planet.

FLOORSCORE

Engineered hardwood floors that are FloorScore Certified ensure they meet strict indoor air quality standards, reducing harmful volatile organic compounds (VOCs) emissions. This certification provides assurance of a healthier and safer indoor environment, making it a crucial consideration for commercial spaces.

LACEY ACT COMPLIANT

Products that are compliant with the Lacey Act certify that hardwood is legally sourced, helping to prevent illegal logging and promoting sustainable forest management. This compliance not only protects global forests but also supports ethical trade practices.

TRULY AUTHENTIC VISUALS

Crafted from natural hardwood veneers, Mohawk Group's engineered hardwood combines the beauty of hardwood with our innovative engineering for enhanced performance. Each Silvius floor is a unique, custom piece of art, showcasing distinctive color variations, grain patterns, and the distinguished character of a natural masterpiece that never repeats itself.

National Forest 868 Wild Truffle Oak

Silvius National Forest COLORWAYS

Silvius National Forest Collection features a diverse palette of colorways inspired by the natural tones found in the forest. This range includes light browns that convey tranquility, moody mid-tones for added depth, and dark hues for an elevated touch. Each color option is designed to harmonize with different design aesthetics, enhancing the unique ambiance of each space.

Better for People and Planet

Our future depends on the work we do today. At Mohawk, commitment to our planet extends beyond just products and processes: it's how we challenge ourselves to do and be better every day, how we make decisions, how we reinvest in our people and our planet, and how we define what matters most as we work to deliver value for generations to come.

better for people

PVC Free
FloorScore® Certified
Lacey Act Compliant
TSCA Compliant
CARB 93120 Compliant

Mohawk Group is on a mission to provide products that contribute positively to the health of indoor spaces. Our engineered hardwood is meticulously crafted to be PVC-free and meets stringent formaldehyde emission standards. By choosing materials that are sustainably and ethically sourced, we not only prioritize your well-being but also uphold our responsibility to be better for people.

better for the planet

Beyond Carbon Neutral

PLUS an additional 5% for a net-positive impact on the climate.

Neutral Is Not Enough

With the holistic improvement of the life cycle of our flooring products – from full product transparency, to reduced water usage in manufacturing, to carbon neutrality and beyond – better is just the beginning.

Better for our world means doing more to stop and reverse climate change.

Specifications

National Forest - Engineered Hardwood (CEK08)

DESIGN

Product Type	Engineered Hardwood
Overall Thickness	0.5"
Finish	Aluminum Oxide
Colors Available	9
Width	
Beachwood Oak, Seaspray Oak	7.48"
Coastal Fog Oak, Seaglass Oak, Sailcloth Oak, Weathered Oak, Wild Truffle Oak, Timeless Oak, Roadside Oak	7.5"
Length

Please Note: The unique and unpredictable variations in natural wood offer a beauty that man-made materials cannot replicate. To fully appreciate this diversity, we recommend sampling a larger quantity of material. This ensures that end-users receive a truly representative overview of color variation and grain details.
