

-Introducing-
Touchless Brewing
with the **Remote Brew app**
for Bean-To-Cup Coffee Makers

 Enjoy your favorite coffee or specialty beverage with **NEW touch-free technology from Keurig®!** Freshly ground beans, brewed and delivered from the convenience of your phone.

 Through a simple to install Bluetooth® kit, your Bean-To-Cup Coffee Maker can connect to the Remote Brew app. See details on the next page to order your install kit today!

Always delicious, and now completely touch-free!

How it Works:*

Step 1

Scan the QR code on the machine to download the app. Then, simply follow steps 2-4 to enable touchless brewing for all future brews!

Step 2

Open the Remote Brew app, scan the QR code

Step 3

Select your beverage

Step 4

Customize your selection, then press BREW!

* Bluetooth® capability must be enabled on your phone for Remote Brew to work

Touchless brewing can be enabled by equipping your Bean-To-Cup Coffee Maker with Bluetooth® capabilities. A compact kit provides everything you need to install in as little as 20 minutes - with no ongoing connectivity fees!
