K·Cycle™

K-Cup® Pod
Recycling Program

*The K-Cycle™ program offers businesses
a simple way to recycle and compost
brewed Keurig® K-Cup® pods.*

YOU RETURN. WE RECYCLE AND COMPOST. EVERYONE WINS.

1. ASSEMBLE FIRST BIN

Remove one bin from the pack of five and assemble by folding each numbered flap sequentially.

2. ASSEMBLE AND COLLECT K-CUP PODS

Place brewed K-Cup® pods into the top of the bin until full. Once box is full, seal the inside liner with the included zip-tie.

3. PREPARE SHIPMENT

Tape the bin closed with a piece of packing tape. Once the bin is ready for shipment, call UPS for pick-up or place in UPS pick-up area of your building. Ship back immediately to ensure proper restocking of bins to your location.

A new pack of five (5) bins will be sent AUTOMATICALLY for replenishment once three (3) boxes are shipped back via UPS.
