#### Terms and Conditions

- This limited warranty only covers the flooring under normal residential use when Quick-Step installation and maintenance instructions are followed properly.
- This warranty only applies to inherent defects that were not visible before or during the installation of the flooring.
- Flooring planks must be checked carefully for material defects before and during installation under sufficient lighting. Installation indicates acceptance of quality.

#### Exclusions

- These limited warranties do not cover damage to the flooring that occurs during shipment or installation.
- Installation of flooring that contains any obvious or visible manufacturing defect is not covered by these limited warranties.
- Color and gloss differences resulting from material added to an existing installation at a later date or from non-warranty repairs are excluded from coverage.
- These limited warranties do not apply to flooring that has been subjected to abnormal use or conditions or abused in any way, which includes, but is not limited to, moisture damage from plumbing, storms, or flooding; damage from smoke, fire, or other casualty events; damage caused by negligence; improper alterations of the original manufactured product; damage from use of the flooring that is unreasonable considering the normal and expected uses of flooring in a residential environment; or damage of mechanical nature.

### **Wear Resistance Warranty** (All Quick-Step Products)

As a result of normal use, the protective layer will not wear through to the wood veneer or decorative layer.

#### Terms and Conditions

- Gloss change is not considered surface wear.
- In beveled-edge products, this wear resistance warranty does not include wear along the edges of the planks less than 3/16 of an inch (5 mm) from the edge.

- Refinishing the flooring voids the wear resistance warranty.
- Wear of the design layer must be readily visible, covering at least 1 square inch.
- Chair pads or mats must be used under caster chairs.

### **General Stain Warranty** (All Quick-Step Products)

The flooring system will resist damage from normal topical and household spills and domestic household pet accidents under normal use for the specified duration. The flooring will also withstand moisture from damp or wet mopping.

## Terms and Conditions

- See General Wet Warranty Terms and Conditions for additional information regarding this Waterproof Flooring System Warranty.

## WetProtect Warranty

(All NatureTEK Plus and NatureTEK Premier Products)

- Make sure to set the temperature of the steam mop to the appropriate setting for wood floors, or to the lowest setting.
- Steam mop in the length direction of the planks only.

## General Wet Warranty Terms and Conditions

Unless otherwise specified, topical spills refer to normal household substances. All spills should be removed promptly using a clean dry or damp cloth. If additional cleaning is necessary, use Quick-Step recommended products and a microfiber cloth.

- If you choose to forego perimeter sealing and damage occurs in areas of the floor unassociated with the unsealed perimeter, the damage will remain fully covered by the wet warranties.

- The flooring is not designed to withstand damage from moisture that originates from outside the room where it was installed.
- Consequential damages, including any medical issues related to mold or mildew growth, are not covered by this warranty.
- For residential warranty claims involving subfloor damage, the manufacturer will cover reasonable labor costs to clean visible mold and mildew growth using industry standard methods.

## CARE AND MAINTENANCE

Although our floors are designed with easy care in mind, all floors require routine care and preventative maintenance for sustained beauty and performance. The recommendations in this section are provided in accordance with guidelines required to maintain the coverage of these limited warranties and will prolong the life of the installed flooring.

### Preventative Maintenance

#### Exterior Mats

- Place exterior mats outside all exterior entrances.
- Exterior mats should be constructed of dual fibers: soft fibers capable of absorbing moisture and coarse fibers to remove dirt and grime from shoe soles.
- To allow time for cleaning, purchase two sets of exterior mats. Place one set at all exterior entrances to reduce the amount of dirt, grit, and moisture tracked into the home. When it's time for cleaning, remove the soiled set and immediately replace with the fresh set.
- Cleaning mats routinely prevents them from becoming a soil source.

#### Interior Mats

- Place interior mats inside all exterior entrances to capture any residual dirt, grit, or moisture missed by exterior mats.
- These mats should be constructed of an absorbent fiber with a breathable, nonstaining back.
- Remember to routinely clean both sides of interior mats so they don't become a secondary source of soil, and also clean underneath to prevent soil and grit from becoming trapped and dulling the finish of the flooring.
- Do not use rubber mats, which may stain the floor or trap moisture underneath the mat.

#### Furniture

- Use nonstaining felt or plastic floor protectors at least 1 inch in diameter under furniture and covering the part resting on the flooring.
- Chair casters should be rubber, not plastic or metal. Chair pads should be used under furnishings and equipment with casters.
- Routinely clean casters to remove grit.
- Lay plywood over the floor to avoid dents and gouges and use a furniture dolly when moving heavy appliances and furniture.

#### Wheelchair/Rolling Static Load

- Quick-Step wood products warranties do not exclude or limit residential wheelchair use.
- The combined weight of chair and occupant should be less than 1,000 pounds.
- You may occasionally get black marks on the flooring from the rubber wheels, but these marks are easily removed using acetone (fingernail polish remover).

#### Other Preventative Measures

- Keep pet nails trimmed to minimize scratches.
- Protect flooring from spiked heels, athletic shoes, or shoes in need of repair.
- Routinely clean vacuum parts and periodically inspect for foreign objects.
- Close window treatments during hours of direct sunlight and minimize excessive lighting whenever possible to protect floor.
- Exercise caution when placing area rugs over floors with radiant heating. Rugs may increase flooring temperatures beyond recommended levels and void the warranty.

