

# M-Force Ultra™ for Resilient Sheet

COMPLETE PERFORMANCE SYSTEM FOR PREMIUM HOMOGENEOUS SHEET

Premium homogeneous sheet features M-Force Ultra Technology with enhanced traction. It's a no-polish, low-maintenance solution that offers category-leading scratch, stain, scuff, and slip resistance. Medella Fleck, Medella Hues, and PVC-free Medella Well provide enhanced traction for an added measure of safety where it matters most.

## Performance for Life

You need a floor that beautifully supports all the life in your facility. And life doesn't stop where the industry testing standards stop. Foot traffic keeps walking, spills keep splashing, and heavy loads keep rolling. That's why we continually test M-Force Ultra floors to perform beyond the industry standards.

We work to exceed the standards because M-Force works to ensure your floor looks better longer for everything that happens in your space. M-Force means you get performance for life.

## Worry Free Functionality

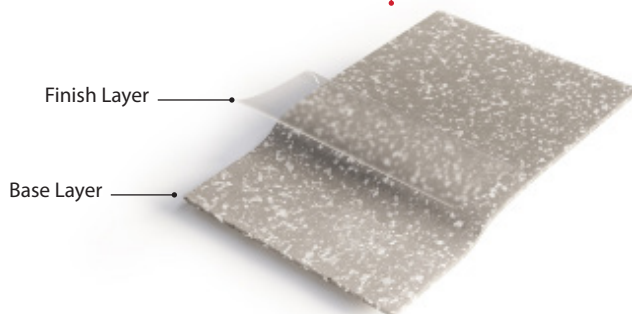

Easy-to-heat weld and flash cove for spaces demanding superior infection control. Easy maintenance and no polish required minimizes cleaning time and disruption.

## The M-Force Warranty

Resilient Sheet with M-Force Ultra carries a limited 10-year commercial warranty and a 10-year resilient underbed warranty.

## M-Force Ultra

Single layer through-pattern construction for high durability, abrasion and gouge resistance with our M-Force Ultra commercial finish to enhance scratch, scuff and stain performance.

## For Ultra Strong Protection

M-Force Ultra is a proprietary performance system that offers unmatched resilience and ultimate durability to withstand heavy foot and rolling load traffic. As a result of Mohawk Group's advanced product engineering, your floor will look better longer with superior protection to resist scuffs, scratches, soil, stains, wear, and alcohol-based hand sanitizers, all while providing a crisp, clear visual and worry-free maintenance for ease of mind.
