

# Rigid Click Care & Maintenance

## SECOND HOME COLLECTION

### I. CARING AND CLEANING

#### Preventative Maintenance

- Prevent indentations and scratches with the use of non-staining floor protectors or felt pads on the legs of chairs, appliances and all heavy furniture. Floor protectors should be at least one inch in diameter.
- Do not flood floor or subject to standing water.
- Protect your floor from tracked-in dirt by using mats at all outside entrances. Mats should have a non-rubberized backing and be marked as non-staining.
- Avoid tracking in tar or asphalt from driveways.
- Avoid high heeled shoes on your floor, as they can cause permanent indentations.
- Protect your floors against burns. Burns from cigarettes, matches or other extremely hot items can cause permanent damage.
- Avoid exposure to direct sunlight for prolonged periods, as this can cause discoloration.
- Temperature within the room must be maintained between 0F° - 140F° (-18C° - 60C°). Extreme ranges between 0F° - 45F° (7C° - 46C°) and 115F° - 140F° (46C° - 60C°) apply to unoccupied environments only.

#### Cleaning

- Sweep the floor regularly with a soft bristle broom to remove loose dirt.
- Wash the floor with non-abrasive, neutral PH floor cleaner approved for vinyl floors.
- For every day cleaning, a mop moistened with warm water will suffice. Keep pets' nails trimmed.

#### Non-Approved Cleaners

- Detergent based cleaners
- Abrasive or mop and shine products

**NOTE:** Always read the cautionary information on all cleaners prior to use.

**IMPORTANT:** Never push, pull or drag furniture, appliances, or other items across the floor. Always lift and carry furniture or heavy items.