## Routine Care

The amount of daily usage will determine how often cleaning is required.

### Day-to-Day Cleaning

- Dust mop, sweep, and/or vacuum the floor regularly to remove any particles that could scratch the floor.
- **WARNING:** Vacuums with a beater bar or power rotary brush head should never be used on wood products.
- Use vacuum tools designed for hard surfaces.
- Use a microfiber mop for dust mopping. Pay close attention to mop head. Once soiled, replace with a fresh one. Launder soiled mop heads without fabric softener. Fabric softener residue may cause streaking on the floors.

### Occasional Cleaning

- Never damp mop wood products unless they are covered by a Wet Resistance Warranty or greater wet warranty.\* If flooring product allows, occasionally damp mop with water only.
- Never wet mop wood products unless covered by a Waterproof or WetProtect Warranty.\* If flooring product allows, occasionally wet mop with water only, using a well-wrung-out mop.
- If needed, use 1 cup of vinegar per gallon of water OR 1/3 cup non-sudsing ammonia per gallon of water.
- Never steam mop wood products unless they are covered by a Steam Mop Warranty.\*
- Flood mopping is never recommended since mop water may damage flooring and leave spots.
- Do not pour liquid directly on the floor or use an excessively wet mop.
- Do not allow liquid to puddle or leave moisture standing on the floor.
- Allow floor to dry completely before replacing interior mats.

\*See Wet Warranties section for details.

### Cleaning Spills

- Remove spills promptly. Do not allow topical moisture to remain on the floor.
- Immediately use an absorbent cloth to remove as much of the liquid as possible.
- Mist a clean microfiber cloth with a Quick-Step-recommended cleaner, if needed, and rub the area,

working from the outside of the area toward the center.

- Take care to wipe the surface thoroughly.
- To reduce spotting, do not allow liquids to stand or remain on the surface of the flooring.

### Spot Removal

- Immediately use a microfiber cloth and a Quick-Step-recommended cleaner, if needed, working from the outside of the stain toward the center.
- Take care to wipe the surface thoroughly.
- To reduce spotting, do not allow liquids to stand or remain on the surface of the flooring.

### Products and Tools To Avoid

- Do not use oil soaps, wax, detergents, abrasive cleaners, polishes, surfactants, or other household products to clean the floor.
- Vacuums with a beater bar or power rotary brush head should never be used on wood flooring.
- Never use power scrubbers to clean the floor.

PRORATION

Unless otherwise specified, these limited warranties for wood products are prorated, meaning the original warranty value is reduced relative to the length of ownership.

For the first three years, regardless of warranty length, the flooring is covered at full value. Beginning in the fourth year, the warranty value is decreased by a fraction based on the remaining years. See examples below.

To qualify for repair or replacement, the buyer or installer must provide the original dated sales receipt or other documentation to demonstrate proof of purchase. The following terms and conditions will apply.

Visual Defects

- For visible defects on uninstalled planks, the owner or retailer has up to 30 days to file a claim.

For all other defects not visible at the time of installation, claims may be made at any time during the stated duration of the warranty.

Replacement or Repairs

For all other defects not visible at the time of installation, claims may be made at any time during the stated duration of the warranty.

- Terms and proration of these warranties will be dependent on original date of purchase.
- Upon approval of the warranty claim, the manufacturer will provide the owner or installer with instructions for repairs or replacement. The owner or installer must comply with the manufacturer instructions within ninety (90) days after the claim is approved, or all rights under the limited warranty will be deemed waived.

- If the product design for which a claim is made is no longer available, the manufacturer will replace the affected floor materials with another design of equal or greater value at the manufacturer's discretion.
- If the manufacturer, in its sole discretion, determines that such repair or replacement is not reasonably achievable, the manufacturer may choose to refund the purchase price of the affected flooring.
- At its option, the manufacturer will cover reasonable labor costs for replacement of repairs if the original product was professionally installed.
- The above remedies are the sole and exclusive remedies for claims on all products. There will be no other form of compensation.
- These limited warranties offer specific legal rights, which may vary from state to state.
- Responsibility under this warranty only applies to defects that were not visible before or during the installation of the product. If the product was originally professionally installed, the manufacturer will cover reasonable labor costs for any defective product.

NO WARRANTIES — EXPRESS, IMPLIED, STATUTORY, OR OTHERWISE — EXTEND BEYOND THOSE EXPRESSLY SET FORTH IN THIS WARRANTY BROCHURE, AND ALL SUCH WARRANTIES ARE EXPRESSLY DISCLAIMED. Implied warranties are ones that the law presumes to have been given by the seller even though they are not set out in writing.

PLEASE NOTE: Some states do not allow the exclusion or limitation of incidental or consequential damages, or limitations on how long an implied warranty lasts, so the above limitation or exclusion may not apply to you.

THE MANUFACTURER SHALL NOT BE LIABLE FOR AND WILL NOT PAY CONSEQUENTIAL, INCIDENTAL, OR SPECIAL DAMAGES OF ANY KIND WHATSOEVER UNDER THIS WARRANTY. Some states do not permit exclusion or limitation of incidental or consequential damages, so the exclusion or limitation may not apply to you.
