Company Overview

Mohawk Group offers a complete “No Worries” portfolio of flooring products and services for academic institutions and government buildings – on time and on budget. As the largest flooring manufacturer in the world, we’re here to help Omnia Partner members every step of the way with deep expertise in the challenges faced by facilities and procurement professionals with public-sector organizations.

OUR “NO WORRIES” PORTFOLIO

- Comprehensive selection of modular and broadloom carpet, LVT, HVT, resilient sheet and accessories made in the USA for fast service and delivery.
- Hundreds of popular styles & colors available through our Quick-Ship program (shipping within 10 business days or less).
- Turn-Key Project Management and Installation Services
- Products made for the ultra-demanding requirements of school buildings for reduced cost of ownership:

EcoFlex ONE, the industry’s most advanced modular carpet

- Ease of maintenance and long durability with Duracolor Tricor nylon
- Greater comfort underfoot for teachers and students
- Reduces noise and supports quieter, calmer spaces
- Mitigates high-moisture issues – no moisture testing required for installation
- Beyond Carbon Neutral, 74% minimum recycled content and NSF-140 Platinum certified.

Mohawk’s LVT (manufactured in the USA) with M-Force and M-Force Ultra provides the highest durability and long-term protection from scratches, stains, dents and wear with simple no-polish maintenance.
