The perfect finish for any floor.

EASY TO USE

Protect Your Surface and Subfloor From Spills

PerimeterSeal tape seals the perimeter of a room, protecting both the flooring's surface at the perimeter and the subfloor.

- No other special tools or products needed to handle the corners.
- No silicone caulking needed at the transitions.

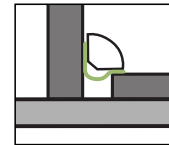

THE VALUE OF PERIMETERSEAL

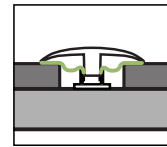

The recessed, hidden PerimeterSeal portion allows your flooring to freely expand and contract while maintaining a defensive moisture barrier.

- Seals overlaps, transitions, and more.
- Easy and quick Installation with no mess.
- Seals the perimeter for all floating floors.
- Can be used behind baseboards or quarter round.
- Protects all expansion spaces.
